

## ROTARIANS TOLD OF SCHOOL PLAN

Newer Methods of Education Subject of Address By Dr. Shelton Phelps

Dr. Shelton Phelps, directing the educational survey being made of the city and county school system, highlighted the Rotarians at their weekly luncheon yesterday afternoon with an address in which he forcefully told of the changed ideas of educating the child and operating the schools. "To see that all children get the proper amount of schooling is your duty to the other fellow and is just what organizations of this character must do for a community," the speaker declared.

Four changed concepts of education were told of by Dr. Phelps. They were: institution of compulsory school attendance which takes the form of education from the individual to the group basis; establishment of playgrounds in all of the schools, a feature that has been sadly deficient up to recently; the demand for teachers trained in subject matters and who also have a technical education, and finally the extreme necessity of laying foundations for the future which we are now providing new school facilities.

Rotarian George Honnet requested that Z. W. Whitehead, editor of the Carolina Truckers' Journal, be invited to attend a meeting of the club that he might tell the members of a proposed strawberry show for Wilmington next spring. President Polvogt assured him that the executive committee would look into the matter at once.

President Polvogt announced that the regular Rotary meeting next week would be in form of an oyster roast to be held at Whiskey Creek. The trip will be made in automobiles and all Rotarians were told to gather at the city hall Tuesday at 12:45 o'clock. The Rotarians will carry their wives and lady friends.

After it had been suggested that an outing be given at some future date for the benefit of the boys who are members of the club conducted at the Y. M. C. A. by the Rotarians, it was announced that plans were now being made for a dinner for the youngsters at which will be present Rogers Davis, Rotary international chairman of boys' work.

John R. Murchison, Elvie White and Frank M. Ross were named a committee to co-operate with those behind the movement being made to secure half-fares on street cars for school children.

# Going home to turkey and trimmin's

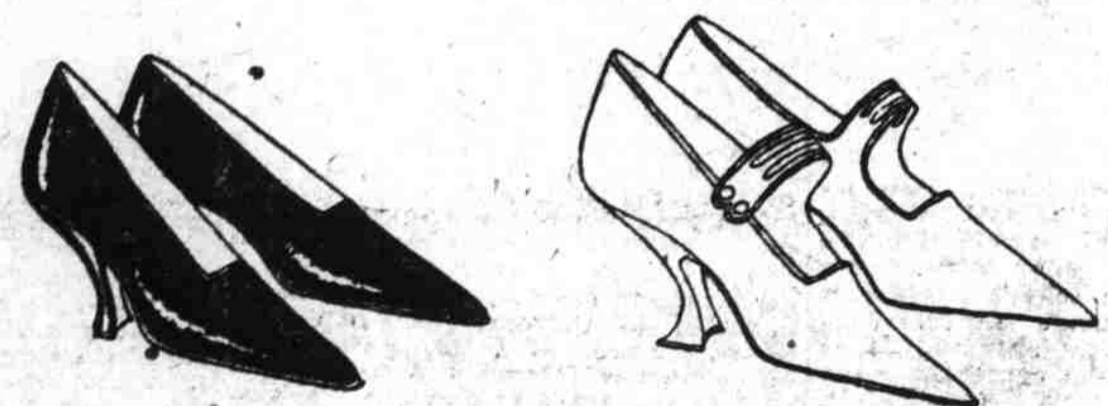

THANKSGIVING DAY last year.  
I ATE my chow,  
ALONE in the big town.  
AND THE TURKEY was all  
NEATLY VARNISHED and had  
NICE LITTLE paper pants.  
ON BOTH its legs.  
AND TASTED strongly.  
LIKE NOTHING at all,  
BUT THIS year,  
MAN ALIVE, I'm going home.  
AND THERE will be  
A COUNTRY turkey.  
DONE TO a turn.  
BROWN AND savory.  
CRISP AND flaky.  
SENDING UP little clouds  
OF TANTALIZING steam.  
MAKING NOSTRILS wrinkle.  
AND PALATES quiver.  
OH BOY, real turkey,  
AND THEN afterwards,  
ABLE to breathe,  
BUT NOT to bend.  
I'LL REACH for a smoke.  
THAT'S THE real turkey, too.  
COSTLY AROMATIC Turkish.  
BLENDED WITH the best  
OF MELLOW Domestic leaf.  
AND ONCE again—oh boy,  
CAN'T YOU just hear me,  
INFORMING THE world,  
"THEY SATISFY."

IT'S real Turkish tobacco that goes into Chesterfields—really grown in Turkey and bought on the ground by our own buyers. To blend it with best Domestic, in the exclusive Chesterfield way—leave that to us! "They Satisfy?" We'll leave that to you.
