

TWO KINDS OF TARIFF TO BE THRESHED OVER

Two Committees to Hold Hearings on Emergency and Permanent Tariff

WASHINGTON, Jan. 5.—The way was cleared tonight for the unusual situation tomorrow of two congressional committees, one from each body, holding hearings on two kinds of tariff, emergency and permanent. The senate finance committee will take up the Fordney emergency tariff bill designed as a relief measure for farmers. The house ways and means committee will start progress on revision of the permanent tariff.

Chairman Fordney of the ways and means committee announced today he proposed to begin tomorrow with schedule A (chemicals, paints and oils) of the Underwood tariff act and hold hearings continuously until the whole list was worked over. He also announced his intention to have a tariff bill ready for introduction in the next session which President-elect Harding is expected to call within a month after his inauguration.

The senate finance committee will take tests on the Fordney emergency measure for six days, starting tomorrow. Chairman Penrose said his committee would exclude other matters until the bill was ready to report.

Representatives of wool interests will be first heard on the emergency tariff. They will speak for both producing and manufacturing phases of the industry. More than a score of other organizations and persons are seeking to testify, including oil and chemical producers, livestock growers, foreign trade associations, exporters and textile manufacturers. The committee has decided also to call members of the United States tariff commission.

T. N. CAMBELL DEAD

One of Lee County's Best Citizens (Special to The Star)
SANFORD, Jan. 5.—Thomas Neal Campbell, 87 years and six months old, died at his home in Jonesboro at 2 o'clock Tuesday afternoon of an illness of many months. His funeral services were held in the Jonesboro Methodist church this afternoon in the presence of a large concourse of friends and relatives, his pastor, Rev. T. R. Ross conducting the services.

The deceased was one of Lee county's best and most popular citizens. Since the formation of the county 13 years ago, Mr. Campbell had been clerk of the superior court until a few days ago he offered his resignation on account of continued ill health. He has been in the past year or more he has been unable to attend to business.

He was a faithful and consistent member of the Methodist church, a member of the Masonic lodge, and a member of the Odd Fellows and Junior order.

Besides his wife, two daughters, Miss Tannie Campbell and Mrs. Ernest Watson of Jonesboro and four sons, Paul Campbell of Sanford, Hasty Reddin and Harold Campbell, of Jonesboro, survive him. One brother, W. A. Campbell, of this place, and a sister, Mrs. George Wallace, of Deputy, Ind., also survive him.

CUMBERLAND OFFICERS ARE EXONERATED BY AUDITORS

(Special to The Star)
FAYETTEVILLE, Jan. 5.—It cost Cumberland county \$5,600 to find out that its county treasurer made a mistake of 38 cents in four years. Also to learn that the county clerk had been short of the court \$218.80 and the sheriff \$234.94. These are outstanding facts revealed by the audit of the county's officers' books under act of the special session of the legislature. The report is a very exhaustive one and covers a period of four years.

The total liabilities of the county are shown to be \$916,560.11, with funds surplus of \$563,048. The total assets are \$1,479,607.23.

The auditors declared at the conclusion of the work that Cumberland's books are as good as any set at county seats in this state, and the best.

The result of the audit is a thorough and complete vindication of the county officers so much criticized during the agitation for the audit, which culminated in a fight in the legislature and the passage of a compromise measure providing for the auditing of the books by a firm of bonded auditors. The audit was completed in three months at a cost of \$5,600.

POLICE GET TWO MEN AND FORTY GALLONS

George Wood and T. J. McInerney, young white men of this city, were arrested yesterday morning at 5:45 o'clock on the Scott's Hill road, and about 40 gallons of corn whiskey, alleged to have been owned by the two men, was also captured. Officers Leon George and J. S. Lawson effected the arrests.

The whiskey is reported to have been found by the officers, who were awaiting the arrival of the alleged bootleggers, and was in a Packard automobile driven by a negro chauffeur. Wood and McInerney, it is reported, were apprehended at a King-eight several hundred yards from the Packard.

The negro chauffeur is alleged to have stated that the whiskey did not belong to him, but that it was the property of Wood and McInerney. The King-eight was confiscated by the police.

The case was continued until tomorrow morning.

SMALL'S SUCCESSOR LOOKING FOR HOUSE IN WASHINGTON
(Special to The Star)
WASHINGTON, Jan. 5.—Representative-elect Ward of the first district was here today, looking for a place to stay after March 4. He will take a keen interest in the improvement of waterways and in an eastern North Carolina. Representative Small, whom he succeeds, showed him around and introduced him to members of the house.

EUROPE IS LITERALLY MOVING TO THIS LAND

Immigration Official Wants Inspection of Immigrants Made Before Sailing

WASHINGTON, Jan. 5.—Testimony by Commissioner Wallis of the Ellis Island immigration station, that Europe was literally moving to the United States and that a "flood of aliens was imminent," still left members of the senate immigration committee doubtful tonight as to action upon the Johnson bill prohibiting immigration for one year. Several members frankly expressed doubt whether any measures to stop or restrict immigration would be enacted at this session of congress.

The committee obviously was impressed with Commissioner Wallis' statements as to the need for inspection of aliens before leaving Europe and for more rigid examination after their arrival at American ports. The commissioner recommended that facilities be established overseas for such inspections, and declared 90 per cent of the immigrants arriving under the existing system would be denied permission to sail if they were examined at the ports of embarkation by American officials. A proper system of examination in Europe and upon arrival Mr. Wallis said, would prevent an imminent flood of these, diseased in body and mind.

"Fortunately," he added, "the steamships of the world can bring only 1,300,000 a year to the United States. It is the limited transportation facilities and increased expense that we will get the best protection."

The commissioner declared reports of the public health service indicated that eastern Europe today "is in the grip of four epidemics—typhus, typhoid, dysentery and tuberculosis." The war has undermined the health of those countries and their emigrants are "dangerous to the public health of the United States," he added.

Chairman C. D. Whiting of the committee asked whether it would be "harmful" if congress postponed changing present laws for six months.

"It would not be more harmful than at present," Mr. Wallis replied. "But I would prefer a definite measure giving us more inspectors, living quarters and increased facilities overseas."

School Survey Report to Be Made Tomorrow

Letters Sent Out By Major Graham Urge Large Attendance at Meeting

The public meeting at the courthouse tomorrow night at 8 o'clock, for the purpose of hearing Dr. Shelton Phelps' report on the findings of his survey of the county school system, will be largely attended, it is believed for the reason that his report will be of vital interest to everybody in the community.

Dr. Phelps, who recently surveyed the school system of New Hanover county, has completed his report, and he will address the meeting on the "Findings and Recommendations of the Survey Commission."

Maj. W. A. Graham, superintendent of public instruction, announced yesterday afternoon that letters have been sent to all the rural school teachers and committeemen, urging them to be present at the meeting. He said that it was highly desirable that the public attend this meeting.

Considerable publicity has been given the meeting through the public schools of the county, and the public is urged to attend the meeting.

Italian Dies From Mercury Poisoning

Coroner Holden Holds That Poison Was Taken With Suicidal Intent

Augustino Olivero died at the James Walker Memorial hospital yesterday afternoon as a result of having taken a number of bicarbonate of mercury tablets in his room at 119 Chestnut street Monday. Coroner A. S. Holden, after making a post mortem investigation of the case declares that there is every indication that the man committed suicide because he had been unable to find work during the few days he was in Wilmington.

Immediately after the death of the Italian yesterday afternoon Coroner Holden was called. Upon investigation it was found that following the purchase of the bottle of poison tablets Olivero repaired to his room at the home of Mrs. F. H. Spier and took 12 of them. Each tablet contained about seven grains of mercury and three grains of citric acid. One tablet is declared to have been enough to kill the man.

A telegram was sent to the dead man's relatives in Oakland, Calif., requesting what disposition should be made of the body. If a reply is not received by 12 o'clock tomorrow the remains will be turned over to the county for burial. They are now in the morgue of W. E. Yopp, undertaker.

Among Olivero's effects Coroner Holden found the record of his military service in the Italian army. According to this he was 36 years of age, having been born in northern Italy, in 1884. While in the Italian army he was a member of company 13 A, second regiment, Alpi division.

There was also found a United States selective service card in his effects. This showed that he registered at St. Louis on September 17, 1918. Among his effects there was an all stock certificate showing that he had purchased \$100 worth of stock in the National Producing and Refining company, of Fort Worth, Texas.

ARRANGE BANQUET FOR CONFEDERATE VETERAN Will Hold Lee-Jackson Celebration January 19

Arrangements have been nearly completed by the members of Cape Fear chapter, United Daughters of the Confederacy, for the banquet to be tendered the Confederate veterans of New Hanover county on Lee and Jackson's birthday to be celebrated January 19.

LOOK!

Your meat dealers in Wilmington say that there is no market here for meats that can be priced like these.

If YOU want these prices on meats, tell your dealer that you EXPECT him to handle such meats.

Why should he sell for these prices if you stand for his higher prices?

FANS WATCH TONIGHT'S BATTLE WITH INTEREST

Ellis and Turner Have Arrived for Match

Joe Turner, the master trickster, and Kid Ellis, regarded by many who refused to admit his ability as the victor, are both here. Tonight they clash on the Academy mat for the first time in their lives.

Opinion is varied concerning the outcome of the match. There are those who cannot see how Ellis will be able to combat the crafty and scientific attack of the old master and there are others who cannot see how Turner expects to withstand the crushing attack of the younger and stronger man.

Home-made Remedy Stops Coughs Quickly

The best cough medicine ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

CARDINAL IS DOING NICELY

BALTIMORE, Jan. 5.—Cardinal Gibbons continued to improve today and passed another restful day, according to his secretary, the Rev. Albert E. Smith. Visitors are not yet allowed to see him.
