CUT TOBACCO ACREAGE TO ONE-HALF OF 1920

Lenoir County Business Men and Farmers Issue Strong Appeal for Reduction

(Special to The Star) KINSTON, Jan. 6.—The Kinston chamber of commerce, tobacco board of trade, merchants' association and bankers today started broadcasting 10,000 copies of a resolution declaring that: "Whereas, The normal supply of bright tobacco is approximately 300,000,000 pounds annually, and whereas, It is evident that there will be carried over from the 1920 crop fully 300,000,000 pounds, enough to supply the needs of the world if not a single pound is raised in 1921, and whereas, the interests of the warehousemen, merchants, bankers, farmers and other business men in eastern North Carolina are identical in respect to the amount of tobacco to be planted, and the fact that in our possession that we may be saved from bankruptcy which may follow even the planting of even half an acre of tobacco in 1921; therefore, we...

the negro over whom the Coocoo race clash occurred November 2 was not a qualified voter. Representative Sears, also of Florida, entered a general denial of the accusations against his state, declaring there was no discrimination in Florida against the negro. Confidence is expressed here that if direct discussion eliminated from the covenant all that is objectionable to the United States, the president-elect would not insist upon the abandonment of the organization already at work which is held to be bound up with so many important European interests.

SCORES NEGRO SOCIETY IN SPEECH IN CONGRESS

Representative Clark of Florida Denounces It As "Meddling" WASHINGTON, Jan. 6.—The National Association for the Advancement of Colored People was denounced by Representative Clark, Democrat, of Florida, today as being a "meddling" organization, fussing persons working in the ignorant persons of the south. Clark made charges, before the house census committee that negroes were prevented from voting in Florida were described by Mr. Clark as "a bunch of ignorant negroes who are feasting and fattening on the honest negroes of the south." Representatives of the society who made similar charges, "have never done a thing that has not injured the negro of the south," the Florida representative said, "and their actions have made for racial clashes. They seek only to keep themselves in good favor and are not really interested in the welfare of the negro."

Just pleasant little pink pills at druggists for 30c.—(Adv.)

SOCIALISTS ARE AGAIN MENACED BY EXPULSION

New York Assembly Is Asked to Oust Three of Its Members

ALBANY, N. Y., Jan. 6.—For the third time within a year, the state assembly today was asked to expel the entire Socialist representation, which this year includes three members. Four resolutions, demanding that the seats of Charles Solomon and Henry Jaeger, members from Kings, and Samuel Orr, of the Bronx, be declared vacant, were offered by Republican members. Unlike the first ouster proceedings a year ago, the Socialists are permitted to retain their seats, temporarily at least. By unanimous vote, the assembly referred the resolutions to the judiciary committee to be appointed next week by the new speaker of the assembly, H. Edmund Machold, of Jefferson.

LEAGUE MAY SEND MAN TO PRESIDENT HARDING

To Discard League Would Complicate Whole Peace Treaty PARIS, Jan. 6.—Individual members of the council of the League of Nations have been talking informally among themselves on the advisability of sending a special intermediary or envoy to Mr. Harding immediately after his inauguration as president of the United States, to present the case of the League of Nations and to urge upon him the difficulties which European countries would experience in abandoning the present league, and setting up a new form of association of nations. The principal grounds for this contention are that the league covenant is a part of the peace treaty which gives the league administration over the Saar valley, the Danzig region, and a number of mandates and plebiscites. The view is held among members of the French ministry that the solidity of the treaty itself would be shaken if a new form of association of nations. This has led to a growing conviction among the principal allied powers that the league should be kept going in the present form, and not necessarily as now constituted. The advisability of revision of the covenant being quite generally recognized, it is considered here

PIRATE TREASURE HAS LURED ANOTHER CROWD

Searching Off Florida Coast for Galleon Full of Doubloons

MIAMI, Fla., Jan. 6.—Another search for treasure-trove, a sunken Spanish galleon laden with stolen doubloons has begun on the Atlantic coast of Florida, between Deerfield and Boca Raton. Romance has lured this time a group of adventurous men of Deerfield and thereabouts to dig in the ocean's bottom for the buccaners' pirate ship which tradition says hauled too close to the treacherous shores when pursued. A syndicate formed for the search has begun operations where the galleon is supposed to have sunk in the sands. This is only one of the many such adventures of the south Florida coast which in the old days before the advent of lighthouses was the scene of many wrecks. Treasure seekers have brought up a few ancient hulls which had been deeply buried in sand, some dating back five or six centuries. But so far no ship thus recovered has yielded anything except ancient wood. One prospector is said to have spent two fortunes near Stuart before quitting the romantic game. Fulford, 11 miles north of Miami, has been the scene of many searches. Tradition has it that a pirate ship escaped pursuers by sailing up a creek near Fulford where the crew celebrated by getting drunk. Seminole Indians boarded the vessel and massacred the crew except one, the story runs, and the escaped pirate succeeded in rescuing the ship's treasure chest filled with gold which he buried nearby, making a diagram of the spot. Unable to return, the pirate is said to have given the diagram to a friend. This has been used by several searching parties, equipped with every kind of gold finder, but they have failed to locate the treasure. A native living nearby says the spot is haunted and that even now the ghosts of the pirates howl and groan when anyone nears it. He says no one is ever going to get the treasure as the ghosts "carry on something terrible when you get close to it and there's no telling what they would do if they got their hands on it. Anything might happen in that terrible place."
