

The Best Support in the World For a RUPTURE Is The Human Hand

The WORST Support Ever Devised, Is a Hard, Unyielding Knob, or Pad, Pressed Into the Rupture by a Steel Spring—Thereby Preventing Nature From EVER Having a Chance to Bring About a Healing of the Parts.

The Brooks Appliance most closely resembles the human hand as a rupture support. You will notice the first moment you put on a Brooks Appliance, the pliable, flesh-like touch of the velvet-finished rubber and it will take only this first experience of comfort and security to make you decide—"This is what I want."

For the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful makeshift trusses that do not cure.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure—after you read this page is your own fault.

For many years we have been telling you that no makeshift truss will ever help you. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now, we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance on trial. If you really want to be rid of your rupture fill out the coupon below and mail it today.

Instead of wearing a steel spring or inflexible harness, try the velvet-soft Brooks Appliance.

Instead of the old, hard or stuffed pad, use the soft, automatic rubber air-cushion of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it HOLDS always.

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss.

The Brooks Appliance Has Freed Thousands of Men, Women and Children From Rupture—Without Pain, Operation, or Loss of Time.
