ESCAPE FLORENCE JAIL

White Man and Three Negroes Saw Their Way to Liberty
(Special to The Star)

FLORENCE, Jan. 11.—Search was continued today for Fred Lawson, a white man held for trial here on the charge of burglary, who last night sawed away the bars of his cell and the window of the Florence county jail and made his getaway, three negro prisoners going with him.

Officials in counties in this state and North Carolina have been asked to watch out particularly for Lawson. Lawson is about 27 years old. He was arrested in Charleston a month ago for breaking into several stores at Poston and stealing a lot of clothing. It was while he was attempting to dispose of his loot that officers in Charleston secured him. After he was brought to jail here it was learned that he had been convicted of manslaughter in a North Carolina court and sentenced to 10 years' service. After two years he was granted a parole by the governor to endure during good behavior. This parole was, of course, revoked as soon as the North Carolina authorities were advised as to his activities at Poston. Lawson was to have been returned to North Carolina after the courts here had finished with him and was to complete his 10-year sentence. He is described as being about five feet seven inches high, weighs about 200 pounds and has very light sandy hair. Local officials believe that Lawson cannot remain at liberty long and are certain of his early capture. They have reason to believe that he will make an effort to reach his old North Carolina home.

Deputy Sheriff Black discovered the escape of Lawson and the three negroes when he went to throw the lock on the steel cage last night. The negroes are James Brown, held for trial for statutory rape; Willie Graydon, accused of the murder of Willie Bryboy; and Ed McBride, held for trial for larceny.

YEAR'S WORK OF 'Y' IS TOLD IN REPORTS

Activities Are Reviewed at Enthusiastic Meeting of Association Members

One of the most interesting and profitable members' meetings in the history of the association was held last night at the Young Men's Christian association when a large number gathered in the boys' lobby to hear of the work during the past year, as well as the plans for the future in all its departments.

After all had joined in singing "America" and were led in prayer by Rev. G. W. McClanahan, J. F. Roache, president of the board of directors, told of the work of that body, and also mentioned the efficient work being done by the members of the executive staff of the association. He also took this occasion to thank the ministers of the city for their splendid co-operation during the past in helping to make the work a success. Speaking in behalf of the membership at large, J. P. Orr responded with very pleasing remarks, in which he voiced their hearty appreciation of all that was being done by everyone connected with the association.

Two very enjoyable and much appreciated features of the evening were the reports of the work done by the members of the Y. M. C. A. during the past year, and the address by Edmond Alexander, who has recently located in our city.

Reports were then heard from the different work departments. Speaking in every department of the work great progress was shown over previous years. Special mention was made of the very efficient work being done by the Y. M. C. A. in the Y. M. C. A. committee, these men giving some portion of each day to enlisting and interesting men in the association work. The total membership in numbers now stands at 1,307, of which are boys. Rev. J. A. Sullivan laid special stress on the far-reaching religious program of the association, making special mention of the work being done by the Yoke-fellows band; also the great number of personal interviews held on religious and kindred subjects by the secretaries, D. H. Hines, reporting for the work of the city boys' department, emphasized the great work being done in the churches through training classes under the direction of the city boys' work secretary, Mr. H. A. Ware.

Speaking of the need for a better relationship between parents and child by a better understanding of the problems with which they have to deal, Mr. Ware spoke of the Y. M. C. A. division, Aubrey Kelly, speaking of the work of the H-Y club, and Delavo Love, who told of the crusader's work, were introduced, and greatly pleased their hearers with short, spicy reports of this work.

In the absence of the chairman of the building boys' work committee, Lawrence Schuster read a very interesting report from this department of the work. L. J. Poisson told of the real benefit derived from the physical work in helping to make real men out of all who participate, this fitting them to be better able to cope with the temptations of life in every form.

A special feature of the evening was a very inspiring talk of Bishop T. C. Dierker, who spoke of "The Problem of the Young Man," in which he admonished the older men to be always willing to help the younger men in gaining the hilltop, and encouraging them to be of service to their comrades and to the community at large. He appealed to all present that the dominating thing in their lives should be to make life count in leading others to the Christ; not to live a self-centered life, but to throw themselves into the work of the world in doing their part to help make other men. He closed his talk with the story of an English regiment who found their colors in the thick of the battle, by putting themselves into the very heart of the fight, thus being of real service to their comrades. "God is saving all men today," "Your colors are on yonder hill of service." Shall any man do less than plant his colors there?

Following this delightful refreshment hour, the Y. M. C. A. division, under the direction of Miss Bernhardt and Mrs. J. H. Huntington.

L. L. JENKINS IS NOT YET SATISFIED IN THE TENT
(Special to The Star)
ASHEVILLE, Jan. 11.—L. L. Jenkins, defeated candidate for congress during the last election, who has just purchased a \$100,000 home in Washington, where he will keep "open house" during the Harding administration, is back in the city.

While he has not made a formal announcement, it is generally understood that Mr. Jenkins will be a candidate for congress in 1922. He has indicated to capture the much coveted prize on that trip.

He has not denied the statement, credited to his friends, and it is generally believed here, that he has the fact that he wants to run next time he would have pushed his plan for a contest of the seat won by Congressman Weaver last fall.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. If we have backache and dull misery in the loins, frequent urination, headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the soft and grape and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—(Adv.)

OPERATING CONDITIONS ON ROADS ARE CHANGED

Railroad Managers Therefore Ask Modification of Agreements With Labor

CHICAGO, Jan. 11.—Change in operating conditions from those which prevailed during government operation of the railroads was ascribed today as one of the reasons the railroads are asking the railroad labor board for modification of the national agreements with the railway labor unions.

The reason was assigned by John G. Walber, member of the railroad managers' committee, who said the rail representatives present when the agreements were negotiated were chosen as subordinates of the regional directors and were not entirely free to negotiate as though they represented under private control.

Continuation of the railroad presentation occupied the entire day today, with a few interruptions. E. T. Whiter, chairman of the managers' committee, read the detailed objections of the roads to the agreements, illustrating with numerous examples of alleged injustice in their operation.

Objection was made to the rule regarding employees sent out on the road for emergency service, and an example was cited in which it was declared the punitive payment was \$62.34 for four months control.

The rule covering payments for men necessary to fill vacancies at outlying points was opposed by Mr. Whiter. "There is no good reason why the employer should send a man from a home point to fill a vacancy and pay traveling expenses, etc., if the employer can get the work done by temporarily employing a man at the local point," Mr. Whiter said.

The seniority rule under which vacancies are filled also came under fire of the railroad argument. Inefficiency and loss of output due to placing incapable men into jobs they could not handle resulted from this rule, according to Mr. Whiter. He said the matter of filling positions requiring special training and knowledge should be left to the foreman and not to the unions.

Mr. Whiter will continue his presentation of the railroad's objections to the rules tomorrow.

TOW SACK FULL OF MONEY MADE THEIR EYES BULGE

(Special to The Star)

WILSON, Jan. 11.—The eyes of Wilsonians, especially those who have pessimistically pointed out the growing scarcity of the dollar, were made to stick out like warts on a cucumber when a tow sack full of money was brought to a local bank for safekeeping.

The court some time ago appointed a committee of local citizens to look after one of Wilson's oldest and perhaps richest men, and in going over his effects they found deposited in a safe in his home a large amount of money, said to have been around \$70,000, and as guardians of his interests, the committee put the money in a bank.

BODY OF ARTHUR MEDLIN IS LAID TO REST AT MAXTON

MAXTON, Jan. 11.—The remains of Arthur Medlin, son of Mr. and Mrs. J. D. Medlin, of this place, arrived here from Hoboken, N. J., Saturday morning, and the funeral services were held Sunday morning at 11 o'clock. Mr. Medlin lost his life in France in the fall of 1918.

Hundreds of people attended the funeral to pay the last tribute of respect to this young soldier. The members of the Liberty post of the American Legion, wearing their uniforms, gave the body a military burial. The services at the Presbyterian church were conducted by Rev. E. L. Siler and Rev. J. A. Hornady. Mrs. Siler made a most impressive and comforting talk, and the choir sang sweetly, "Abide With Me," and "Peace, Perfect Peace."

The pallbearers were Henry A. McKinnon, J. E. Carpenter, and G. H. McLean of the army, and Dan Martin, Charles Carrowan and Arvin McEachern of the navy. All of the members of the legion marched to the cemetery. After a short burial service, the firing squad fired three volleys over the grave, and taps sounded.
