as a trained nurse and comes to New York to follow her chosen profession. Her introduction to the gay life of the metropolis is at a New Year eve revel at a fashionable restaurant. There Helen meets Lyle and Temple Bane, two brothers as wide apart in character as the poles. Lyle, the unscrupulous one, wants her for her beauty and attempts to win her by force. In a quarrel Temple is blinded by Lyle. Matters finally adjust themselves in a manner that is as startling as it is gratifying.

ROYAL.
One of the most important screen attractions of the current season will be shown at the Royal for two days only, beginning today. It is none other than "Nomads of the North," by James Oliver Curwood, author of "Back to God's Country" and "The River's End," and it comes to this house with perhaps the most enthusiastic indorsement any picture has ever been given by critics. As the title indicates, "Nomads of the North" is a story of the far north and in it is unfolded one of the most absorbing love affairs yet filmed. The struggle of a man and woman to attain matrimonial happiness against the villainy of human plotters devoid of the spirit of fair play and to surmount the difficulties nature places in the way in a wild country where civilization's hand has not smoothed out obstacles can have only one effect, and that is to hold every witness thoroughly enrapt and enthralled. An all-star cast portrays the various leading roles, Betty Blythe, Lon Chaney, McBurnie, McDowell, Lewis Stone and Spottiswood Altken being among those whose stellar luster aid to the success of the play.

BIJOU.
One of the biggest all-feature weeks in the history of the Bijou opens today. The top-line attraction for the day is Eddie Polo in his great Universal thrill serial, "King of the Cir-

cus," in which Polo is building up such a following that the Bijou simply can't hold them. Looks like the coming episodes will have to be shown two days to accommodate the crowds. There will also be a big comedy on the bill for today.

Tomorrow Johnny Ray will be featured in the last of the great Bringing Up Father comedies, "Jiggs and the Social Lions," one of the greatest and most expensive attractions ever shown at the Bijou.

ROYAL WEDNESDAY.
"Neglected Wives," featuring Anne Luther with an all-star cast, including Claire Whitney, Charles Gerard, E. J. Radcliffe, Baby Ivy Ward and others, which will be shown at the Royal theater opening Wednesday, is a screen version of the celebrated international stage success, "Why Women Sin." This great melodrama which it will be remembered created such a sensation in this country and abroad, achieves an even greater magnitude in its present screen form, it has been authoritatively stated.

GRAND TUESDAY.
A pair of appealing brown eyes, a winsome smile framed by a pair of beautiful lips, and the loveliest of hair, together with her natural ability as an actress, won for little Marie Dunn the exalted position of leading lady in the new Goldwyn production, "A Double Dyed Deceiver," starring Jack Pickford, which comes to the Grand theater commencing tomorrow.

"LISTEN LESTER" AT THE ACADEMY OF MUSIC.

The music of "Listen Lester," which comes to the Academy of Music next Saturday, matinee and night, has become nationally known. Its songs have been published and played in hotels and restaurants from coast to coast. One phonograph company has exclusive rights to many of its melodies, but the small boy whose verdict abetted by his whistle forecasts the success of a musical comedy, long ago proclaimed a victory for the songs of "Listen Lester."

MELVIN BAKER ARRESTED

FAYETTEVILLE, Jan. 30.—Melvin Baker, the fifth negro arrested in connection with the theft of a large quantity of army pistols and ammunition from a box car here, was brought back to this city Saturday from Savannah, by two United States deputy marshals.

GOOD DOADS GOVERNOR IS BALKED BY SEA OF MUD

FAYETTEVILLE, Jan. 30.—Governor Cameron Morrison was compelled to postpone a promised visit to Camp Bragg, which he was to have made Saturday, when the roads between Raleigh and Fayetteville were found to be in such condition as to make the trip impracticable. The snow storm in the early part of the week had rendered the roads in some places almost impassable and the governor had it necessary to cancel the engagement but sent word to Col. A. J. Bowley, commander of the camp that he would try to make the trip some other date as early as possible.

K. K. K. HAS SMALL WELCOME

CHAPEL HILL, Jan. 30.—The first attempt of the Ku Klux Klan to establish a chapter at Chapel Hill this week met with a lukewarm reception and members of the organization from Durham who came over with an organizer said they would make no further attempt to establish a chapter unless citizens of Chapel Hill took the initiative and showed more interest.

Some 30 persons, slightly less than half of whom were university students, who had been invited to come, attended a meeting in the Chapel Hill high school, called by Durham members. He cited instances of the work of the organization, which he said were to assist the regular forces for law and order. NEW ORLEANS COTTON REVIEW.
NEW ORLEANS, Jan. 30.—Fluctuations in the price of cotton last week were much narrower than they have been in many weeks past, the trading months moving over a range of only 1 to 67 points, the highest and lowest prices were scattered over the week, more or less irregularly prevailing, as the result of the widening out of the premium on the distant months. Thus, at its best, March was 48 points over the close of the preceding week at 14.36 and July 14.38. The close prices were 22 points net higher with March at 14.17 and July 14.62. October stood at 14.85. Middling spots lost 25 points in the net results, closing at 14.25.

NEW YORK, Jan. 30.—We are finishing the first month of 1921, predicted confidently expected and predicted would get better. In domestic cotton trade channels this forecast has been vindicated by the resumption of cotton mills throughout the country and the revival of the demand for cotton fabrics at wholesale and retail. More business has been done by some people at wholesale than was done for the entire period of from three to six months in the later half of 1920. In the futures market prices have been higher than they were at last night's closing, but even taking last night's closing as a basis it will be found that the net rise since December 31 is 74 to 123 points. This is a healthy tenance of values, especially in view that the liquidation of spot cotton that has taken place in the meantime. Trade conditions abroad are very good but with fixing of the German indemnity, the way is being paved for definite activities. Conditions there have been so bad that there seems but one way in which they can turn that is for the better. Meanwhile at home we have developed easier money, as evidenced by the ease with which quotations of large and issues have taken place. These bond issues give assurance of industrial activities thus affording confidence in commercial channels. We look for price levels to be maintained or advanced.
