DR. AND MRS. WORTH WRITE OF WORK AND LIFE IN CHINA

Missionaries, Well Known in Wilmington, Describe in Letter to American Friends Conditions Among the People of Famine Stricken Country—Chinese Revealing Signs of Growing Independence

From far off Kiangyin, China, comes a very interesting letter from Dr. and Mrs. George C. Worth, Presbyterian missionaries from Wilmington. Mrs. Worth, before her marriage, was Miss Emma Chadbourn of this city, and like Dr. Worth, was known to hundreds of residents of the city and section. The letter gives a clear insight into the work in which the missionaries are engaged and touches, in an illuminating manner, on many problems in that part of the world.

The letter will be of surpassing interest to the numerous friends in the city of the missionaries. Then, too, the very fact that Wilmington and all parts of the United States are at present engaged in raising funds for the relief of famine sufferers adds interest to the communication from the mission workers. The letter follows:

Text of Letter

"Ever since we returned home from our summer vacation I have been trying to write this letter; but regular duties at the hospital and many interruptions have interfered so that I am just getting at it and the new year will already have come when you receive it. I hope it will be a happy New Year to you all and that it will bring many blessings to you each one.

"We had an unusually hot summer this year, but we had a delightful little house in the mountains, where we nearly always had a breeze and from which we enjoyed a magnificent view. We were all well and had a pleasant and restful summer, ending it with some meetings conducted by Rev. Griffith Thomas, who is one of the finest Bible expositors I have ever heard and one of the most helpful.

"Our son William came out and spent several months of the spring and summer with us. It was a great joy to have him and it was good for us all. He is back at college now for his last year. He writes that he finds it pretty hard to buckle down to the routine work at Davidson after two or more years of exciting life in the army or at work, but he feels the benefit of it and is hard at it. He has made up his mind to go into agricultural work, but is not decided as to whether or not he will come to the mission field. He saw what is being done out her in the agricultural department of the Nanking university (a union missionary institution) and was greatly interested. There is a great opening for missionary and evangelistic work along these lines, especially in the famine stricken parts of China, there is urgent need for instruction and assistance in recovering from the desperate condition in which they will be next spring.

"The Christians here have recently been raising famine relief funds; the school boys were most active in the movement and as they have not much money to give they adopted various means of raising the money. Some denied themselves meat, some went into the fields and gardens and worked. Some gave an entertainment in the chapel, and some solicited help from city people. One of the large government schools raised more than one hundred dollars. When all were gathered together they amounted to $480, which has been sent forward.

Distressing Reports

"The reports from the famine stricken sections are most distressing, and conditions are likely to grow worse as the cold weather comes on.

"The work in our hospital has gone steadily on, the two Chinese doctors and our capable staff of Chinese nurses carried on through the summer while we were away. There were cholera cases all through the hot months, but no such epidemic as we had last year. Five of our student nurses passed the examinations of the Nurses' Association of China and two others only missed it by one or two points; they will try again next year and will be sure to get through then. This corresponds to a R. N. in the United States and is a much coveted honor. We are hoping to get home next year on our furlough, but as we still have no foreign doctor or nurse to leave we cannot make any definite plans for leaving. Our Chinese staff is competent professionally but they are timid about undertaking so much responsibility and want a foreigner to lean on and consult with.

"Our hospital suffered an irreparable loss this fall in the death of our beloved Bible woman who has been a blessing to us all for four or five years. She had not been well for about two years, had had serious heart trouble, so her death was not unexpected. She was called away very suddenly one morning, and we could not mourn when we thought of the joy and peace of her abundant entrance into the presence of the King. Her funeral was simple and reverent, the nurses and Christian friends showed their love and respect by decorating the chapel and coffin with scrolls and banners and flowers and by singing sweet songs and reading solemn dirges. She lived the religion which she professed as perfectly and consistently as any one I have ever known.

Red Cross Helps

"Have you heard of the splendid thing which the American Red Cross society did last spring? When our country retired its forces from Siberia, our Red Cross came away too. I think it was plain that the Siberian people wanted to be left to attend to their own affairs. Even Japan seems at last to be learning a little wisdom in that respect. Well, the Red Cross had about a half million dollars worth of unused supplies left on hand, and it was decided to distribute them among all the mission hospitals in China, whether Protestant or Catholic or of whatever nationality. In the distribution our Kiangyin hospital received at least $4,000 worth of supplies. There is enough cotton and gauze to last us two years or more, loads of bandages, and safety pins by the peck. There are a thousand yards of good warm canton flannel to make nice warm clothes for our patients. Rolls of blanketing, warm woolen socks and sweaters and a hundred layettes. We are selling some of the things of which we have a surplus supply and will use the money to buy some of the surgical instruments or other equipment which we need.

"Last week I attended a meeting of our Chinese Women's Missionary society of which I have been president three times, the pastor's wife is the very able and efficient president now, and I enjoyed sitting on the back seat and watching these dear women carry on their meeting, decently and in order and with plenty of life and interest. They made and seconded motions and appointed committees to plan for and carry out a Bible study conference for the country Christian women and girls. Ten years ago many of them were ignorant heathen, and I sat there and thanked God and took courage as I thought of a change in this group. Miss Jourolmon writes that she is raising the money needed for the building where these country women can gather twice a year for these conferences and we hope that through these gatherings they may grow in spiritual knowledge and be built up and strengthened in their Christian life.

"We were hoping soon to have Miss Jourolmon back with us again, but her last letters have been discouraging and indefinite; we do so need more workers in every department. The Allisons have been moved away this fall to help strengthen the college in Hangchow. We lent the Moffetts to the China for Christ movement and now Mr. Moffett has broken down in health and will have to give up all work for a season. Our furlough is overdue and others are coming due soon and we have not had an addition to this station for many years.

Independence Shown

"For some years there has been an increasing spirit of independence spreading all over China, but it has been only within the last half year that it has become very prominent. The whole nation has grown more and more restive under their rotten political conditions, and they have poured out their discontent principally upon Japan, but all foreign countries come in for a certain amount of criticism. Of course, most of it is without reason, but it never takes very much to bring about a cropping out of the anti-foreigner feeling that is always but thinly covered in China. There has lately been a marked increase of it. It makes no special difference in their dealing with individual foreigners, but the general feeling is evident, and there is a very plain desire to take control of things for themselves. Such a feeling, if the motive is proper, is the very thing which we wish to promote; but it is liable to go too fast and too far as was the case in Japan. We will need to keep ahead of the movement, and guide it and fasten it in every good way, but it is one of the disturbing things that we feel in the air. It is a time when our institutions; our schools and our hospitals need to be kept so strong that they will command increasing respent. Every weak thing will come in for contempt with a people that are just beginning to feel their oats. We are plainly entering upon a new era in mission work.

"I think I spoke of the little deaf mute in my last letter. We had just sent her to the school for the deaf in Hangchow. She has been very well and happy there and they say she is quite bright and learns easily. I hope she will be able to take care of herself when she gets older, either by handwork or by teaching.

"I saw some pitiful little blind waifs this afternoon at a foundling home in the city. There is no provision made for blind or crippled children, and they were trying to care for each other. Rice has been very expensive this summer and babies have been too great a luxury for many a poor family. I took some of the Red Cross baby garments in for them.

"You see there is all kinds of work to be done. Come over and help us and have a share in our rich reward. The harvest truly is plenteous but the laborers are few.

"With best wishes,

"Yours in His service,

"GEORGE C. WORTH.

"EMMA C. WORTH."

WILL CONSIDER FUTURE OF JUDAISM IN AMERICA

BUFFALO, N. Y., Feb. 8.—One thousand reform Jewish rabbis and prominent laymen and women will come together from all parts of the country in this city on May 24, 25, and 26, to discuss the condition and future of Judaism in America. Extensive preparations are being made here to entertain the visitors, who will be delegates to the annual convention of the Union of American Hebrew congregations and its affiliated body, the Federation of Temple Sisterhoods.

The convention will give much of its time to discussion of the problems of anti-Semitism in America, the extension of synagogue and religious school facilities to enable all Jews everywhere in America to participate in Jewish activity, the establishment of a pension fund for rabbis, and the success of the revival and financial campaign conducted by the Union. Reports will be given on the work of the Hebrew Union college at Cincinnati for the training of rabbis.

J. Walter Freiberg is president of the Union, Charles Shohl, Julius Rosenwald, Isaac W. Bernheim and Ludwig Vogelstein, vice-presidents, and Rabbi George Zepin, secretary.

GEDDES READY TO ACT

LONDON, Feb. 8.—Sir Auckland Geddes, the British ambassador to the United States is returning to Washington armed with full powers to press forward proposals for a world conference on disarmament, according to reports published in the afternoon papers.

It is declared that this was one of the most important questions the ambassador discussed with the prime minister.

CLINICS IN ROBESON REVEAL TUBERCULOSIS

Of 179 Persons Examined, 61 Are Found to Have This Disease

(Special to The Star)

LUMBERTON, Feb. 8.—A total of 179 people were examined at the 13 free tuberculosis clinics conducted in Robeson county during the last three weeks. Of this number 61 were found to have tuberculosis. The clinics were conducted by Dr. J. F Spruill of the state sanatorium, assisted by Miss Alice Casey, public health nurse in Robeson, and Miss Marion Manning, state public health nurse.

There were more applications for each clinic than could be accommodated and it is likely that other clinics will be conducted in the county later. The clinics progra mwas outlined by the county board of health of which Dr. Hardin is the head.

The work of the public health nurse in Robeson has been suspended temporarily, owing to the fact that the funds for financing the work were in a bank that closed. The money was furnished by the various Red Cross chapters in the county and it was with regret that the work was suspended. It will be resumed when the funds totalling more than $1,200 are available. The work was begun several months ago, Miss Alice Casey being employed as nurse and her work has been highly satisfactory in every respect.

Hazel, five-year-old daughter of Mr. and Mrs. J. E. Parker of North Lumberton, was recently bitten by a rabid cat. The child is taking the Pasteur treatment. The cat's head was sent to Raleigh for an examination and it was found that he was mad.

The jury in superior court for the trial of civil cases was dismissed after court had been in session one hour. Many of the cases appearing on the calendar were settled out of court and others were continued. This was one of the shortest terms of court ever held in the county.

H. F. Bissell, Robeson's "watermelon king," died Sunday at his home near Orrum, Robeson county, of paralysis. Deceased was 76 years old and is survived by his widow and several children. He came to this county from the western part of the state several years ago.

Capt. J. P. Russell of Lumberton has been elected chairman of the home service department of the Red Cross in Robeson county. Captain Russell is well fitted for this work, having been engaged in Y. M. C. A. work during the World war. He is familiar with the work that comes under this head, largely that of looking after the interests of ex-soldiers and sailors.

Cotton meetings will be held in practically all the towns in Robeson during this week. Two meetings are to be held daily, one in the morning and one in the afternoon. The cotton situation will be discussed and plans put forth for reducing the cotton acreage this year.

Two Lumberton young men, Edward Knox Proctor and Frank Ertel Carlyle, were among the 65 successful applicants to practice law before the supreme court last week. Mr. Proctor will open an office here for the practice of his profession about March 1. Mr. Carlyle will continue his studies for some time.

The monthly collection for the Baptist orphanage of the First Baptist school of Lumberton Sunday totaled $339.97. The collection each first Sunday totals more than $300. This Sunday school is said to be the largest contributor to the orphanage of any Sunday school in the world.
