

INTENSIVE PLANS ARE PREPARED FOR ALIENS

New York Organization Going After Americanization With Determination

NEW YORK, Feb. 24.—The scriptural dictum that "a little child shall lead them" is being applied ten-thousand-fold in Americanization of New York's East Side immigrants.

Its practical demonstration was described today by Harry H. Schliet, head of the commission on immigrant aid at Ellis island, who has conceived a unique plan to protect new-comers from exploitation by their unscrupulous predecessors and radicals.

Through the downtown chamber of commerce, membership in which is limited to foreign-born merchants, bankers and other business men who have gained wealth in this country, Mr. Schliet had identified a group of ten such immigrants, fresh from the bewildering of official red tape and the fantastic New York skyline—in the custody of an American or Americanized school girl.

Stimulated not only by innate interest in the quiet dejected and often victimized and disillusioned seekers for new homes but also by rewards from the chamber of commerce for meritorious results, these girls can be seen every evening, by dim lights, spelling out a-1, a-2 and other simple words to enraptured old patriarchs, scarcely aware that they are transplanted in a strange and yet not dissimilar country from that whence they came at such a sacrifice.

"But before I tell you in detail of this Americanization work and its results," intimated Mr. Schliet, "let me tell you something about why they are so easily fooled and why they may easily fall prey to radicalism."

He then told of how he was aroused to the necessity for this work by some poignant experiences he had going through Ellis island disguised as an immigrant, just to learn something of the circumstances which thousands upon thousands of their homes, sacrificing everything they own, in order to come to America, that magic land pictured to them in rosy hues by exploiters more interested in stuffing their pockets with gold than in humanitarian motives.

Understanding their own language, Mr. Schliet mingled with the immigrant throughout their trials at admission and hearing, and thousands had been induced to migrate to the new land by the promises of a better life, which he had seen in the eyes of the immigrants who had returned to their old homes.

Since he has been on the island, Mr. Schliet said he had investigated these organizations, which he characterized as "professional firm chasers," and has caused the arrest of several individuals, some of whom have fled the country and the cases of some are still pending. Numerous others, he said, who had luxurious offices in New York, have scampered away and disbanded operations. He described their operations, while in full swing, somewhat as follows:

"They canvassed East Side homes to learn if they had relatives on the other side whom they wanted brought to America. Invariably such was the case. These 'relatives' they told the East Siders they were going to Europe and, if they liked, would bring back the desired relatives. Delighted with this 'kindness' the East Siders would offer up all the money they could scrape together to help their loved ones on their voyage.

Equipped with these foreign addresses, the only thing the really interested exploiters, these 'agents' would set out for Europe to transfer their operations to new fields. But instead of turning over the money sent by anxious relatives, they would demand all they could get from the poor Europeans before taking the necessary steps to place them on ships bound for America. If they could get enough, they would take them to Europe, where they could get from the poor Europeans before taking the necessary steps to place them on ships bound for America.

"So you see," he said, "they swindle them both going and coming." He continued, "It is what makes it necessary to do intensive Americanization work among these immigrants, who are ripe for further exploitation by radicals who enlist their willing aid in flaunting false ideas of capitalism."

While it is imperative to correct this immigration menace at its source, Mr. Schliet said, those who have been dumped into this country through influences other than their own volition must be looked after. This is what the "Immigrant Americanization" program, as these school girls are called, are doing successfully, he said. "Not a family placed in their care has failed to make good," he said.

CATCH 550 POUNDS OF FISH IN FOUR DAYS IN FLORIDA (Special to The Star) ROCKY MOUNT, Feb. 24.—Five hundred and fifty pounds of fish caught in four days fishing in the record brought back to the city by J. C. Braswell and W. S. Wilkinson, who have just returned from a fishing trip to Tampa, Miami, St. Petersburg and Passa Grille, Fla. They did most of their fishing, however, in the Gulf off "Grass Gullies."

Mr. Braswell caught the largest fish on the trip, his record haul being a 15-pound grouper. In addition to the size record, he also made a quantity record by catching 70 foundlers in 50 minutes. One of the local fishermen also hung a porpoise, but the monster fish took his bait and got away. Sharks are plentiful down that way, said Mr. Wilkinson in discussing the trip, as he stated that he saw one fisherman catch a king fish, but when he pulled the fish up only to find it was a shark. The hook, as a shark had bit him while he was being pulled through the water.

DEATH OF YOUNG SOLDIER (Special to The Star) MT. OLIVE, Feb. 24.—The body of Joseph Garner, a young man about 20 years of age, was brought here from Fort Monroe, Va., this morning, and taken to the family burying ground in the cemetery, for interment. He had only recently joined the army, soon thereafter contracting measles, which developed into pneumonia. His parents having preceded him to the grave, two sisters, Mrs. R. W. Smith, of Durham, and Mrs. D. J. Turner, of this county, and his only brother are the only immediate surviving relatives.

Shipping section header.

The tug Blanche, of the Stone Towing company, leaves today for New York to bring to this port the hull of a ship which was damaged in the collision with the tug Wauwatomas at the plant of the Newport Shipbuilding company.

The big American steamer Wauwatomas, now many days overdue at this port, is expected to arrive from Bermuda this morning. The Wauwatomas comes from Southampton, England. She had to put into one of the Bermudian ports on account of running short of fuel oil.

VESSELS IN PORT: Saxon (Am.), 2,563 tons. Heide & Co. Argosy (Am.), Heide & Co. Schooners: Nissequoque (Am.), 971 tons. Heide & Co. Barges: Northern No. 32, C. D. Maffit & Co.

POSTAL SAVINGS BANK IS A GREAT SUCCESS

Postmaster General Issues His Annual Statement

Introductory to a pamphlet containing the detailed statement of the operations of the postal savings system for the year 1920, Postmaster-General Burleson has the following resume of the operations of the system:

"At the close of the year there were 6,314 postal savings depositories in operation, including 731 branch postoffices and stations. The credit of depositors increased during the year from \$167,323,250 to \$157,276,322, a loss of \$10,046,928, or 6 per cent. The deposits during the fiscal year amounted to \$139,208,954 and were greater than during any previous fiscal year. However, the withdrawals increased disproportionately and amounted to \$149,255,892. The number of depositors decreased from 545,569 to 509,508, a loss of 57,001, or 10 per cent. These decreases are principally attributable directly to the return in great numbers of foreign-born depositors to their native countries after a period of years of restricted emigration. The average principal per depositor increased from \$295.88 to \$309.29, a gain of \$13.41, or 4.5 per cent. The account of one depositor with \$10 at credit is now recorded as unclaimed.

"Postal savings funds were held at the close of the year by 5,006 banks, of which 3,126 were national banks; 463 state banks; 1,408 state banks; non-members; and eight organized private banks under state (Indiana) supervision.

"The board of trustees invested \$1,284,820 during the year in postal savings bonds authorized by the postal savings act, purchasing them from the holders at par. At the close of the year \$6,573,420 of postal savings funds were invested in these bonds.

"The system continued to be self-supporting. The profit in the fiscal year 1920 was \$1,720,549.82, compared with \$1,616,087.25 in 1919, a gain of \$104,462.57, or 6 per cent."

FARMER KNOCKED OUT BUT FRIENDS PREVENT ROBBERY (Special to The Star) GOLDSBORO, Feb. 24.—J. B. Aldridge, a farmer from Greene county, was held up here this afternoon and knocked unconscious. He had \$700 in his pockets, but friends came to his rescue and his money was not taken.

His alleged assailant, a young white man, was arrested later at Reville park, of Raleigh.

Almost every known gem is mined in Australia.
