## TO CONDUCT CAMPAIGN FOR IRISH RELIEF FUND

Committee Named Here to Carry on Canvass Beginning March 15th

Wilmington will be asked to contribute a quota toward a fund of \$10,250,000 sought in the United States for the relief of sufferers in Ireland. A committee was appointed for the local drive yesterday during the visit here of Dr. M. J. McCarthy, of New York, who is now on a tour of organization in this section.

J. Owen Reilly was designated as chairman of the committee, which includes the following citizens: M. J. Corbett, W. J. Bergen, J. J. Allen, James H. Cowan, M. O'Brien, H. C. Bear, Major Daniel O'Connor and Colonel Walker Taylor, with Miss C. E. Duffy as secretary. A committee of women, it was announced, would be chosen by this committee.

It was explained that the effort to raise this relief fund is in nowise related to the political affairs of Ireland, but is purely a humanitarian movement inspired by the great suffering that now exists among the Irish people. The general organization which is carrying on the campaign is known as the American Committee for Relief in Ireland and was declared by Dr. McCarthy to have no connection whatever with the "Friends of Irish Freedom."

North and South Carolina will be asked to contribute \$25,000 to the relief fund, sharing the apportionment equally. The nationwide campaign will begin March 15th, said Dr. McCarthy, and will extend to April 1st.

### ROAD UNDER RECEIVERSHIP HAS ORDER TO CUT WAGES

ATLANTA, Feb. 25.—Col. B. L. Bugg, president of the Atlanta, Birmingham and Atlantic Railway company, who was made receiver of the road today, declined to state tonight whether he would seek to carry out the road's announced wage cut, authority for which he said, was granted under the receivership.

The road concurred today in a petition in federal district court here of a creditor, the Birmingham Trust and Savings company of Birmingham, for a receivership and Judge S. H. Sibley appointed Colonel Bugg as receiver. In the court order after formal making of bond, the receiver was authorized, "at his discretion to employ and discharge and fix wages," of all employees and the latter are ordered to obey such orders as the receiver may give in discharge of his duties and are enjoined from interfering with his management or "preventing or seeking to prevent" the discharge of his duties.
