Gas War Waged Here--20 Cents

The gasoline war has spread to Wilmington and the city yesterday was in the grasp of that very distant relative of Mars.

Motorists who called at garages yesterday morning found the petrol selling at 24 cents a gallon, a standard price in these parts here of late. A little later in the morning a garage man slashed the quotation in Wilmington, whereupon things started. The arrow denoting the price dropped from 23 to 22 and then to 21. Before the print shops closed early yesterday afternoon one filling station had out circulars telling the world, or at least a part of it in Wilmington that is interested in gasoline, that the price of the Rockefeller juice at its place of business was 20 cents, two thin times, four jits.

The price may have even dropped under the 20 cent mark, but not at any of the gas peddling stations in or near the center of the city, so far as could be ascertained. Motorists who have been paying above 20 cents for gasoline for 10, these many days, are hopeful there will be no armistice in the gasoline war. But, even though the price ascends again today, the war enabled some motorists to fill the tanks of their cars with 20-cent gasoline.

FALL STYLE EXPOSITION AT EHRD'S THIS WEEK

Buyer Returns With Many Handsome Wearables

Miss Alma Padgett, buyer and manager in charge of the ready-to-wear department at Ehrd's, has just returned from New York where she has been for the past 10 days selecting garments for fall selling in the popular department of the local Ehrd store over which she presides.

Miss Padgett took careful note of the prevailing styles and the changes that have been decreed in midlady's wearables for the approaching fall season. Many of her purchases are being displayed, but the greater part will not have arrived until during the coming week.

In order that the people of the city may get an early glimpse of approved wearing apparel for fall, the great Ehrd store is to stage an exposition of ready-to-wear tomorrow. Women are invited to have try-ons so that they may know just which of the new modes are best adapted for their use. Elsewhere in this issue of The Star there is a message of interest and invitation to the women of Wilmington and vicinity from the Ehrd store.

TWO DEEDS FILED Two deeds were filed yesterday. They were: Charles M. Gaskill to T. J. Quinlivan and wife, lot nine in the development known as Idlewild, \$100 and other valuable considerations. J. V. C. Cressy and wife, a lot 42 by 83 feet on Chestnut street, 57 feet east of Eighth street, \$100 and other valuable consideration.

AUGUST 30 TO BE BIG DAY FOR THE BAPTISTS BOLL WEEVIL MENACE WORRIES ROBESONIAN

Leaders in District and State to Have Great Rally at Burgaw

August 30 will be a red letter day in the history of the Wilmington Baptist association. On that day the leaders of the denomination in this section of the state, and others who have the work at heart, will gather at Burgaw for a great meeting.

Every pastor, deacon, church officer, Sunday school officer, Woman's Missionary society officer, W. A. officer, B. Y. P. U. worker, and all other prominent members of the Baptist churches have been invited to attend.

Rev. J. H. Powers, of Burgaw, has been appointed superintendent of evangelism for the association, and this meeting has been called by him for the purpose of organizing for a great evangelistic campaign. Mr. Powers says that the event is primarily for the day school picnic in which the members of the schools of Burgaw, Wallace, Rose Hill, Riverside, Riley's Creek, Tenchey and Moore's Creek will participate. These schools will go to Burgaw to celebrate and do honor to the visitors in the attendance contest which has been waging for some time and which will end today.

Great preparations are being made to handle the large crowds of visitors and a program full of interest and inspiration is being arranged. It is hoped that the meeting will reach such a pitch that the workers will go out determined to win many souls to the kingdom during the period of the campaign.

One of the principal features of the day, and one in which every one present will have a part, will be the picnic dinner at the noon hour. This will be spread on the church lawn. People from miles around will come in with baskets packed to the brim with good things to eat and no one need have any fear of being slighted.

The purpose for which the meeting at Burgaw has been called is in order to lay plans and work out ways and means for carrying on an intensive evangelistic campaign throughout the association during the fall months.

During this period the Baptists all over the state of North Carolina will be engaged in the same sort of work. It was thought best to hold the meeting in connection with the Sunday school picnic as it would bring together a larger number of workers. Rev. Mr. Powers has outlined a tentative program for the gathering, which is as follows: Executive committee meeting and several inspirational addresses in the forenoon; dinner at noon; a great conference of all workers in the afternoon.

Immediately following the campaign meeting, the Baptist young people of the association are planning to hold a big rally. This meeting will be held for the purpose of stimulating the interest in the work of the B. Y. P. U. in the association, and more especially in the churches along the Wilmington and Weldon road. This section of the state is the northern district of the Wilmington association. B. Y. P. U. and is in charge of Miss Berta Hocutt, of Ashton, the vice-president. Several prominent leaders of the association will be on hand and help make the campaign meeting and the rally a success.

LESS FRENCH UNEMPLOYMENT PARIS, Aug. 20.—Unemployment in France continues to decrease and, as far as the provinces are concerned, the recent crisis appears to have been completely overcome.

The latest figures show that the total number of unemployed in France is 47,666 and out of that number 31,428 belong to Paris and the department of the Seine, leaving only 16,137 unemployed for the rest of France.

TROTSKY TRIES TO EXPLAIN INCONSISTENCIES OF SOVIET

RIGA, Latvia, Aug. 20.—Leon Trotsky, the bolshevik war minister in Russia, attempted to explain to the delegates composing the recent congress of the third internationale at Moscow the seeming contradiction in the acts of the soviet leaders who are restoring a limited measure of capitalism in Russia while advocating, in speeches to the internationale, the abolition of capital elsewhere.

The Pravda quotes Trotsky as saying that compromise with capitalism were justifiable in Russia at the dictatorship of the proletariat has been firmly established there, but that no compromises were allowable to Reds attempting to bring about revolution elsewhere.

The official bolshevik viewpoint as expressed in speeches by Lenin and in their various newspapers, is that all changes being made in Russia, all concessions being granted to capital and all seeming digressions from a strict communist policy are either made necessary by the poor economic condition of the country or are essential to permit communism to exist in the future.

HORSE-DRAWN PATROL GONE BOSTON, Aug. 20.—The day of the horse-drawn patrol wagon has passed, as far as the Boston police department is concerned.

The last specimen of the old "Black Maria," long in service in the Hyde Park district, has been replaced by a motor driven machine. The old time vehicle will not be cast entirely aside, however, police officials said, but will be held for possible service when winter snows make the motor patrol useless.

(IRONIZED YEAST) Tablets HIGHLY CONCENTRATED VITAMINE TONIC

All of these machines good as new and can be bought at a sacrifice price on account of our increased business demanding a different checking system. Apply at The GROCERTERIA.

BOLL WEEVIL MENACE WORRIES ROBESONIAN

Is Playing Havoc With Cotton Crop, Especially in Southern Part of County

(Special to The Star) LUMBERTON, Aug. 20.—How to combat the boll weevil, is the general topic of Robeson farmers, especially in the southern part of the county, where the weevils are playing havoc with the cotton crop. A meeting attended by many farmers were there from far and near to see the weevil and the destructive work he is doing in Mr. Gaddy's cotton. He will not make over one-third of a usual crop.

The meeting was addressed by O. O. Dukes, county farm demonstrator. He told of the best known methods of destroying the weevil and urged diversification of crops and the raising of cattle, poultry, etc. The appearance of the weevils will result in the growing of many more acres of foodstuffs in Robeson next year.

The week closing last night was a record one, both in number of pounds sold and high prices, on the Lumberton tobacco market for the season. Prices Tuesday and Wednesday were much more satisfactory, but there was a decline in the price yesterday. Next week promises to be another busy one on the market here, and it is predicted that prices will be higher than on Friday.

Edwin Tiddy is perhaps the youngest Sunday school superintendent in the world. Tiddy, who is under 15 years old, was elected superintendent of the Philadelphia Presbyterian Sunday school, near Red Springs, when he was 14 years old. He has served in that capacity since last April. He is the son of Mr. and Mrs. William Tiddy, who live near Philadelphia.

The Robeson county board of education has requested the county commissioners to levy an additional 3 cents on the \$100 valuation for school purposes, making a total of 43 cents. The commissioners were asked for a levy of 43 cents before the levy was made at the last meeting of the county commissioners. The commissioners only levied 40 cents. T. L. Johnson, attorney for the school board and a member of the board, was instructed to bring suit against the commissioners in case they refuse to make the additional 3 cent levy.

Mrs. Elizabeth Pitman, well known East Lumberton woman, died at her home after an illness of 15 months' duration. Deceased is survived by her husband, Thomas Pitman, and seven children. The funeral was conducted from the home of Rev. A. E. Paul, pastor of East Lumberton Baptist church, of which deceased was a member, and interment was made in Meadowbrook cemetery. Mrs. Pitman was 50 years old.

NEW WAY TO TAKE YEAST In Convenient Tablet Form Combined with Iron and Other Health Builders Quickly Builds New Flesh, Strength and Health

No need to eat yeast cakes any more. Take yeast the new easy way—in pleasant tablet form, as embodied in Ironized Yeast.

Everyone has heard of the seeming miracles performed by yeast, especially in cases of loss of weight, weakness, poor appetite, mal-nutrition and general "run-down" conditions. The reasons for these amazing results is that yeast contains a certain mysterious element called vitamins which do not get in our present-day diet, but which are absolutely necessary for good health and proper physical development.

Ironized Yeast contains highly concentrated brewer's yeast which is richer in vitamins than ordinary baking yeast. In addition, it contains iron and other well-known health builders, so that you really get two splendid tonics in one.

If you want to put on good solid flesh, if you want to increase your strength so that you can tackle hard work and enjoy it, if you want to put good healthy color in your cheeks, and feel "fit" all the time—then try Ironized Yeast. Fine for clearing up sallow and blotchy skin.

In most cases Ironized Yeast will bring a decided improvement by the third day. The slowest complexions will usually be cleared up in less than two weeks. Finest out how it is to be in perfect health all the time. Get Ironized Yeast today. Packed in convenient Sani-tape package that you can slip in your vest pocket. Cost no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10c a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.—(adv.)
