

YESTERDAY THE 35TH ANNIVERSARY OF BIG QUAKE; WAS HOT THEN

Similarity Marked, Except Yesterday Was Devoid of Shimmy Movement

Thirty-five years ago yesterday Wilmington shook from earth tremors, the same day that the Charleston quake occurred.

Some of the older residents recalled the quake in their conversations yesterday, saying that the weather was similar to the elements that prevailed on August 31, 1886, "when Wilmington had the shimmy," as a younger resident called it.

A lady, in talking about the quake of 1886, said that on the night of the earthquake, a beautiful moon was shining and the heavens were clear with practically no breeze stirring, that everything was peaceful, and absolute quiet prevailed.

All of a sudden an awful rumbling was heard, people ran out of their homes, and nearly everyone started leaving the buildings, but the damage was small, a few chimneys falling and some walls being cracked; nobody was hurt.

A number of negroes were gathered at a lawn party on the grounds at Fifth and Red Cross streets, the lady continued, "and they were having a big time. However, when the rumbling commenced, they started praying."

Dr. A. M. Baldwin, a well known citizen, in his reminiscences of the quake, said that the weather yesterday and last night was the same that prevailed on the night of the quake; he, too, recalled the stillness of the night and that it was very hot.

People just naturally sweated on the streets yesterday, and many pedestrians could be seen here, there and everywhere mopping the perspiration from their brows. In the offices, nobody is known to have frozen, and electric fans, or the draughts from open windows were used most everywhere in the offices were "all" throughout the day.

"Eggs, a la sidewalk" was a new dish mentioned in the real estate district on Princess street, one real estate agent going so far as to state that he actually fried a couple of eggs on the sidewalk, and one of the egg-eaters said they were "good as gold."

They probably forgot the truth when they told this story, but it's never good to keep an egg story—it may spoil—so it's passed on.

SHIPPING FACILITIES FEATURED IN SLOGAN

Port facilities of Wilmington, as shown in the number of feet of warehouse space available, are featured in the chamber of commerce slogan for this week.

Wilmington has approximately one million feet of warehouse space along the water front" is the slogan of the chamber of commerce which all business concerns to use on their correspondence.

The slogan make an ideal postscript, the chamber has been informed, practically every concern in the city using them as such.

MUST GIVE BOND TO USE CITY'S STREETS

Circuses Must Post \$500 Bond to Protect City Against Damage to Streets

Circuses playing Wilmington in the future and using the city's streets for the movement to and from the show ground and for parade purposes will have to put up \$500 bond to protect the city from loss as a result of injuries the thoroughfares may sustain.

The text of the resolution adopted is as follows:

"Whereas, the beautifying of the city is one of the objects of the Kiwanis club; and,

"Whereas, Market street is one of the streets we wish to make attractive, therefore be it

"Resolved, That we disapprove of the conversion of any part of the residential section of Market street to the use of commercial trade."

Kiwanian J. D. Taylor, chairman of the Kiwanis concert committee, announced that the Russian symphony orchestra would play at the Victoria theater November 25, under the auspices of the club; that the receipts over and above the guarantee would be devoted to the Boys' brigade. Kiwanians purchased more than 500 tickets yesterday for the affair; members of the club will pay, it was agreed, for ten tickets, selling them to friends for \$3 each.

Emmy Destinn will appear at the Victoria some time during the early spring; it was announced yesterday, and tickets for this entertainment will be sold in the same manner as for the symphony.

Next Tuesday the Kiwanis business session and luncheon will be held at the boys' brigade armory, Second and Church streets, instead of at the Y. M. C. A., where it has been customary to hold these gatherings for some time. The club voted to hold all future sessions at the boys' brigade armory a short time ago.

Vice-President Robert Strange presided at the meeting yesterday in the absence of President James S. Williams.

WOULD HAVE MARKET STREET RESIDENTIAL OR GIVING UP WORKING

Kiwanians Disapprove of Conversion of Certain Parts of Street to Trade

Disapproving of the conversion of any part of the residential district of Market street for commercial purposes, the majority of a resolution adopted at the meeting of the Kiwanis club yesterday.

The club did not consider a resolution, which would have placed the club on record as opposed to the erection of the combination residence and grocery store at Sixteenth and Market streets, as the majority of the Kiwanians were opposed to the club stalling out any special individual or location.

The text of the resolution adopted is as follows:

Parkersburg Man Takes Tanlac On Advice of Friend—Never Felt Better

"I didn't think I could make it any longer and was planning to give up by job when I began taking Tanlac, but now I'm as strong and healthy as any man in Parkersburg," said H. Cooper, 417 1-2 Fourth St., Parkersburg, W. Va., well known electrician for the B. & O. R. R.

"I had a stubborn case of stomach trouble that had been bothering me for ten years and I was in misery from one day to the next. Nearly every bite I ate hurt me so I was actually afraid to eat. The pains and burnings in my stomach nearly killed me and I would blow up so tight I could hardly stand it. I fell off so much that I was simply afraid to get on the scales, for I hated to know how much I had lost. Sleep was practically out of the question and many a time I walked the floor nearly all night long. I got so weak I could hardly pull through the day, and I don't believe there was a man living more discouraged than I was."

"Some time I had the worse trouble with my stomach, and ever had been fixing to give up my job. A friend advised me to try Tanlac before I gave up my job, so I started in on it and now I am absolutely well and don't believe I ever felt better in my life. My appetite is a wonder and I can eat anything on the table. I sleep like a top, am back to my normal weight and couldn't ask for better health. This is what Tanlac has done for me and nobody can recommend it more highly than I can."

Tanlac is sold in Wilmington by Robt. R. Bellamy and by leading druggists everywhere.—(adv't.)

MAIN'S CIRCS HERE NEXT MONDAY—A GALA OCCASION

Maunch Chunk, Pa., Daily Times, May 16: Saturday was a gala day for every youngster in town and for miles around. Walter L. Main's circus was here. The tents were all up by sunrise. The show lot looked as if an aeroplane squadron had invaded it over night and started a new community in the West end of town. The first section arrived at 2 a. m., which gave the efficient crews ample time for the above transformation. Promptly at the specified time the pageant appeared on the streets. It was gorgeous, spectacular and very attractive. Thousands of people, young and old, lined the pavement along the entire route to see the magnificent menagerie and look over the well groomed performers on their mounts. The big tent was crowded long before starting at the afternoon performance and by 2:15 the S. R. O. sign was up at the main entrance. The performance began promptly on time with an array of acrobats, equestrians, aerial, wire and juggling artists with all the latest exclusive acts. The thunderous spontaneous outbursts of applause indicated the appreciation with which each act was received. The evening performance was practically a repetition of the afternoon, only that the seats were all sold by 7:30, necessitating a slight change in time of the opening act. The corps of ushers and other attaches on the inside vied with each other in their efforts to make things pleasant and

Come and See the New Fall Goods

The display is becoming more interesting every day, as the new things arrive. Particularly attractive are the new COAT SUITS, DRESSES and HATS.

In fact, you will find new fall merchandise in every department, so if you are going away and will need a new garment or two, you will find it easy to make a selection here right now.

Send Us Your Mail Orders

comfortable for the patrons. A striking feature was the elimination of all rowdiness in or around the show grounds.

Walter L. Main's circus will exhibit in Wilmington Monday, September 5.

NORWAY FACING MUCH THE SAME PROBLEM AS AMERICA

CHRISTIANIA NORWAY, Aug. 31.—The officials who are endeavoring to enforce the prohibition law in Norway are facing difficulties. Their inability to check the smuggling of liquor from vessels anchored outside the three mile limit has led to a suggestion to extend the local water limit to seven miles, which would make the trans-shipment of contraband beverages more difficult.

The suggestion is receiving consideration by the government but revenue officers say that the extension of the three mile limit would only result in giving them a wider field to cover and that it would not hinder smugglers from plying their trade.

Leaders in the prohibition movement are asking that the Norwegian navy be mobilized for patrolling off the coast in search of rum runners. The

What Causes Skin Troubles?

Many of the fiery, itching skin troubles are due solely to disorders of the blood. Don't let these impurities torture you. Thousands have gotten relief from such troubles by taking S. S. S., the blood medicine that drives out the impurities and helps put in the healthy red blood corpuscles.

VIRGINIA DEMOCRATS ALLOW WOMAN VOICE IN THE PARTY

RICHMOND, Va., Aug. 31.—Representative Henry Flood, of the tenth Virginia district, was tonight unanimously elected chairman of the state Democratic committee to fill the vacancy caused by the death of Representative Rorer A. James, of the fifth district. Women members of the committee were accorded equal privileges with the men and a resolution was adopted giving them a vote and a vote in all deliberations of the body in the future.

Nearly all of the members of the state committee assented to the roll call and harmony prevailed throughout the meeting.

Addresses were delivered by Chairman Flood, Senator R. Lee Pringle, nominee for governor, Senator J. E. West, nominee for lieutenant-governor, W. W. Sale and United States Senator Claude A. Swanson.

KINDERGARTEN CLASS

The Misses Dreher, daughters of Dr. and Mrs. J. H. Dreher, 507 Princess street, will conduct a kindergarten class this winter, beginning October 4. They just recently completed a kindergarten course in Baltimore.

YEAST BEST WHEN TAKEN WITH IRON

If Weak, Thin or Rundown Try This New Treatment in Tablet Form—Watch the Quick Results.

Everyone has heard of the apparent wonders performed by yeast in restoring thin, sickly, and run-down people to health. And now it is found that even more surprising results are brought when yeast is taken with iron, the great blood-builder.

People who for years were weak, pale, anemic, and all run-down are regaining their strength and health almost as if by magic through this remarkably effective combination of yeast and iron. And the best of it is that you can take it in pleasant tablet form—no need to eat yeast cakes, which are so disagreeable to many.

The preparation in which these two great health builders have been combined is known as Ironized Yeast. This contains highly concentrated brewer's yeast which is far more effective than ordinary baker's yeast because it is richer in vitamins. Vitamins, as we all know, is the mysterious element which science has found to be so absolutely essential to health. Due to modern methods of food preparation, vitamins are lacking in most of our commonest foods—and that is why so many of us become sickly and run-down.

If you are suffering from loss of strength, if you frequently become exhausted, if your food has no taste for you, if you are irritable, thin, pale, nervous, or generally run-down, then try this remarkable new tonic.

Ironized Yeast will in most cases bring a decided improvement within three days. It will usually clear up swollen or mildly complexions within ten days. From everywhere come enthusiastic reports of what it is doing for people.

It is packed in patented Sani-tape packages and will keep indefinitely. Its cost is no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10¢ a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga.—

KU KLUX ORGANIZER IN LUMBERTON DOES LITTLE

Few Attend Speaking, Only Three Join

(Special to The Star)

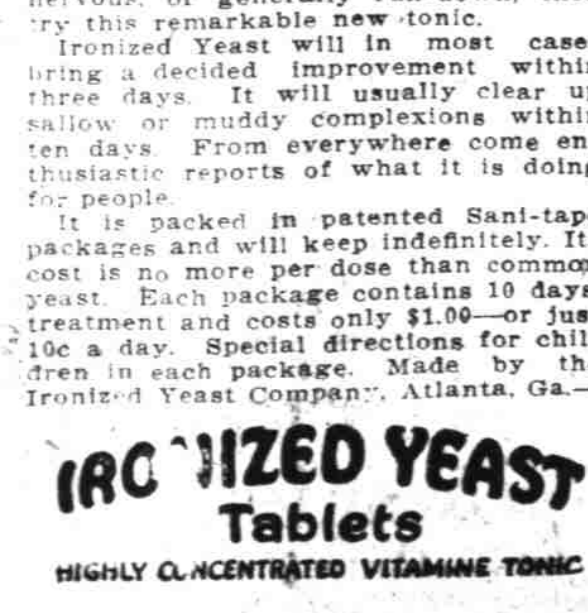

LUMBERTON, Aug. 31.—A Ku Klux organizer has been in Lumberton for the past week. About 50 local citizens received printed invitations to a meeting at the court house one night recently. The invitations were signed "The Committee." About a dozen men accepted the invitation and these heard the plans and purposes of the Ku Klux discussed by the organizer, who gave his name as C. E. Stevenson and Miami, Fla., as his home.

When the invitation was given for all who were members or wished to become members of the Ku Klux Klan to rise only three rose. It is not thought that the K. K. K. organizer is meeting with much success here. Stevenson says he has organized a Klan at St. Pauls, Robeson county, and will go to Maxton and Red Springs.

Mrs. Martha Ann Watson, aged 68 years, was found dead in bed at her home, near Lumberton. Heart trouble is supposed to have been the cause of her death. Francis Watson of West Lumberton, her son, died of typhoid fever within 24 hours after the death of his mother. Both were buried at Ten Mile Baptist church.

DREDGE IS REPAIRED

The dredge Cape Fear, which has been in port several days, undergoing minor repairs, will probably return to her location down the river some time this afternoon.

PACKARD

Not to ride in the Packard Single-Six is to overlook the market's largest value and the car that combines genuine Packard quality and power with economy.

YOU CAN SAFELY EXPECT FROM THE PACKARD SINGLE-SIX A YEARLY AVERAGE OF 17 MILES OR BETTER TO THE GALLON OF GASOLINE, 2,000 MILES OR BETTER TO THE GALLON OF OIL, AND 15,000 MILES OR BETTER FROM TIRES

The Packard Single-Six Touring is now \$2975, f.o.b. Detroit
