HELLO, FOLKS!

Seeing that there's no one else around to do it, I'll have to introduce myself.

My name is Wetzler—Leo Wetzler—and I'm the president of the American Woolen Mills Company of America, an organization of expert Tailors who are trying (and pretty successfully) to turn out the Best Clothes for Men it is possible to make—and at prices that are the lowest in America.

I'm going to take this space every few days to talk to you—in a way that will pay you to listen!

**RETAINS JUDGE BROWN IN RAILROAD TAX SUIT**

Former Associate Justice to Appear With Judge Bynum—Gov. Craig Also

By JULE B. WARREN  
RALEIGH, Sept. 29.—Governor Morison announced tonight that former Associate Justice George H. Brown, of Washington, had been employed to appear with Judge W. P. Bynum and the attorney general in the railroad suits against the state.

The governor is also asking former Gov. Locke Craig, of Asheville, to appear in this case, but does not know whether the ex-governor will be able to appear on account of his health. The governor believes that Mr. Craig is probably as well posted on this particular phase of the law as any man in the state, and would be of great service to the state in consultation and conference.

Judge Brown has already accepted the invitation to appear for the state. The attorney general's office has been busily engaged in making preparation for the legal battle with railroads, and is preparing to give the railroad lawyers a contest that will go down in the legal history of North Carolina as a battle royal.

**SIX HUNDRED BALES OF COTTON LOST BY FIRE**

St. Pauls, Robeson County, Has \$80,000 Blaze

(Special to The Star)  
LUMBERTON, Sept. 29.—Fire of unknown origin destroyed the Saint Paul's tobacco sales warehouse and 600 bales of cotton stored in the building at Saint Paul's, Robeson county, last night. The loss is estimated at around \$80,000, with \$60,000 insurance on the cotton. The cotton was owned largely by the Saint Paul's Cotton Mill company, and was all good grade.

The fire was discovered at 11 o'clock when a terrific explosion blew out one side of the brick warehouse. The explosion shook buildings in town. It is thought the explosion resulted from smoke and heat. Both building and cotton are a complete loss.

**GRAND ARMY VETERANS HOLD ANNUAL PARADE**

Enthusiasm for Them Runs High In Indianapolis

INDIANAPOLIS, Sept. 29.—Cheers, the tribute accorded always to heroes, were still ringing in the ears of hundreds of surviving heroes of Civil war tonight.

Shortly before sundown, the rear ranks of the Grand Army of the Republic passed the reviewing stand of Commander-in-Chief William A. Ketcham, bringing to a close the annual parade and the most spectacular event of the 55th encampment.

Tonight they were weary and sought the benches and rest places provided for them through the downtown district but as they hiked along today the veterans marched jauntily, tramping in step with the music of war drums and fifes.

Hundreds of automobiles were ready to carry veterans who might be unable to march but there were few who made use of machines unless they were totally disabled.

Proceeding the parade in the G. A. R. delegates met in a brief session and passed a resolution condemning the Ku Klux Klan. The Sons of Veterans passed a resolution.

"Whatever may be its purposes," said the G. A. R. resolution regarding the Klan, "we believe its methods are un-American, and that its existence is a standing menace to constituted government and to the open and impartial administration of the law."

The G. A. R. will meet again tomorrow, elect officers and select the city for the next encampment.

**JOHN E. ANDERSON, MASON OF FAYETTEVILLE, IS ELECTED**

(Special to The Star.)  
ASHEVILLE, Sept. 29.—The election of John H. Anderson, of Fayetteville, as general grand master of the first veil of the general grand chapter of Royal Arch Masons of the United States, is hailed with genuine pride by Masons throughout the state. Mr. Anderson has been active in the reception of the general grand bodies and was chairman of the executive committee.

In addition to the honor to the Fayetteville man, it is an honor to the state, as he is the first North Carolina Mason to hold an office in the general grand bodies. Mr. Anderson is a new illustrious grand master of the grand council and past grand high priest of the general grand chapter of the state. He is also a member of Swan temple of the Shrine.

**Gasoline Varies — Just as Crude Oil Does**

ORDINARY gasoline varies as widely in its qualities as the crude petroleum from which it is refined.

Many grades of commercial gasoline are one-sided—advantageous perhaps for one purpose, such as quick starting, but lacking in the all-around balance that means consistently smooth, economical running. This one-sidedness may be traced to the lack of diversity in the basic crude.

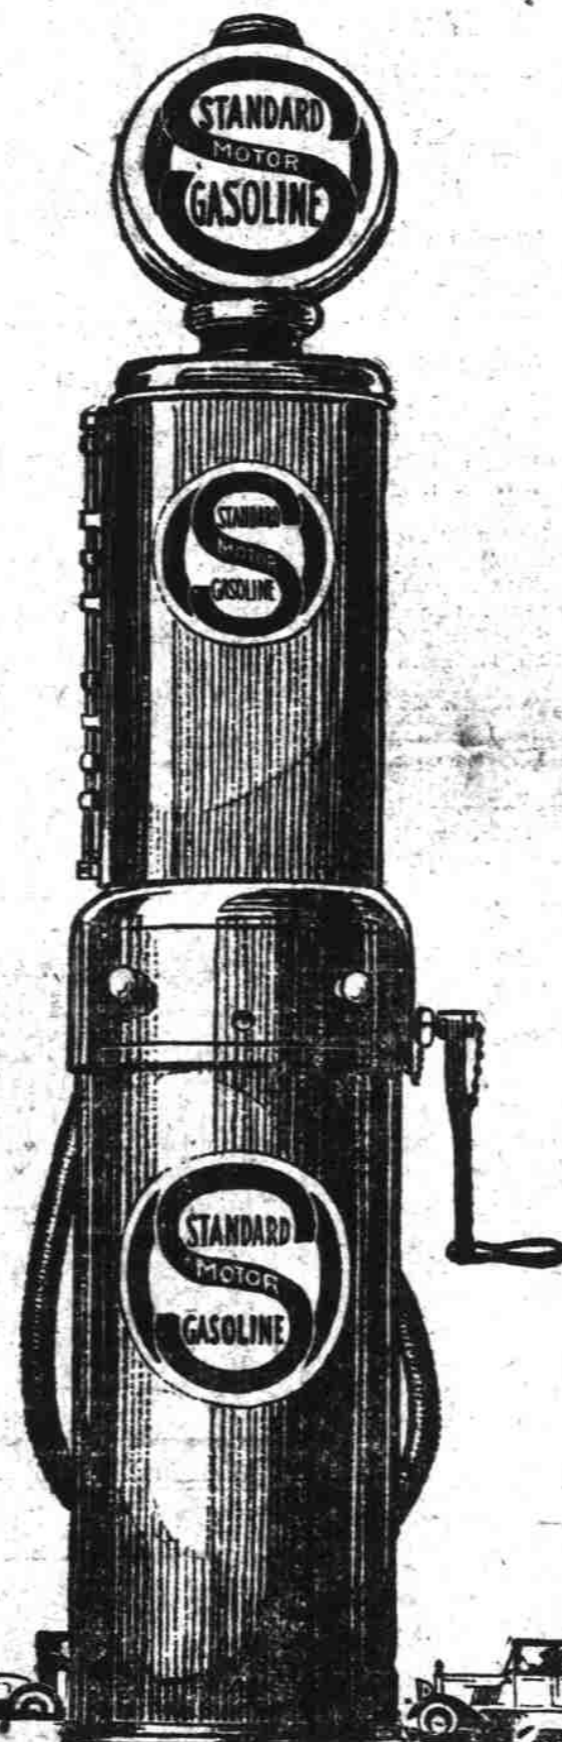

The improved "Standard" Motor Gasoline is the result of our access to widely varying sources of supply—covering almost every developed field—and our many years of refining experience.

Its perfect balance you may prove for yourself in your own motor.

Next time you need gasoline go to the nearest dealer and ask for "Standard." It costs no more than any other. Keep filling up with "Standard" long enough to prove its qualities.

You will soon notice that your motor runs sweeter and cleaner. You will find that you get more mileage per gallon and have less of the more annoying motor troubles. Your spark plugs and valve seats can't carbonize so quickly when practically every drop of the fuel burns clean.

You can now buy this improved motor fuel wherever you motor. It will pay you to fill your tank with it today.
