IN THE STREET CAR You might not think at first sugges ion that it was really bad manner to board a pay-as-you enter street car without the correct fare for your ride ready to give to the conductor or to put in the fare-box on the vestibule of the car. Yet when you come to think that bad manners are those that inconvenience others, and, those that show that you have not a proper re-gard for the feelings of others, then it pecomes clear that to fail to have your correct fare ready is nothing more

nor less than bad manners. It is also bad manners to linger b he entrance door of a street car just because you are not going to ride far and think that you want to be where you can get out quickly. This is bad manners because it is extremely inonsiderable and selfish. walk straight forward in the car. going as far as the crowd will permit rou would bow to an acquaintance in the street or as you would avoid eat-ing with your knife. Remember that every one in the car

pays the same fare and that so long as you are in the car you are the su-perior to no one. Some men have an annoying habit of opening their newspaper wide before them as they ide to their offices in the morning ubbing their elbows into the peop! who sit beside them and flapping their papers in the faces of those who stand pefore them. Supt. Parsons Declares Tanlac Gave Priceless Relief, Overcoming Stomach Trouble Entirely.

Among the well-known North Caroina people who have come forward with their unqualified endorsement of Tanlac is L. C. Parsons, superintendent of Public Works for the town of Kings

"It was several years ago when I took Tanlac," said Mr. Parsons, "but its wonderful benefits have remained with me to this day.

"For a long time before I got hold of this medicine. I suffered terribly from stomach trouble and was unable to find anything that would give me Everything that I ate disagreed with me and one kind of food seemed to cause as much suffering as another. Even water would hurt me and in about an hour after eating, the pains in my stomach would set in, at times so severely they would almost draw me double.

"I had read so much about Tanlac helping others that I decided to see what it would do for me. Well, sir, before I had taken half a bottle of the medicine, those pains began to disapear and five bottles fixed me up so fine that I haven't even had a touch of stomach trouble since. I would not take ten thousand dollars for the good
