

# SENATOR DELANEY AGREES TO CHANGE IN HIS DRUG BILL

## Measure Regulating the Sale of Drugs Made Less Drastic at Request of Druggists.

RALEIGH, Jan. 23.—The drug bill introduced in the senate by Senator J. L. Delaney, twentieth district, restricting the sale of drugs, medicines and medicinal preparations, was subjected to alterations in text, at the request of the North Carolina Pharmaceutical Association, to make it less drastic, the senator stated today.

The effect of the bill would be to prohibit a number of proprietary medicines from sale in general stores, except in certain specified instances and in certain cases where general merchants might be licensed to handle them, it was stated.

The text of the bill, which is of state-wide interest, according to political observers, is as follows:

Section 1. That section 6667 of chapter 110 of the consolidated statutes of North Carolina, as amended by section 6 of chapter 68 of the public laws of 1921, is amended so as to read as follows:

"It shall be unlawful for any person not licensed as a pharmacist or assistant pharmacist within the meaning of this article to compound, dispense, or sell at retail any drug, chemical, poison, medicine, or medicinal remedy, upon the prescription of a physician or otherwise, or to compound physicians' prescriptions, except as hereinafter provided, or for any person not licensed as a pharmacist to compound, dispense, or sell at retail any drug, chemical, poison, medicine, or medicinal remedy, except as an aid to and under the immediate supervision of a person licensed as a pharmacist or assistant pharmacist.

"Nothing in this section shall be construed to interfere with any licensed practitioner of medicine in the compounding of his own prescriptions, nor with the wholesaler or the possession of any dealer who shall be licensed as a pharmacist or who shall keep in his employ at least one person who is licensed as a pharmacist, nor with the selling at retail of the following non-poisonous domestic remedies: alum, borax, bicarbonate of soda, copperas, cream of tartar, epsom salts, gum camphor, gum assosettia, sulphide of quinin, sulphur, castor oil, spirits of turpentine, sweet oil, petroleum jelly, plain vaseline and such other household remedies, as the board of pharmacy from time to time designate.

"The sale of poisonous substances which are sold exclusively for use in the arts or use as insecticides when such substances are sold in unbroken packages bearing a label having plainly printed upon it the name of the contents, the word 'poison,' the vignette of the skull and cross bones, and the name of at least two readily obtainable antidotes.

"In any village of not more than 500 inhabitants the board of pharmacy may grant any licensed practicing physician a permit to conduct a drug store or pharmacy in such village, which permit shall not be valid in any other village than the one for which it was granted, and shall cease and terminate when the population of the village for which such permit was granted shall become greater than 500; provided that the board of pharmacy may, after investigation grant to any licensed practicing physician in a town or village of more than 500, and not exceeding 600 inhabitants, a permit to conduct a drug store or pharmacy in such town or village, subject to provisions of this article.

"Provided further, that the board of pharmacy shall, upon annual application and the annual payment of a registration fee of \$1.00, grant to any reputable merchant whose established place of business is outside the corporate limits of any city, town, or village in which there is a pharmacy, drug store, or apothecary shop, conducted or managed by a licensed pharmacist, a permit to retail, subject to reasonable rules and regulations, such drugs, chemicals, poisons or other pharmaceutical preparations, such drugs, chemicals, poisons or other pharmaceutical preparations, or patent or proprietary remedies, as the board of pharmacy may reasonably designate.

"Section 2. That section 6667 of chapter 110 of the consolidated statutes of North Carolina and section 6 of chapter 68 of the public laws of 1921, are repealed.

"Section 3. That this act shall be in force and effect from and after its ratification."

**SOROSIS WILL HEAR NEW NOVEL DISCUSSED**  
The literature department of the local chapter of North Carolina Sorosis will meet this afternoon at 4 o'clock, in the club rooms.

Mrs. Bright Taylor will be in charge of the program, which will be featured by a discussion of Willa Cather's new novel, "One of Ours."

**Try PISO'S**

**"GETTING GERTIE'S GARTER"**  
At Academy of Music Tonight

More than 200 applications for reserved seats to see "GETTING GERTIE'S GARTER" were turned down at the Academy of Music yesterday because every reserved seat in the house had been sold.

So popular has the presentation of this farce comedy by the Pickert Stock Company become and so great the demand for another performance that we have decided to show "GETTING GERTIE'S GARTER" again tonight.

More than 2,000 people witnessed the two presentations yesterday. You should see it today and help swell this army of "satisfied customers."

"GETTING GERTIE'S GARTER," as presented by the Pickert Stock Company, is one of the best attractions seen in Wilmington this season, regardless of the charge for admission.

Only one performance today—at 8:30 o'clock.  
ADMISSION, 25c, 35c and 55c

## "SHADOWS" OPENS TODAY

The interpretation of the Chinese character has long been a favorite theme for screen plays but it is seen in an entirely new light in "Shadows," the Preferred Picture presented by B. P. Schulberg which starts its local engagement at the Grand Theatre, beginning today.

The picture is based on Wilbur Daniel Steele's prize story, "Ching, Ching, Chinaman," which was acclaimed as one of the greatest stories of 1917. It tells of Yen Sin, a Chinaman, who drifts out of a storm at sea to Urkey, a little fishing village on the New England coast. The narrow-minded townsfolk despise and revile him because he does not hold the same religious convictions as they. How he battles his own soul to save those of his Christian associates, forms the keynote of a drama that will astound and grip even the most blasé picture-goer. Never has a Chinaman been portrayed so gorgeously. The usual run of motion pictures puts the Chinaman in a vindictive light, but Chaney, in "Shadows," is the sort of Oriental that Confucius or some other Chinese sage must have been: kindly, benign and helpful.

## "BROAD DAYLIGHT"

"Broad Daylight" at the Royal theatre presents a real truth. There are but two ends to a crook's career; the grey dawn of death or the "broad daylight" of reason. Seldom, it points out, does this white light of reason strike the crook. "Broad Daylight" as an all star picture, and roles are equally balanced between Lois Wilson, Jack Mulhall and Ralph Lewis in the leads, and Ben Hewlett, Kenneth Gibson, Wilton Taylor and Robert M. Walker in other partings directed, with a peculiar talent gained from years of experience as an actor before he ever undertook directing.

The plot is from the minds of two men who were newspaper men before they were screen writers; Harvey Gates and George W. Walker. Lois Wilson is the daughter of an old crook portrayed by Ralph Lewis, and Mulhall is a young bum who is mistaken for a rich politician's son by the girl's gang and married by her. When she finds out he isn't she throws him out, but sticks to him instead, and things come to pass which indicate to him that she is a crook and he leaves her. It takes everything Fate can do and three years' time to get them together again—but that's the usual thing with young lovers who part and are not inclined to take what they can get.

The authenticity of the situations in "Broad Daylight" can not be doubted, and with such a really stellar cast it could hardly be poorly enacted.

## "UNDER TWO FLAGS" COMING

The color of old Algiers, its massive but dilapidated barracks, its quaint alleys and its queer characters, are incorporated in the immortal story of Cigarette. "Under Two Flags," written by Ouida several decades ago, and seen on the stage and read by most of the world since then. The final perfect translation of "Under Two Flags" will be on the screen of the Grand Theatre next Monday, as a Universal-Jewel special production starring the "Dean of emotionalists," Priscilla Dean, who has the support of famous artists of filmland in this, the most pretentious vehicle of her career. Brilliant past performances give assurance of the quality of James Kirkwood's John Davidson's, Ethel Grey Terry's and Stuart Holme's portrayals. Fred Craven, Bert Wood, W. H. Burbidge and Burton Law have other roles.

To insure success at the start, if it could be doubted with such a star and story, Universal assigned the man who guided Miss Dean in "The Virgin of Stamboul," to direct her again. Tod Browning has been considered one of the master directors since the phenomenal reign of "The Virgin of Stamboul."

## "SHUFFLE ALONG," VICTORIA

"Shuffle Along," a musical melange, written, produced and presented entirely by colored talent and which enjoyed so long a run in New York, will be the attraction at the Victoria Theater on next Monday night. It is a typical colored performance and in a class with the kind of shows the late Bert Williams and George Walker used to lead before the former became a footlight fixture in New York. The dances are snappy, the music tuneful and syncopated and the singing is of a high order.

John Vaughner makes much out of his role as Steve. Just candidate for election, who, after his election, is accused of having secured the honor by fraudulent methods. The story centers around this and complications which follow. Edgar Conners plays the role of Sam Peck, the unsuccessful candidate.

# HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure

Doctors have found by experience that no medicine for colds, coughs, sore throat and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and colds and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One or two Calotabs on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Genuine Calotabs are sold only in original sealed packages, price thirty-five cents for the large family-package; ten cents for the small, vest-pocket size.—Adv.

date, and proves his mettle as a fun-maker. The piece is brimful of song hits, which include such well known numbers as "If You Haven't Been Vamped by a Brown Skin, You Haven't Been Vamped at All," "Love Will Find the Way," "Gypsy Blues," "Shuffle Along," "Wild About Harry," and others too numerous to mention.

Then there is a male quartet of merit and a number of specialties that add to the entertainment. Tickets will go on sale Saturday morning at the Wilmington Talking Machine company.

# Greatest Record of All

## President's Report to Stockholders at Annual Meeting, January 23, 1923

E. T. TAYLOR President C. M. BUTLER Vice President J. O. CARR Attorney W. A. FONVIELLE Asst. Sec.-Treas.

**CAROLINA BUILDING AND LOAN ASSOCIATION**  
201 PRINCESS STREET  
WILMINGTON, N. C., January 23, 1923.

### TO THE STOCKHOLDERS OF THE CAROLINA BUILDING AND LOAN ASSOCIATION:

Another year, making our 11th, has been one of great records, particularly in the development of your association.

It has been especially gratifying that in addition to paying out in dividends to its stockholders \$21,137.58, we have also increased our reserve from \$3,378.26 to \$7,834.30, and further the auditor's report will show that we have earned for our stockholders during the past year an average rate of .0657 per cent and in addition paid the taxes, not taking into consideration the interest uncollected on January 1. I would also call attention that in addition to this we have increased our net earnings \$16,864.64, making our total profits \$62,214.39.

We point with pride to the fact that your association has never had the loss of a dollar and there is not a loan on our books but what is protected to a 100 per cent value by first real estate mortgages and the interest return being greater for 1922 than 1921, naturally makes it possible to be of greater value to the community. One remarkable achievement is that our total business transactions amounted to \$1,031,619.91. Therefore, we are now doing what is known as a "Million Dollar Business." We have also made 324 real estate loans during the past year, aggregating \$469,797.10. Our assets have increased \$301,781.78. Our sale of shares has been the largest in our history by over 2,000, having sold a total of 12,910, with a net increase for the year of 5,761, ending the year with 25,218½ shares in force.

One year ago we felt if the association reached the \$900,000 mark by January 1 of this year, it would be a great achievement, and \$1,000,000 by July 1 next. It went far beyond our expectations and the year closed in assets of \$979,619.64, and with the present rate we feel that we will reach the \$1,000,000 mark by April 1.

We certainly desire to commend most heartily the stockholders for their co-operation, as by their efforts this great record has been made possible.

Respectfully submitted,  
*E. T. Taylor*
