"THE MORE YOU TELL THE MORE YOU SELL"

Ads. on Classified Advertising

—uses slogan sells his house . . . *

Mr. P. ran this Want Ad in the Star in an effort to sell his home:

FOR SALE—S-room brick residence, 165x170 feet, corner; will sell cheap. X 000, Star.

This Want Ad obviously has no picture-making power. It couldn't conjure up a picture of Mr. P.'s house in the minds of prospective buyers, and this is extremely helpful to a quick sale. Mr. P., not receiving good response from the above Want Ad, heeded the slogan, "the more you tell, the quicker you sell," and ran this Want Ad:

NORTH EDGEWATER RESIDENCE Eight rooms, brick, strictly modern, sun parlor and sun porch; 2 baths; 4 sun parlor and sun porch; 2 baths; 4 lavatories, hardwood throughout, mahogany finish, in good residential district; 3 car garage; hot water heat; 165x170 feet, corner; shrubbery and fruit trees; good transportation; will sell cheap on easy terms. Mr. P., 0000 N. Clark street. Rogers Park 0000.

This second Want Ad sold the house. The secret of this Want Ad's success is evident. It contained enough information to give a person looking for just that kind of house a definit picture of one worth his investigat-

The Star is trying to reduce these ineffective, wasteful Want Ads to the barest whisper of a minimum. It has been spreading the doctrine of "the more you tell, the quicker you sell." This slogan has been found to be effective for the correction of faulty Want Ads, because it states a fundamental sales principle which when intelligently applied pays dividends of greater returns per dollar

Let us help you write your ads. so you can consummate the deal that your ad., ordinarily written, would create. We would like to show you HOW "The More You Tell, The More You Sell—and the Quicke: You Sell." Call Phone 51 and ask for the Classified Ad: Department and we'll show you HOW you can secure better and quicker results.

HAVE YOUR MOTOR SENT TO US WE WILL MAKE IT GOOD AS NEW Every cylinder is bound to wear out or round in time. Often it is badly scored, and in either case you put in new pistons and rings every day, but it won't do any good, for round rings regardless of their design, positively cannot be made to fit an oval hole.

Gas will leak by the pistons, there will be a continual pumping of oil, fouling of the spark plugs, causing the engine to skip, splutter, and spit. It won't pick up in traffic, knocks, labors on the hills, smokes and consumes

quantities of gas or oil.
THERE IS BUT ONE REMEDY Your cylinders must be made per-fectly round again. That's our busi-We finish them as they were originally, in fact chey are better than new for they are seasoned and will stay put.
