Dr. Hamilton yesterday wired the surgeon General of the United States government, in Washington, requesting of the Marine hospital building be granted, for the purpose of treating the Up to last night no response had been received from this wire, Dr. Hamilton reported.

Because of the fact that there is no to treat contagious diseases, in New Hanover® county, Dr. Elliott had the negro removed to his office in the basement of the court house, where he spent the night and where he is now onfined, under the treatment of Dr. Elliott and Dr. Hamilton. The presence of a smallpox patient

in the court house basement today oc-casioned the vaccination of a number of employes of the health department including several ladies, and Dr. Hamlion was busy yesterday morning innoculating them with anti-smallpox accine.

Burney stated that he lived in a house with nine other negroes at Almont, and he informed the health offiers that he had been working at the Virginia-Carolina Chemical company's ertilizer plant at Almont.

Whereupon Dr. Hamilton instructed health officers to go to Almont this afternoon to quarantine the home where the negro resided, and also to vaccinate every worker at the plant with whom Burney was associated while at work in the factory. Dr. Hamilton reported that any workers with whom the smallpox pa-

### Kirby's Activities Nettles Democrats

By H. E. C. BRYANT. WASHINGTON, March 9 .- Southern mocrats are keenly interested in he story of the girl suing John H by, of Houston, Texas, for having to give up his name. Miss Olga Ralph, of Evansville, Ind., says that she was paid \$6,500 by Kirby to travel abroad with him and was promised \$500 a month for life for renouncing the name f Kirby, after she had adopted it at

request. Kirby has nettled lots of Democrats y his high tariff preachings. As head t the Southern Tariff association, he as created considerable interest in rotection south of the Mason and ixon line.

NEW YORK, March 9.—An opening decline in the cotton market was fol-lowed by rather sharp ralkies but after selling up from 30.75 to 31.15, May con-tracts broke to 30.70 under renewed liquidation. The close was at the low-est, with the general market closing easy at net decline of 11 to 30 points. The market opened steady at a de-cline of 9 to 20 points under a contin-uation of yesterday's selling movement and in sympathy with relatively easy tiverpool cables. The offerings were pretty well absorbed around the initial figures, with the market firming up t shortly after the call on covering or in erbuying, which was promoted by con-tinued favorable erports from the cot to goods markets and expectations of bullish week end figures. The advance t extended from 30.58 for March 030.955, while July sold up from 29.85 to 30.24 and October from 26.43 to 26.73. This made no gains of 16 to 25 points as compared with last night's close, but the bulge brought in a renewal of real-izing for over the week end, and while the weekly statistics were bullish, prices were easter in the late trading on reiterated reports of a slower spot demand in the south. Old crop months throughout the centuries. The one who serves others, gains all that is most worthwhile, and takes first place in. the kingdom where character counts. prices were easier in the late trading on reiterated reports of a slower spot demand in the south. Old crop months were relatively easy on this break, with March selling off to 30.55 and July to 29.80 or 20 to 28 points net lower. The new crop months which had been sold a little more freely earlier in the week were sustained to some extent by covering but October declined to 26.41 or 11 points net lower. Later af-ternoon advices from the southwest said that buyers were indifferent and that it was more difficult to sell spot cotton, and somewhat similar reports cotton, and somewhat similar reports were received from Georgia. There was a good class of buyin during a portion of the day which gav prices a sharp rally but early buyer met with disappointment when a com siderable number of contracts came o siderable number of contracts came o the market during the afternoon. Spinners' takings for the week wer commented upon favorably. Further more, Liverpool quotations were re garded as showing confidence. The for warding of American cotton from Liv warding of anchester ran down'to 29.00 bales as against 33.000 last week an the same number the same week las year, which may be taken to findicat either fair stocks of American cotto in the hands of Manchester spinner or reduced requirements. There is tendency in the cloth market to eras prices as futures run down which, ca not be lookéd upon with the best of favor because if traders there wer fully confident adverse fluctuation would be improbable.
