Tonight Is Your Last Chance To Secure Winning Votes

Tonight is the big night for candidates in the four-car and gold campaign. Promptly at midnight tonight the biggest vote schedule of the entire campaign goes out of effect. And after that only a short time remains before the campaign will be over and the four automobiles and numerous other prize winners will be announced.

Tonight is expected to be an overwhelming one in the matter of subscriptions turned in and votes cast and preparations have been made for an enormous onrush. The few hours that remain of the big vote schedule will perhaps be the most important ones to candidates of the campaign. It behooves each candidate to make the greatest effort. As will be seen by the count of votes today, the last few days have brought forth a spirit of hustle that has never been equalled. Candidates declare they are doing their best work now, and hardly one but states that they will be near one of the four automobiles by the time the last remittances are in tonight.

That tonight will be the busiest night for the candidates in the whole campaign is forecast by their enthusiasm shown in preparations for the big day that are now going on. Outside candidates report that almost everyone in the small towns and the country around are deeply interested in the outcome of the race as the candidates themselves. Civic pride will play an important part for these hustling communities are very anxious to see that their candidate brings

home one of the biggest of the awards. Personal pride in the achievement is also coming to the front. No candidate wants to lose after going this far, and it is certain that they will take care that they poll a sufficient number of votes before 12 o'clock tonight to win.

It's a merry tussle and the interest is growing keener every hour. In the past few days the voting has been augmented, doubled and trebled in some cases, by friends who are getting into the fray, anxious to do their "bit" so that their favorite candidate will pluck the biggest of the cars.

Outside candidates can devote exactly as much time to the big vote schedule as the city candidates, as they have the privilege of mailing their remittances any time up to the closing hour—12 o'clock tonight. All letters bearing a postmark not later than 12 o'clock tonight, April 23, will apply on the big vote schedule. Don't forget that tonight is your last chance to benefit by big votes. Tonight at 12 o'clock is the final hour to get the maximum number of votes for every subscription secured. All persons in the office on or before that hour will be waited on and their subscriptions will be credited on the first period schedule. Subscriptions that are mailed, providing the envelope bears a postmark not later than 12 tonight will also count on the first period schedule. This gives everyone an equal chance to work up until the last minute. Go to it! May the best hustlers win!
