## DUSK ON THE HILL ROAD

The long, sweet, twilight roadway of the hills—  
A shy star trembling on the farthest crest;  
Deep-nested valleys where the still dusk fills  
With slow, far-reaching shadows of the west.  
Tender and white a little moon hangs low,  
Glinting a winding river, silver-gray;  
Amber and pink, the sun's faint after-glow  
Brushes the heights, and slowly dies away.  
And down the dew-wet, fragrant dusk the road  
Goes on unfettered, where the sumach glows,  
And gleaming goldenrod nods with its head,  
And here the crimson berry of the rose,  
And now the greatest height, where far lands lie  
And velvet soft within the twilight gray;  
Vast distances and silences,—and high thoughts  
Lifted like a holy one who prays.  
And then a valley where the breezes blow  
The deep, sweet breath of freshly up-turned loam,  
A lighted lamp across the fields,—  
and lo,  
The one who came the hill road has come home.  
—By Grace Nell Crowell, in the August Scribner's Fiction Number.

Miss Eda Knight, of Woodlawn, Birmingham, who has been the guest of Mrs. H. F. Wilder, 202 North Third street, has returned home.

Mrs. Lillian Pearsall, of Raleigh, arrived yesterday at Wrightsville Beach for a stay of several days.

Miss Myrtle Cauchert and Miss Vivian Wooten, of Kanopolis, are spending several days at the Oceanic hotel, at Wrightsville Beach.

Return From Abroad  
North Carolinians will be especially interested in the following item from the Charlotte Observer:

Sidney Blackmer, the famous New York actor, landed in New York last Tuesday on the Leviathan after a stay of a couple of months in England and on the continent. He went abroad to confer with the author and playwright, Rafael Sabatini, in whose play, "Scaramouche," he is to appear in the fall.

Sabatini wished to center the play about Mr. Blackmer's personality, which he has been studying intensely during the young American's visit to him at his estate in Wales. Mr. Blackmer was honored everywhere he went and celebrities hastened to do him honor, among them the prima donna, Mary Garden, at whose beautiful Monte Carlo estate he was entertained.

At present Mr. Blackmer is visiting his mother, Mrs. Walter Blackmer, in Salisbury. Mrs. Blackmer, Mr. Blackmer and Mr. Luke Blackmer left Salisbury yesterday for the mountains of western North Carolina, where they

will spend a week, visiting at Mayview Manor, Blowing Rock and Grove Park Inn, Asheville. They will then return to Salisbury.

Mr. Blackmer, aside from being famous for his genius, is charmingly known personally to many Charlotteans who have followed his meteoric stage career in the metropolis with affectionate interest.

**IRRITABLE, CRYING CHILDREN OFTEN FAULT OF MOTHER**  
Baby's Delicate, Tiny System Needs Plenty of Nourishment to Develop Into Healthy Contented, Normal Child.

Tie a string around your finger and see what happens. The whole hand will soon begin to ache and throb with pain. The finger cannot receive nourishment and strength from the body and if the string is set so long enough the finger will weaken and shrivel up.  
The same thing happens when any other part of the body is cut off from its normal supply of food and life-giving blood. If let alone, disorders of the human system result in the same weakening and withering process.  
So-called disorders of women are virtually strings tied around the female organs, which cut them off from their source of invigorating and vital nourishment. You cannot see the string but you can feel it because it soon shows itself in such distressing symptoms as headaches, backaches, nervousness, nausea, pains in the sides and lower limbs, cramps and that dreadful tired and worn-out feeling of depression, so common among weak and undernourished women. Kidney, liver and bladder troubles are the invariable result of neglecting this condition too long.  
St. Joseph's G. F. P. acts quickly on the delicate female organs, relieving them from Catarrh, which has been proven to be the cause of nine out of ten cases of so-called "female disorders"; and enabling them to get nourishment and strength. It stimulates the action of the digestive organs and enables the excretory organs to expel impurities from the system, so that rich, red blood, filled with nourishment goes coursing through your veins to every nerve, muscle and tissue in your body.

**Corns**  
Just Say **Blue-jay**  
The simplest way to end a corn is Blue-jay. Stops the pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plasters. The action is the same.  
At your drugist
