dually. It granted the employesigners a five per cent wage increase and other benefits and bound them in return not to strike or to

demand a union agreement. The Labor board, ruling in a proceeding started by an AFL union before the contract was signed, or dered the company to desist from giving effect to it and to bargain with the union upon request. The firm fought the order principally on two grounds:

1. That the board failed to make the employes who signed the contract a party to the action. 2. That the complaint on which the board was acting made no allegations against the contract, which

had developed afterwards. The court, in a 15-page decision by Justice Stone, said on the first point that the board's function was not to adjudicate private rights but to effectuate the public policy of the Wagner act and that in its alone and that it would take \$600, proceedings there was "little scope

or need for the traditional rules governing the joinder, of parties in litigation determining private night and a Pennsylvania man who rights." On the second point, the touched a live wire blown down by court held that the negotiation of the contract was a continuation of there were many traffic accidents the unfair labor practices alleged in and mishaps involving pedestrians the original complaint.
