

PRICES OF FARM PRODUCE RETREAT

Cabbage, Lettuce, Green Peas, Berries Are Weaker On Northern Markets

RALEIGH, May 15.—German victories in Europe have sent prices of North Carolina farm products down, A. B. Harless of the department of agriculture market division said today.

This state's cabbage, lettuce, green peas and strawberries were weaker on northern markets today, Harless said.

In Philadelphia, cabbage lost 25 cents a one and one-half bushel hamper; lettuce fell 10 to 25 cents a five-peck hamper; green peas dropped 15 to 35 cents a bushel; and strawberries receded 50 cents to \$1 a crate.

Also, strawberry prices fell on North Carolina auction markets. Twenty-four quart crates of the best quality were 25 to 30 cents lower at Burgaw, 60 to 65 cents lower at Chadbourn and 35 to 50 cents lower in Wallace, but prices at Mt. Olive held "fairly steady."

Tar Heel hogs, fed steers and yearlings dropped 25 to 40 cents a hundred pounds, and butter fell one-half to one and one-half cents a pound.

Woolvin Building Donated To Social Center Group

The Woolvin building, 223 Princess street has been donated to a group of young Wilmingtonians interested in the formation of a social center for the youth of the city, through the efforts of owners and J. E. L. Wade.

The section of the building occupied by the police department while the old city hall was being remodeled will be used as will a part of the third floor, the purpose of which will be storage of equipment.

The space will be for dances, parties and any other functions desired by its users.

The members of the advisory board for the social center are: Mrs. Clayton Grant, Mrs. Frances Trigs, Mrs. C. Wayne Spencer, Miss Anne Tilghast, J. B. Edwards, Nat Pepper, McKean Maffitt and J. B. Huntington.

Ladies Night Postponed By 'Jolly Junior' Club

The ladies' night supper meeting of the Jolly Junior club scheduled for tonight has been postponed, R. J. Cook, president, announced yesterday.

The Junior Order softball team has a game scheduled for that date. Cook requested all members of the club to attend the regular meeting of George Washington council Friday night to set another date for the outing.

Development Of Beach Discussed By Crocker

Lloyd Crocker, safety superintendent of the Wilmington district, Atlantic Coast line, spoke at the meeting of the Carolina Beach Civitan club held Tuesday evening at Brewer's Inn.

He spoke on the possibilities for development at the beach and on the for safety on the highways.

INDEX UNCHANGED

NEW YORK, May 15.—Time magazine's index of business conditions was unchanged last week at 93.4. A year ago the index stood at 92.1. The index, which is derived from money and banking figures, reports not on business volume but on changes in underlying conditions likely to affect the volume of business.

Extension Of Conflict To Aid Steel Industry

NEW YORK, May 15.—Extension of the European war to Holland and Belgium promises to bring immediate demand for increased United States steel, "Iron Age" said today in its weekly review of the industry.

"Great Britain," the review said, "probably cut off from supplies of steel from Belgium, upon which she depends to a considerable extent, will look to the United States to make up the deficiency. Inquiries for about 100,000 tons are being quoted on and others are expected to follow shortly. France is inquiring for shell steel, of which a large quantity may be bought as soon as complications arising from very rigid specifications are straightened out. Britain is expected to hurry the placing of additional shell and other munitions contracts that have been under negotiation here. . . . It is estimated that about 4,500,000 tons of steel a year previously sold by Belgium in world markets may be added to American sales, which would approximately double the volume of recent months."

NAZIS GET RESIN ARTIFICIAL TEETH

German Dentists Schooled To Use Resin For Gold And Other Metals

BERLIN, May 15.—German dentists are being schooled in the use of artificial resin to replace gold and other precious metals generally used in dental work. This statement was made by the Reich's dentist leader, Fritz Blumenstein, at a meeting of dentists of Lower Saxony.

Blumenstein advocated the use of artificial resin as material for artificial teeth. Made completely from German raw materials, artificial resin has great advantages as compared with metals, especially the gold used heretofore, Blumenstein claimed. These facts, he said, have been proven by thorough practical tests conducted for more than a year.

The question of using artificial resin generally in dental work will be approached after training of all dentists in the use of this new material has been concluded, he predicted.

Scarcity of precious metals in present-day Germany often handicapped dentists in their work. Patients in need of bridge work requiring gold were often turned away if they could not produce the quantity of gold needed. In numerous cases golden rings or other articles of gold were sacrificed for dental use.

PLEAD INNOCENT

CLEVELAND, May 15.—Innocent pleas were entered in federal court today for 94 defendants listed in the government's anti-trust indictment against the plumbing industry. Seven others signified intentions to file demurrers and were not required to plead. Former Gov. Walter J. Kohler, of Wisconsin, another defendant, died since the indictment was returned.

DIAL TELEPHONE SETUP EXHIBITED

Demonstration Is Given At Weekly Kiwanis Meeting By Norris Russell

A demonstration of the dial telephone system to be placed in operation shortly was given at the Kiwanis club luncheon meeting yesterday.

A demonstration unit was installed in the ballroom of the Cape Fear

hotel and following luncheon Norris Russell of Charlotte, demonstration aide of the operating company, introduced by J. R. Thomas, Wilmington manager, explained and demonstrated its intricate mechanism and accurate functioning.

As the device is as complex as it is efficient, it would be difficult to explain it. Some idea of its complexities may be gained from the fact that it contains 3,000,000 separate wire connections.

Russell said the telephone company's investment in land, building and equipment in its new exchange here amounts to \$600,000.

Loving Believes WPA Decreases Employment

WASHINGTON, May 15.—Harry W. Loving of Charlotte, N. C., executive secretary of the Carolina branch, Associated General Contractors, says he believes the WPA decreases employment rather than adds to it.

He so remarked before a house appropriations committee considering the next WPA appropriation. Loving said many contractors in North Carolina had been forced to decrease the number of their employes because work they ordinarily would do was being done by the WPA.

Simmons Ordered Held For Superior Court Term

Charged with the slaying of Sam Knight, negro, 302 King street, James E. Simmons, negro, was ordered held under a \$5,000 bond until the next term of New Hanover superior court, when he received preliminary hearing in recorder's court yesterday.

Knights died Saturday night at James Walker Memorial hospital as a result of blows on the head allegedly inflicted by Simmons during an altercation Saturday morning at the Southern Box and Lumber company's plant. Estell Bell, assault with a deadly weapon, was found not guilty as charged. Charlie and Elizabeth Underwood, negroes, pleaded guilty to the charge of affray where deadly weapons were used. They were given 30 days each on the county farm.

BRITISH CAPTURED

BERLIN, May 15.—D.N.B. official German news agency, reported tonight that 80 British soldiers had been taken prisoner in a German attack near Merzig, 30 miles northwest of Saarbrücken on the magnet line-westwall front.

The Handley Page Harrow

A British heavy bomber, is powered with twin engines, which give it a top speed of 200 miles an hour. The plane had a bomb load of about 10,000 pounds, a maximum range of 1840 miles.
