# BUSINESS OUTLOOK INSPIRES STRONG MART RAI

#### STEELS, MOTORS, OTHERS ADVANCE

Press Average Of 60 Stocks Scores Net Advance Of 1.4 Points At 38.4

NEW YORK, June 11-(A)-Domestic business prospects overshadowed cloudy war news in today's stock market and leading issues rallied one to more than five points.

prices moved up from the ceening and attained best levels in the final hour, with steels, motors, aircrafts, coppers, oils and special-ties out in front. Light selling at the close shaded top quotations in

many cases.
The day's recovery more than wiped out yesterday's relapse on balance. The associated press average of 60 stocks came back for a net advance of 1.4 points at 38.4. widest upturn for a single session since Oct. 17. last year. The composite was off 1.2 points

Dealings were relatively slow the greater part of the day, but picked up in the afternoon. Transfers amounted to 769,890 shares compared with 971,440 the day before. Technical factors, brokers said, aided the revival. Short covering in the morning, on the theory the market may have been "oversold," brought modest buying from investment sources. The opinion was expressed by some the recent decline may have discounted most of the adverse developments

contingents appeared heartened by the way the market took the announcement of Italy's plunge into the European conflict on the side of Germany. A further spur to industry was also seen in the President's speech last night indicating defense spending and aid for the Allies would be much bigger than previously contemplated. Sharp expansion in the country's gold stocks brought a slight touch of inflation psychology to specula-

tive forces. Prominent share gainers included U. S. Steel, Bethlehem, General Motors, Chrysler, Douglas Aircraft, Sperry, Westinghouse, Anaconda, Kennecott, Standard Oil of N. J., Dow Chemical Allied Chemical, American Can, International Harvester, Norfolk Western, American Telephone and Montgomery Ward.

NEW YORK SUGAR NEW YORK, June 11-(P)-Demand for domestic sugar futures gathered momentum today and prices rose 3 to 5 points.

Especially encouraging to buyers was the belief congressional action this session would extend the present sugar act through next year. Possibility of buying for European relief distribution was also mentioned as a bullish factor. Sales totaled 19.250 tons.

The world list added 1-2 to 2 points on sales of 2,850 tons; July 1.17B, Sep. 1.14 1-2B. Most of the demand was predicated on the theory purchases of world sugar must increase, regardless of outcome of the war, because of beet crop destruction in war areas. Spot sugar declined 2 points in the raw market on a sale of 4,000 tons of Philippines due June 19 at 268 cents a pound. Other business

eleared offerings at the close. Refined remained at 4.50 cents pound in eastern territory.

NEW YORK COTTON

NEW YORK, June 11-(A)-Cotton futures climbed 19 to 29 points Dept Agr.)—Potatoes, total U. S. today while traders optimistically considered administration pre-

nated when overseas offerings had been absorbed.

Vigorous buying by speculative interests and trade accounts, motivated in part by an advancing securities market and price gains in most other commodities, sent the list skipping ahead.

A considerable share of buying orders came in for July, which reflected limited offerings and high prices of spot cotton in the south Bullishly inclined operators argued government buying of the staple as part of the defense program might increase domestic consumption to as high as 9,000,000 bales next season. Such demand, it was reasoned, would go far toward offsetting curtailed exports

## IN LATE TRADING

Fair Sized Group Of Rails, Industrials, Utilities Make Fair Advances

NEW YORK, June 11.-(P)-Bonds made a belated gesture toward higher prices today after lag-ging behind most of the session under the handicap of weak foreign dollar loans.

At the close a fair sized group of rails, industrials and utilities had established net gains of fractions to more than a point and some 1-8 of the heaviest losers in the foreign 3-4 section recouped part of the day's losses. U. S. governments were out 3-8 in front throughout.

The turn around followed a better performance in stocks and commodities which was attributed in financial quarters to a calmer 1-4 view of the European war and 1-2 fresh appraisal of domestic busi-

3-4 ness prospects.
3-8 As on Monday, heaviest losers 3-4 in the foreign section were obliga-1-2 tions of Italy and some of the 5-8 South American countries. Argen- free British pound bounded 32 tine 4s, 4 1-2s and 5s lost 5 to 6 cents today in the latest violent points; Rome 6 1-2s yielded nearly twist since England announced it 16 5. Japanese 5 1-2s and 6 1-2s were payment for empire goods. 1-4 ahead 1 to 2 points.
