Aliens Here Are Ordered To Register

Sinclair Says Must Register
Before Court Term Or
Face Grand Jury

STATEMENT IS GIVEN

Persons Knowing Of Non-Registered Aliens Asked To Report Them

District Solicitor David Sinclair yesterday added impetus to the drive for the registration of all aliens in New Hanover county by declaring that all persons over 16 years of age, who are not naturalized citizens, must register with the clerk of superior court before the next term of criminal court or they will be presented to the grand jury for the purpose of indictment.

Under instructions of Superior Court Judge W. H. S. Burgwyn and the county grand jury, Solicitor Sinclair said yesterday he intends to head all his efforts to see that the law is strictly enforced.

Definition
Aliens are defined as persons over 16 years of age who are not citizens of the United States. It makes no difference under the law that country the alien is from, as long as he is not a citizen of the United States.

Sinclair further asked that "anyone knowing of any alien who is not registered will kindly report the name to the chief of police or to Sheriff C. David Jones in order that the proper prosecution of such persons shall immediately take place."

The solicitor said he has written to the sheriff and the chief of police and to the immigration inspectors here for the purpose of having their combined offices made known to the next grand jury any alien who has failed to comply with the law.

Sinclair has also taken up the matter with the clerks and law enforcement officers in Pender, Currituck and Dare counties.

MONTEBELLO, Que., June 13.—(AP)—Crown Princess Juliana of the Netherlands and her two baby girls, (shown above) fleeing the war in Europe, took refuge tonight in the rugged Laurentian mountain country 40 miles east of Canada's capital, Ottawa. The princess was given ten rooms at the Seigniorie club, the famous log chateau of this woodland retreat on the Ottawa river. She arrived by special train from Halifax shortly after noon.

A warship of the destroyer type was sighted near the lighthouse off the coast of Southport yesterday but the belief that the vessel was of the British navy could not be confirmed.

SENATORS PROPOSE ADDITIONAL TAXES

Make Call For Miscellaneous Levies That Would Raise \$240,000,000

WASHINGTON, June 13.—(AP)—Senate finance committee members suggested today that miscellaneous taxes to raise more than \$240,000,000 a year—including a cent-a-bottle soft drink levy—be added to the \$1,004,000,000 defense revenue measure voted by the house.

The committee, continuing hearings on the tax legislation, received a proposal from Chairman Harrison (D-Miss.) that a sliding scale of amusement taxes might be imposed to raise an additional \$60,000,000 a year. The pending bill would decrease the exemption on admissions from 40 to 30 cents, but Harrison urged that a sliding scale starting on 10-cent admissions be enacted in

HOEY SAYS BATTLESHIP N. C. SPEAKS LANGUAGE DICTATORS UNDERSTAND

By GREGORY HEWLETT
NEW YORK, June 13.—(AP)—As sirens screamed and thousands cheered, a ship of war destined to be one of the mightiest units in this country's first line of defense skidded down the launching ways into the East river today.

It was christened the U. S. S. North Carolina and was properly claimed by the secretary of the state and the governor of that state as a symbol of the step-by-step defense program ordered by the United States since Europe was plunged into war.

"It speaks a language that even a dictator can understand," said Gov. Clyde R. Hoey shortly before his daughter,

Senate Votes \$50,000,000 For Red Cross

Bloc Drafts Plans To Oppose Direct Transfer Of Military Equipment

LONG SESSION LOOMS

Way Cleared For Bill To Allow Indirect Assistance To Britain And France

WASHINGTON, June 13.—(AP)—Unanimously and unquestioningly, the senate approved a \$50,000,000 appropriation for Red Cross relief work among the homeless civilians of the allied lands today, but a bloc of senators was reported to be organizing to prevent any direct transfer of military equipment from this government to Great Britain or France.

At the same time there were accumulating indications that congress would be in session for some time to come. Speaker Bankhead said that original plans for adjourning on June 22 probably would have to be abandoned, and majority leader Rayburn assured the republican members that they would have "all the opportunity to stay in Washington this summer" that they may desire.

Urge Long Session

Republicans in both houses of congress had adopted resolutions opposing adjournment so long as the present European crisis continues. A number of democrats also had urged that congress stay in Washington.

The question came up on the House floor today, with Rep. Treadway (R-Mass.) asserting that Mr. Roosevelt had endeavored to "run to cover" in his recent statements and to dispel any idea that he was anxious for congress to go home.

Five Air Raids Made On Malta Naval Base

VALETTA, Malta, June 13.—(AP)—Five air raids were made today on this British naval base in the Mediterranean.

Anti-aircraft fire was heard but details were lacking.

Four Italian ships intercepted by the British contraband control before Italy's declaration of war have been seized by the police. One will be released to take Italian nationals to Italy.

Hostile naval craft have not approached the shores of Malta.

WASHINGTON, June 13.—(AP)—The House approved 329 to 42, today a bill directing the attorney general to deport Harry Bridges, general to deputy maritime leader, to Australia, immediately. The measure now goes to the senate.

As originally introduced by representative Allen (D-La.), the bill was aimed at possible deportation of Bridges as an undesirable alien, but provided for a hearing and trial.

Turkish Officials Declare That Agreement Has Ap- proval Of Their Allies

MORE MEN CALLED

TURKEY

ANKARA, June 13.—(AP)—Turkey signed a pact with Germany today for the exchange of 14,000,000 American dollars worth of tobacco for spare machinery parts, but Turkish officials said the treaty had the approval of their Allies, Britain and France, and represented no lessening of the alliance.

The Allies, it was said, do not object to Turkish tobacco going to Germany, nor to Turkey getting machines and parts from Germany which she cannot get elsewhere. Most of the parts are for the national railways.

Products Ready

Officials said the products were ready to be shipped and probably would be entirely moved within the next two weeks.

The deal thus was interpreted as a sign that Turkey thinks it not likely she will be involved in the new Mediterranean war in that time.

Will Continue Aid

"Great Britain will continue to give the utmost aid in her power," said the British government's message to France.

"We shall never turn from the conflict until France stands safe and erect in all her grandeur, until the wrong and the wronged and enslaved states and peoples have been liberated and until civilization is free from the nightmare of Nazism."

ITALY WAGES WAR ON WIDE FRONTS

King Calls Upon People To Put Everything They Have Into Conflict

ROME, June 13.—(AP)—Italy waged war or fought off attacks with her air and sea forces in half a dozen scattered zones tonight, and Fascists predicted their armies, too, would be on the march before long.

On the third day of sparse and inconclusive war-making, King Vittorio Emanuele called upon all the peoples of the new Roman empire to put everything they have into the conflict for the cause of justice and Italy's own independence.

BRITISH PUSH AID

Pledge To Continue War Made After French Pre- mier Calls On F. R.

PLANES ARE BUSY

BRITAIN

LONDON, June 14 (Friday).—(AP)—Great Britain, drawing from forces reserved for defense of her own island in face of an expected Nazi invasion, rushed reinforcements to France today and renewed her pledge "to continue the struggle at all costs in France, in this island, upon the ocean and in the air wherever it may lead us."

This pledge was made shortly after Premier Reynaud in a dramatic radio broadcast said there was "no sense" in continued resistance unless there was a "common" democratic victory in sight, and had asked for "clouds" of airplanes from the United States to defend "wounded" France.

White House Asserts All Possible Aid Is Being Sent To Allies

WASHINGTON, June 13.—(AP)—The White House, commenting on Premier Reynaud's "new and final" appeal for United States help, said tonight that "everything is being done that possibly can be done."

Attaches at the executive mansion said Stephen Early, presidential secretary, had directed them to relay that word to any reporters who inquired.

The text of Reynaud's appeal had not yet been received here.

Challenges Americans To 'Declare Selves Against Nazi Germany'

'LOSING BATTLE'

FRANCE

TOURS, France, June 13.—(AP)—Premier Paul Reynaud made a "final" appeal tonight to President Roosevelt for "clouds" of aircraft and challenged Americans to "declare themselves against Nazi Germany."

"We know what a high place ideals hold in the great American people," he said in a broadcast to his country while the German invaders struck down on both sides of Paris.

"Will they hesitate yet to declare themselves against Nazi Germany?" "Losing the Battle"

He spoke of the French as "losing this battle," but declared that "despite our reverses the power of the democracies remains immense. We have a right to hope that the day is coming when all that power will be placed in France."

But he remarked pointedly that France's fight "has no further sense" if a growing hope of a "common" victory is not seen — "even far away."

In announcing his second plea to Mr. Roosevelt for aid — the first, asking all aid short of an expeditionary force having been made public today—the premier declared: "It is necessary that clouds of airplanes come from across the Atlantic to crush the evil power that has descended over Europe."

Having already been promised the full material aid of the United States, this urgent request was taken to mean that he had in mind that planes should be rushed here in actual flight across the ocean.

Army Sacrificed

HITLER SAYS DRIVE IN NORWAY ENDED

Praises Soldiers For Victory That Cost Great Britain 144 Warships

BERLIN, June 14.—(Friday)—Adolf Hitler today pronounced the Norwegian campaign finished and in an order of the day called the victory in the north one of the brightest pages of German history in which 144 enemy war vessels and transports had been destroyed.

Hitler said the English blockade against Germany was broken, and that Germany was now in possession of a "strategically important flank position" facing the English east coast.

"The British effort to dominate this region, so necessary to Germany, has been shattered, thanks to your willingness to sacrifice," Hitler said to his soldiers.

"I made the utmost demands of you, you have more than fulfilled them."

A summary of the operations issued simultaneously stated Germany had lost three cruisers, 10 destroyers, six submarines, one torpedo boat and 15 other naval craft, but otherwise had suffered surprisingly light losses, including only 90 planes, 1,317 soldiers killed

Nazis Say French Army Will Not Defend Paris

REAL FATE UNCERTAIN

Germans Are Certain Decision Will Be Reached Within Next Few Hours

BERLIN, June 13.—(AP)—Authoritative reports of an impending German radio ultimatum for surrender of Paris, with the alternative of devastation, were followed tonight by a published report that the French would not defend the city from within.

The report was carried under a Paris dateline by DNB, the German news agency. One interpretation here was that the French decision had been made to save the city on the Seine from the fate of smashed Warsaw.

None could say, however, whether it could be regarded as satisfaction in advance of the expected demand from the German high command that the French capital actually surrender.

Fate Uncertain
This left uncertain the real war fate of Paris.

There also was no official confirmation that negotiations were under way through a third party—apparently the United States embassy at Paris—to withdraw the battlezone from Paris.

Reliable but unofficial source said, however, that United States Ambassador William C. Bullitt had relayed a message from the French, saying that only firemen and police remained to watch over the newly declared "open city."
