Advertisements taken for less than 45 cents.

Ads ordered for a special number of days and stopped before expiration, will only be charged for the number of times the ad appeared and adjustment made at the rate of the special rate of yearly advertising upon request.

Charged ads will be received by telephone if advertiser's name is listed in telephone directory, and bill will be sent next day.

Count five average words to the line.

All discontinuances should be made in person at the Star-News office, or by telephone, must be confirmed by letter.

Ads are restricted to their proper classification and to the regular STAR-NEWS style of type.

Errors in advertisements should be reported immediately. The Star-News will not be responsible for more than one incorrect insertion. No ad taken for less than basis of three lines.

Cards of thanks charged for at rate of cents per line. Count five average words to the line.

A charge of \$5.00 is made for published "In Memoriam" and resolutions.

The Star-News assumes no responsibility for an advertisement not handled or inserted as directed except to publish or republish after notification.

Classified Ads in the column may be placed until 9 p. m. for the next day's paper. All classified display copy must be in the office by 6 p. m.

## RED FORCES TAKE GOOD WHEAT CROP

### Large Part Of Balkan Area Faces Food Shortage As Result Of Invasion

BUDAPEST, June 30.—(AP)—Rus-  
sia seized the only bumper crop  
of wheat and corn in the Balkan  
area by occupying Bessarabia, and  
the rest of the region faces a pre-  
carious food situation this winter.  
Late frosts followed by torrential  
rains and floods reduced this year's  
yield of wheat and corn in Hun-  
gary, Yugoslavia, Bulgaria and  
old Rumania by an estimated 35  
percent.

Only in Bessarabia are flourish-  
ing crops reported.

Harvesting throughout the rest of  
the Balkans is about two weeks  
late already.

After late frosts punished the  
winter wheat, Balkan farmers put  
their hopes in spring wheat and  
corn only to have endless rains  
hamper sowing activities in many  
places. At present the crop is in  
danger of mildew.

Fruit crops also were badly dam-  
aged by hail.

It was pointed out Germany had  
placed large contracts in Bessa-  
rabia for vegetable oil seeds.

Prevailing crop conditions are  
expected to result in a serious food  
situation to the Balkans, especially  
if exports to Germany must be  
continued on the old level.

Most of the Balkan countries now  
are using only dark bread.

## 'Christian Science' Is Topic Of Lesson-Sermon

'Christian Science' was the sub-  
ject of the lesson-sermon in all  
Christian Science churches and so-  
cieties, yesterday.

The Golden Text was from II  
Peter 1:21. "The prophecy came  
not in old time by the will of man;  
but holy men of God spake as they  
were moved by the Holy Ghost."

Among the citations which com-  
prised the lesson-sermon were the  
following from the Bible, "Jesus  
cried and said, He that believeth  
on me, believeth not on me, but  
on him that sent me. . . I am come  
a light into the world, that whoso-  
ever believeth on me should not  
abide in darkness. . . If ye love  
me, keep my commandments. And  
I will pray the Father, and he  
shall give you another Comforter,  
that he may abide with you for-  
ever." (John 12:44, 46. John 14:15,  
16.)

The lesson-sermon also included  
the following passages from the  
Christian Science textbook, "Sci-  
ence and Health with Key to the  
Scriptures," by Mary Baker Eddy.  
"The term Christian Science was  
introduced by the author to  
designate the scientific system of  
divine healing. The revelation con-  
sists of two parts: 1. The discovery  
of this divine Science of Mind-  
healing, through a spiritual sense  
of the Scriptures and through the  
teachings of the Comforter, as pro-  
mised by the Master. 2. The proof,  
by present demonstration, that the  
so-called miracles of Jesus did not  
specially belong to a dispensation  
now ended, but that they illus-  
trated an ever-operative divine  
Principle. The operation of this  
Principle indicates the eternity  
of being. Christian Science dif-  
fers from material science, but  
not on that account is it less sci-  
entific. On the contrary, Christian  
Science is pre-eminently scientific,  
being based on Truth, the Principle  
of all science." (Page 123) 1

## HAPPINESS, C. O. D.

(Continued From Page Eight)

had been recently revived, so she  
plunged into its lively tempo—  
"Come on and hear,  
Come on and hear,  
Alexander's Ragtime band!"

The singing began instantly be-  
cause the other youths knew it.  
Even old Mr. Merrifield knew it,  
but from an earlier day. The piano  
was out of tune, the harmony was  
faulty, but the pleasure was high.  
Jeremy Tucker came down the  
winding staircase at this scene of  
genuine gaiety, stood looking at  
the group with a certain awe.

Five minutes later they were all  
at table. Each stood respectfully,  
waiting for Mr. Merrifield to sit  
down first, but instead he lifted his  
fine old white head upward and  
closed his eyes.

"God in Heaven," he prayed, "I  
am a fool at times. Forgive me,
