## General Corporate Division Muddles Along With Indifferent Results

TRADING IN BONDS

NEW YORK, July 11-(AP)-Rail road issues again monopolized attention in the bond market today, advancing in some cases as much as 3 points while the general corporate list muddled along with indifferent results.

Brokers said there was a fair amount of investment buying in the rails as well as the ordinary run of speculative activity that always turns up in this group when prices are rising, especially when there is little going on in stocks. Best prices of the day in most cases were reached in the final hour, indicating purchasers paid little attention to the drop in last week's freight carloadings announced early in the afternoon. The drop had been expected due

to the July 4 holiday. Prominent on the rise were Den-25, Southern Pacific 4 1-2s at 40 said gave much of the spring men 3-4, Northern Pacific 4s at 67 3-4, Missouri-Kansas-Texas 5s at 16, Boston & Maine 5s of '67 at 65. Hudson &- Manhattan Refunding 5 at 43 1-4 and Erie 5s at 12.

Elsewhere modest gians were posted for International Telephone 5s, Commonwealth Edison 3 1-2s, Porto Rican American Tobacco 6s and Studebaker 6s. Western Union 5s pushed up 3 points to 68.

Tablished earlier this month. Minneapolis prices closed 2 1-4 to 3-4 lower.

The season's lows estimated to take a curve and overturned near Maxton.

J. K. Davis 24 of Nazaria Tile.

Foreign dollar bonds were mostly mixed. Norway 4s and 6s, Japan 6 1-2s and Denmark 4 1-2s were among the gainers. German, Argentine and Australias were lower. A sale of one bond of the Irish free state at 50 represented a dely inactive.

Total sales of \$4,620,550, par value, compared with \$4,366,000 the day before.
