

PINK CLUB SOLD UNDER HAMMER

Harbor Island Building, Country Club Annex, Changes Hands

The Pink club, on Harbor Island, was sold Monday at auction under foreclosure under deed of trust and was bid in at \$5,000 by Milton Calder, clerk of the town of Wrightsville Beach.

The property was foreclosed to satisfy a deed of trust, with the People Savings Bank and Trust company as trustees, made to guarantee certain funds which were advanced during the building of the club by Mrs. Emily Kenan and Mrs. Jesse Kenan Wise.

Calder said yesterday that he did not bid in the club for himself.

"I was just bidding as an agent," he said. "I was acting for somebody else and they don't want any publicity about it."

The sale will remain open for a period of 10 days, during which time, if the bid is raised, the property must be readvertised and resold. If no raise of the bid is made during that time, the property will be deemed to the buyer, according to the attorney handling the sale.

The Pink club has been used in recent years as the summer headquarters of the Cape Fear Country club. The club has announced it will hold no more social functions there after Sept. 14.

Wilson Property In Nebraska Linked With Residency Here

WHO WATCHES THE WATCHMAN?

GOLDSBORO, N. C. (AP)—Goldsboro police, asked to investigate a nudist colony, found that the complaint was occasioned by the night baths in a creek of a tired and hot night watchman.

O. Byron Copper, of Fremont, Nebraska, register of deeds for Dodge county, has traced property owned there by Woodrow Wilson, World War president, to New Hanover county, where the power of attorney was executed by Jeanie W. and Joseph R. Wilson in 1883.

Wilson was given power of attorney in that year to make partition of property which comprised the William Woodrow estate, Copper reported.

Wilson and Renick were law partners for 18 months before Wilson went to John Hopkins university to begin his career as a college professor that ultimately led to the White House.

Copper said it was believed that the Woodrow estate in Dodge and Burt counties in Nebraska was bequeathed to members of the Wilson family. The wartime president's father, Joseph Ruggles Wilson, married Janet Woodrow, The Wilsons, who gave Woodrow Wilson power of attorney, lived in Wilmington.

Writing The Star-News of his discovery, Copper described himself as a Northerner, adding: "My wife, the former Annie Binford, is a native of Wilmington, though later a resident of Athens, Ala."

Willkie Favors Defeat Of Delayed Draft Plan

Expresses Hope Fish Amendment Will Be Taken From Conscription Bill

BY WILLIAM B. ARDERY
RUSHVILLE, Ind., Sept. 10.—(AP)—Amid the bustle of final preparations for his 18-state western stumping tour, Wendell L. Willkie urged today the defeat of the house-approved amendment to delay military conscription 60 days in favor of voluntary enlistment.

The republican presidential nominee said in a statement to newspapermen:

"I hope that as a result of the conference between the house and senate conferees on the selective service bill the Fish amendment is eliminated."

This amendment, sponsored by Representative Fish (R-NY) and supported by many house republicans, passed the house and now is before a conference committee seeking to adjust differences between senate and house conscription measures.

It would provide that the army accept voluntary enlistments for 60 days before drafting men for a total of 400,000 new recruits.

Willkie's statement, drawn up at 6 a.m. and distributed to reporters two hours later, also said he was "enormously gratified" by the republican victory in Maine.

Willkie said he had telegraphed his congratulations to Sumner Sewall, the governor elect, and Rep. Ralph O. Brewster, who was elected to the senate.

Hoover Says Is Time To Draw Line Between Liberty And License

WASHINGTON, Sept. 10.—(AP)—Director J. Edgar Hoover of the FBI told a Detroit minister in correspondence made public today that "it is time to draw a line of demarcation between liberty and license" in the exercise of civil rights.

Hoover thus replied to a protest by the Rev. Owen Knox, president of the Civil Rights Federation, against a Michigan FBI official's call upon police chiefs for names and addresses of persons expressing sympathy for communists or Nazis.

Such a policy, Knox had written, "makes it dangerous to individuals to express ideas."
