**SIX FIRMS SEEK GARDEN PROJECTS**

Bids Will Be Opened Tomorrow on Landscaping of Four Homes Areas

Bids from six companies for the landscaping of four of the five defense housing projects in and around Wilmington are to be opened tomorrow at 1 p. m. in the office of the City of Wilmington Housing authority at Third and Dock streets, officials yesterday announced.

The projects on which the work will be carried out, together with the number of housing units in each are Lake Forest, 284 homes; Greenfield Terrace, 300 homes, and Hillcrest and Hillcrest extension, a total of 216 families.

Officials were unable to estimate the cost of the work. They pointed out, however, that a similar project at six Brooklyn homes cost \$15,713 and another at Nesbitt Courts, \$20,975. These two slum clearance projects house a total of 462 families.

## Million Dollar City Budget Adopted; 1941-42 Tax Rate Boosted To \$1.50

With only minor budgetary increases, plus a clause whereby figures setup for individual funds may be transferred to other funds provided the necessity should arise, the city council yesterday unanimously approved the \$1,053,321.63 budget for the 1941-42 fiscal year.

With adoption of the budget, Wilmington taxpayers took a mandatory boost of 10 cents per \$100 in the tax rate bringing the figure to \$1.50.

The figure finally approved yesterday was some \$1,400 above the tentative budget as presented three weeks ago to council, the increase being made necessary because of the purchase of 10 police uniforms to care for an increased force when the civil service board approves applicants for the position.

was motivated by excessive tax assessments being made on the building last year, after the legislature had ruled that private buildings being used for commercial purposes are subject to taxation.

The council decided to meet with the county commissioners in a joint session Tuesday afternoon at 3 o'clock for the purpose of appointing a city-county tax collector. This action is necessary every two years. The present collector is C. R. Morse.

A proposal that the council share costs with the county in providing larger quarters for a negro girls' sewing project, under the sponsorship of the NYA, was carried pending further recommendations from Mr. Wallace. The project, which is now located at 612 Walnut street, presents articles to charity and the Community hospital.

taken, Councilman Yow suggested that the city remove the monument of George Davis at Third and Market streets.

Councilman Robert LeGwin added that he believed the monument a definite traffic hazard. Mayor Hargrove Bellamy disagreed with other members of the body by pointing out that the monument serves to slow down traffic and prevent accidents.

When Mr. Wallace stated that it would cost an estimated \$500 to remove the obstruction, Mayor Bellamy answered that the cost was exorbitant, and should action be taken he can get the statue removed for almost gratis.

Mr. Wallace was authorized to present the petition of Patrolman Charles W. Jarrell for a city pension to the pension board. Officer Jarrell entered the service June 14, 1920.

Following the meeting, the councilmen adjourned to the city manager's office for a demonstration by representatives of two parking meter concerns interested in the installation of these devices at Wilmington.

Large Increase

The new budget shows increase of \$206,609.85 over the budget of \$846,711.78 of the 1940-41 fiscal year. The increase was explained as being caused by national defense activities and increased operating costs.

Notes Renewed

The council voted a renewal of \$77,000 in bond anticipation notes for a period of 90 days, to begin on September 1. Due to a shortage of WPA labor, Councilman Edgar Yow reported the proposed paving of a number of city streets is progressing slowly. Since Fourth street has already been paved, he said, the work there will soon be bonded. The same applies for other streets on which the paving is completed.

Kenan Message Read

A telegram from Mrs. James G. Kenan with regard to creation of a new trucking route around the city proper was read by the city manager.

Although no positive action was

Before adoption of the budget, the council unanimously moved that a stipulation be made enabling it to vary appropriations adopted for various city departments as the need arises in the eyes of the governing body.
