

### FISHER CONVICTED ON SPEED CHARGE

#### Fined \$500 And Costs, Five Days For 90-Mile An Hour Ride In City

Donald Fisher, charged with driving an automobile at a speed of more than 90 miles an hour through the city streets between 6 and 7 o'clock in the evening, was found guilty and fined \$500 and costs and sentenced to five days in jail or eight months in jail in default to be assigned to the county farm in Recorder's court Thursday.

The court ordered that \$400 of the fine be remitted on condition the defendant surrender his driver's license for 18 months and granted him a 10-day stay of sentence under \$500 bond to decide whether he will appeal his case to Superior court.

Fisher who was represented by Attorney Aaron Goldberg, entered plea of not guilty.

His companion, David Troutman, 308 South Seventeenth St., with whom Fisher was alleged to be racing on Market street, pleaded guilty to a charge of speeding and was fined \$100 and costs, \$75 of which was remitted when Troutman agreed to give up his operator's license for a six months period.

Patrolman J. L. Flowers, who arrested the pair testified that he closed the two boys racing in their automobiles on Market street at 50 miles an hour.

He said that he pulled up to both cars and ordered each driver to stop. Troutman obeyed but Fisher "hipped his car into a side road and fled from the Market street road into Foxtown.

Flowers declared that he followed him through Grace street to Five Points, across to Princess street and down Princess to Eighteenth where he forced Fisher to the curb.

During the chase through the residential section of the town, the state highway patrolman said his speedometer at one time rested near the 100 mile-an-hour mark and that he sounded the siren of the patrol car continuously.

When he arrested Fisher, Patrolman Flowers said, the boy refused to leave the car, declaring that he could explain.

Later, in the presence of police officers, Fisher gave as an excuse the fact that he had been fined \$28 the week before for speeding and said that the next time an officer got after him he intended to get his money's worth, Flowers said.

Fisher, who together with Troutman is employed at the shipyards here, told Recorder Lennon that he had not told his parents of his first speeding offense.

In sentencing Fisher, Recorder Lennon declared:

"Other drivers who use the highway should be assured that you are not going to repeat your performance any time soon."

After the trial, Attorney Goldberg said that he and his client had not decided whether to appeal the case.

In another reckless driving case, Recorder Lennon fined Mead Ray and Roy C. Seitz, young white boys, \$30 and costs and remitted the fines on the condition that the youths surrender their operator's licenses for 60 days.

Ray testified that he and Campbell had just graduated from the NYA Training center here and that they were swerving their cars from side to side on the highway to express their exuberance over being employed by the North Carolina Shipbuilding company.

Charged with hit-and-run with damages, Ellis Reeves was fined \$50 and costs with \$25 of the fine to be remitted. The court granted a 10-day stay in the case and placed Reeves under \$25 bond.

Malcolm Rhue was sentenced to pay \$25 and costs, \$15 of the fine to be remitted, on a charge of reckless operation of an automobile.

Charged with speeding, William Newton was fined \$5 and costs. J. P. Williamson also was fined \$5 and costs on the charge.

The cases in which Albert W. Harris and Charles Etheredge (Eldridge) were charged with reckless operation of an automobile with injuries and damage, were not pressed with leave.

Edna Storey and M. J. Hutto, charged with fornication and adultery, were sentenced to six months in jail to be assigned to Camp 404 and six months on the roads, respectively.

Lez Howard was sentenced to five days on the county farm on a charge of violating the liquor law.

### Selective Service Board Will Review All Draft Appeals

RALEIGH, N. C., Apr. 2.—(AP)—State Selective Service headquarters will review all draft appeals henceforth, Brigadier General J. Van B. Metts, state director of Selective Service, announced today.

General Metts said the change in policy was made with a view to obtain "a sound and accurate classification."

He said the change in procedure should provide an effective check of registrants needed in war production and on the farm and also to determine whether the local boards act on incomplete information or ignore other information.

### CLASS TO FINISH AT OFFICER SCHOOL

#### Eighty-Eight Will Receive Commissions At Exercises This Morning

After three months of the roughest kind of sledding, 88 men of the Anti-aircraft Artillery Officer Candidate school at Camp Davis will receive commissions as second lieutenants at a ceremony in Post Theater No. 4 this morning.

It's the first graduation for the O.C.S. at Camp Davis, although all of today's grads began their studies before the school moved away from Fort Monroe, Va., in February. From now on, graduations will be common occurrences as the school pours hundreds of new officers into anti-aircraft units in and outside the United States.

The men were restless Thursday. Some of them tried new uniforms for size. Others wrote letters to friends and relatives telling them THE day was at hand. For all, it was their last day as enlisted men, in itself quite an occasion. There were former buck privates and master sergeants in the group; men who had been in the army for less than a year, men who enlisted ten years ago.

Principal speaker at today's exercise will be Maj.-Gen. Frederic H. Smith, commanding general of Camp Davis. The program will open with invocation by Chaplain Wallace I. Wolverton. Following General Smith's address, Lieut.-Col. Herbert T. Benz of the O.C.S. staff will administer the oath of office. Presentation of letters of appointment, commissions and certificates will be made by General Smith, and the closing item on the program will be benediction by Chaplain Joseph P. Scherer.

speed-up of the development of new RAF fighters.

Heretofore, the Australians who had completed trainer flights had to finish their instruction abroad or in actual operations in Australia.

A number of RAF stations, assembly plants and other facilities have been handed over to the American air forces, Drakeford said, and millions of pounds are being allocated to provide new bases.

In ground forces, too, Australia was rapidly keying herself up to the peak of war preparation. A broad reorganization of the army command was vitally completed with the appointment of Lieut. Gen. Henry Gordon Bennett as a corps commander and the assignment of other high officers to action posts.

Announcements were expected soon on provisions for more complete fusion of the American, Australian, Dutch and any other Allied forces under the supreme command of General Douglas MacArthur.

A national security order issued today gave the Australian states power to call on men from 18 to 60 for 48 hours of compulsory civil defense duties every four weeks.

### JAPS PENETRATE LINE ON BATAAN

(Continued from Page One)

and third to be made in rapid succession by Lieutenant General Tomoyuki Yamashita's reinforced invasion forces and indicated strongly to observers that the Japanese were intent on ending the Philippine stalemate of more than three months.

The four bombers raised the definite Japanese losses over the Manila bay fortifications to 32. The air raids were accompanied by further artillery duels with Japanese batteries on the south shore of the bay.

Enemy air raids on beach defenses of Bataan put Gen. Wainwright's forces on the alert for an attempted Japanese flanking attack by sea.

The War Department reported that strong points along the western shore of the rugged peninsula were bombed as yesterday's frustrated major land attack dwindled to skirmishing, air raids, and artillery dueling.

**Plan Flank Attack**  
Official observers said it appeared likely that Lieutenant General Tomoyuki Yamashita, the invaders' new commander, planned soon to supplement indecisive land and air attacks with a flanking nava foray from the China sea such as figured in his conquest of Malaya.

The suspicion first arose when Japanese warships shelled American-Philippine positions along the West coast of Bataan yesterday for the first time in two months. Assaults from the sea were reported smashed on both January 25 and February 3, but only after desperate fighting by the forces then under command of General Douglas MacArthur.

A warship-supported attack on General Wainwright's left flank would be especially dangerous because of the certain of concentrated artillery fire that could be laid down by the heavy guns of the naval craft. Beyond the range of the guns of Corregidor fortress and free of air attack, the ships would risk only the possibility of hits by defending batteries of field guns.

The War Department said in a morning communique that the heavy Japanese land attack, carried out all Tuesday night and which won several outpost positions, was succeeded by aggressive patrol activities and a number of sharp skirmishes, but no further general action.

Meanwhile, Japanese artillery and dive bombers hammered at troops in forward areas and in various front and rear positions, including the beach defenses, in obvious preparation for another major assault.

For the tenth consecutive day, night and day air raids continued on the Manila bay harbor defenses. Corregidor and the other outlying island fortifications engaged in an artillery duel with enemy batteries on the bay's south shore in Cavite Province. Bombers were forced by anti-aircraft fire to fly so high that their aim was inaccurate, the War Department said, and little damage was inflicted by either bombing or shelling.

**EXTINGUISH FIRE**  
City firemen extinguished a blaze in the two-story frame dwelling of Janie B. Moore at 708 Chestnut street at 9:20 o'clock Thursday night. A few minutes later the fire department put out a grass fire near the Community hospital.

**COURT OF HONOR**  
April meeting of the Wilmington Boy Scout District Court of Honor will be held Monday night at 8 o'clock in the New Hanover Superior court room. Applications for advancement must be in the local council headquarters, 502 Southern building, not later than noon Saturday. Scout Executive David L. Liles said.

**SUNRISE SERVICE**  
A sunrise service will be held Sunday morning at 8 o'clock at the McClure Memorial Presbyterian church at Castle Haynes. The Rev. C. C. Myers, pastor, will be in charge of the service to which the public is invited.

**NEED SUPERINTENDENTS**  
Persons experienced as construction superintendents are being sought for civil service jobs in the United States at salaries ranging from \$3,200 to \$6,500 a year, Secretary L. A. Beck of the local board of U. S. civil service examiners announced Thursday.

**GIVEN CONTINUANCE**  
Samuel S. Brown of 314 North Second street, charged with operating an automobile while under the influence of whiskey, was granted a week's continuance by Recorder Alton A. Lennon when he appeared in court Thursday morning.

**WATCH AT THE CROSS**  
Today from 12 noon to 3 p. m. there will be held a watch-at-the-cross service at Grace Methodist church, corner Grace and Fourth streets. The people may come and go at will during the three hour period. Seven ministers of the city are taking part. The public is cordially invited.

**MEETING POSTPONED**  
The Junior Canteen class meeting scheduled to be held in the home demonstration's office Saturday morning was postponed, according to Miss Ann Mason. The class will meet Saturday, April 11.

building requirements and "the vital needs of the United Nations" would require virtually all the copper available despite the fact that "supplies of the metal have reached an all-time record."

Most of the copper available for civilian uses, Batt said in a statement, will go into "behind the lines" forces such as power lines, war materials plants, railroads and machine tools.

Other sources said the copper program for the third quarter—July, August and September, might be even more drastic. As it stands, they said, the program means that virtually no copper at all will be available for civilian use other than the "behind the lines" activities mentioned by Batt.

**Official Of C. I. O. In Illinois Resigns**  
SPRINGFIELD, Ill., Apr. 2.—(AP)—Ray Edmundson, a close friend of John L. Lewis and Illinois president of the United Mine Workers of America, resigned today as State Regional Director of the C. I. O.

His action stimulated reports that Lewis and his mine workers may pull out of the C. I. O., but Edmundson declined to comment on them beyond saying:

"Technically the Illinois district No. 12 of the United Mine Workers of America is still affiliated with the C. I. O."

Edmundson made public a letter to CIO President Philip Murray in which he contended the policies of CIO leaders failed to further labor and national unity and the campaign to organize the unorganized Lewis made early in the year for a reunion of labor's forces—a proposal which attracted no support for Murray.

### NEW RED CROSS WORKER AT DAVIS

#### Nine Men And Women Now On Field Staff At Army Post Here

Miss Mary Witt arrived at Camp Davis this week to assume her new post as assistant field director of the Red Cross in the station hospital. There are now nine men and women on the Red Cross staff at Davis, handling welfare problems and assisting with the camp's recreational program.

The new assistant field director formerly was stationed at Fort Bragg, where she served as medical social worker. At Camp Davis she will direct social service and recreational activities of the Red Cross in the hospital.

Also on duty in the hospital with the Red Cross are Mrs. Elizabeth Frey, social worker, and Mrs. Mary Sherman, office secretary. The Red Cross is equipped to meet most of the recreational needs of hospital patients, having at its disposal a modern building which includes a reading room, library and auditorium.

A little-known activity of the Red Cross at Davis is the training of field workers for service in foreign countries and the United States. Hiram W. Person, who as field director heads the Red Cross setup at Camp Davis, has three men in training. They are Robert Hultzen and George Young, training for foreign service, and Peter Cavanaugh, preparing for a field director's position at some camp within this country. These three men are listed as assistant field directors at Camp Davis.

Mrs. Dorothy Outlaw, stenographer, and Mrs. Ruth Roberts, accountant clerk, round out the Red

### Southeast British Coast Is Raided

A SOUTHEAST BRITISH COAST TOWN, Friday, April 3.—(AP)—A strong force of German night raiders strewn bombs over a considerable area early today.

The raiders crossed the strait in oulliam moonlight and ran into a devastating anti-aircraft barrage which thundered on for about an hour without letup.

The attackers flew over very low. Concentrations of searchlights picked them out and exploding shells sparkled in the sky over a wide area.

The attack, more intense than any for some time, came about two hours after a light raid which caused neither casualties nor damage.

Low concentrations of searchlights picked them out and exploding shells sparkled in the sky over a wide area.
