

MRS. TRIGG PAID HONOR BY PUPILS

Department Vocational Education Supervisor Feted At Session

Approximately 50 persons assembled in the library of the Wilmington High School Thursday night to pay tribute to Mrs. Frances W. Trigg, for the past five years vocational educational supervisor for New Hanover county schools.

Mrs. Trigg leaves the city Saturday morning to accept a position with the Federal government in Washington.

The program in honor of Mrs. Trigg was under the direction of Rabbi M. M. Thurman, and was informal.

Among the persons assembled were members of the school faculty, officials of the school board, business men of the city, and former students of Mrs. Trigg.

The invocation was conducted by Rabbi Thurman, who then turned the program over to Bill Bowen, former student of the vocational educational program at the high school.

Bowen, a graduate of 1941, recalled how he was placed in a job through the efforts of Mrs. Trigg, and he paid high tribute to her sympathetic understanding of the students' problems.

Following Mr. Bowen's impromptu speech, Wilbur Doshier, postmaster, told of the educational system of past decades in which the children received only the barest of schooling, with no thought to a real education.

Others participating in the ceremony were: Dr. J. T. Hoggard, chairman of the board of education; T. T. Hamilton, principal of the high school; R. A. Dunlea, owner of the local radio station who has helped the vocational program during the past few years; Mrs. R. L. Black, an instructor in the program; Mrs. Irene Cook, former student; Mrs. C. Wayne Spencer, and Dr. Fred W. Paschall, pastor of Trinity Methodist church.

War Bond Workers Will Gather Today

Workers participating in the war bond campaign here have been requested to attend a short meeting to be held Friday afternoon at 4:45 o'clock in the Tide Water Power company assembly room.

They will be given cards and instructed in the procedure to follow during the campaign, it was stated by Allen C. Ewing, chairman.

A Tragedy Of The Tornado

J. E. Taylor (left), volunteer rescue worker after the tornado at Pryor, Okla., and his brother, Clifford (right), weep bitterly as they sit on a culvert a block from home, fearing to break the news to their mother, Mrs. Rosie Taylor, an invalid, that their younger brother, Lester, 17, perished in the storm. J. E. Taylor did relief work all night, believing Lester was only slightly injured. But next morning, searchers recovered his body from the debris.

80,000 May Register Here To Obtain Sugar

Approximately 80,000 persons are expected to be registered in the four-day Sugar Consumer's registration in county elementary schools on May 4-7, O. H. Shoemaker, county sugar administrator, said Thursday.

"It must be emphasized that those failing to register on the four appointed days, may not apply for War Ration books again until May 21. It means they cannot purchase sugar until they have registered, hence the necessity for registering on May 4-7," Mr. Shoemaker explained.

The local Rationing board is making arrangements for the Consumer's registration. Principals of each of the elementary schools will select the advisors to assist persons in making applications for the War Ration books.

Because many large consumers of sugar failed to register Tuesday and Wednesday, the local Rationing board will register retailers, wholesalers, institutions and industrial users of sugar at the office in the Trust building Saturday from 10 a. m. to 1 p. m. These persons are requested to bring all the information required when registering.

TWO TANKERS SUNK OFF CUBAN COAST

Ships Fight Losing Battle With Two Enemy Submarines

HAVANA, April 30.—(AP)—Two armed United States tankers of medium size engaged two enemy U-boats in a running gunfight but were torpedoed and sunk five miles off the northeast coast of Cuba, it was reported today in Cuban broadcasts.

They said the townsfolk of Gibara heard the explosions and saw the almost simultaneous sinkings. And that boats were put out to pick up survivors.

It was reported seven survivors including the captain of one tanker who was wounded were taken to Gibara in a private yacht.

Seven other survivors, two of them wounded, were landed on a nearby beach in a lifeboat.

One of the tankers was said to have had a crew of 53 and the other 52. The search for survivors continued.

POWER, GASOLINE, TIRES TRANSPORTATION GET ATTENTION

Complaints from housewives of violations would be welcomed, Keezer said, but he admonished that they should keep themselves informed so they would make only worthy complaints.

One new regulation issued by the office of Price Administration, was designed to penalize persons eligible to buy new tires who abuse those they have. It directed that local ration boards deny either new or recapped tires to "anyone who, in the opinion of the local rationing board, has not given proper care to the tires to be replaced."

The regulation also direct that after May 1 no certificates for purchase of new tires be issued in cases where recapped tires would be used instead.

STALIN DECLARES RUSSIA'S AIM IS TO LIBERATE NATION

(Continued from Page One)

and that the working people of the country "in consideration of the conditions of war have refused to take their holiday rest in order to give this holiday over to energetic work for the defense of our fatherland."

"Living in close unity with the men of our front, they have turned the holiday of the first of May into a day of labor and struggle in order to give maximum aid to the front and give it more rifles, machine-guns, guns, mortars, tanks, planes, military supplies, meat, fish and vegetables.

A United Front "This means that the front and rear from a united and inseparable military front in our country that is ready to overcome all difficulties in the war to victory over the enemy."

The Russian premier-defense commissar charged that Adolf Hitler, Reichsmarshal Hermann Goering, Foreign Minister Joachim von Ribbentrop and Heinrich Himmler and other rulers of present day Germany "are watchdogs of the German bankers, placing the interests of the latter above all other interests."

"The German army," he added, "in the hands of these masters is a blind weapon called upon to spill their own and other people's blood and cripple themselves and others not for the sake of the interests of Germany but for the enrichment of German bankers and plutocrats."

He called the German army an "army of medieval darkness, called upon to destroy European culture in order to institute the slave-driver culture of German bankers and barons."

The Russian leader said that fascist Germany and her army had become weaker during the ten months of the Russian-German war.

"The war has brought to the German people great disappointment, millions of human lives sacrificed, hunger and impoverishment," he said.

Must Liberate Selves "No end can be seen to the war and human reserves are at their end.

"Oil is at its end. "Raw materials are at their end. "Among the German people recognition of the inevitability of Germany's defeat is growing.

"From the German people it becomes clearer and clearer that the only way out of this situation is the liberation of Germany from the adventurous clique of Hitler and Goering."

The premier listed three separate counts of which he said the experience of war had exposed the "face of our enemy" to the world.

He declared that the German fascists are said to be "nationalists who are defending the integrity and independence of Germany from attacks of other countries.

"This of course is a lie . . . in actual fact that German fascist are not nationalists but imperialists who seized other countries and sucked their blood out of them in order to enrich German bankers and plutocrats."

"It is said," he declared in turning to the second count, "that the German fascists are socialists who are trying to defend the interests of the working people and peasants against the plutocrats."

"This of course is a lie . . . in actual fact the German fascists are reactionaries and slave drivers and the German army of serfs is spilling their blood for the enrichment of German barons and for restoration of the power of landlords."

On the third count, he said: "It is said that the German fascists are bearers of European culture leading the struggle for spreading this culture into other countries.

"This of course is a lie . . . in actual fact the German fascists are enemies of European culture."

General Motors Cited For Priority Violation

WASHINGTON, Apr. 30.—(AP)—The War Production Board today cited General Motors Corporation, Detroit, for alleged violation of priority orders.

The order charged that the Ternstedt manufacturing division of General Motors used considerable quantities of scarce chrome steel and aluminum in the manufacture of "bright work", decorative moldings, radiator grills and other body hardware for automobiles, in direct violation of regulations.

A suspension order, effective Saturday, prohibits General Motors from manufacturing any replacement parts for passenger cars, trucks, trailers or buses for a period of three months, except functional replacement parts necessary to keep vehicles on the road.
