Down

For Combat Duty In Armed Forces

WASHINGTON, May 3.- (P) -Controversy over terms of legisla. tion to create female branches of the Army, Navy and Marines developed today with a demand by Chairman Walsh (D.-Mass.) of the Senate Naval Affairs committee for an amendment to eliminate from a House-approved bill the possibility that women might be called for com-

Walsh wrote the Navy department that he and most members of the committee "entertain great apprehensions as to the wisdom of enactment" of a measure passed by the House April 16 setting up a Women's Reserve Corps for the Navy and Marines.

The committee chairman complained that the effect of this measure would be that "every stenographer. typist and file clerk in the Navy shore establishment could be enrolled in the Naval service, women could be promoted up to and including the rank of captain in unlimited numbers without further Congressional authority and, if the department so desired, they could be assigned to overseas duty or on board vessels of the Navy." The bill would permit the enlist-

ment of women on the same basis as men naval reserves, with the same rank and benefits. A similar proposal, made by Senator Thomas (D.-Utah) for a Women's Army Reserve, was sent back to the military affairs committee last week by the Wembers said Walsh would express

his views before the latter commit-

tee in a closed session Monday on

the Army bill and indicated it was

likely that efforts would be made to combine the measures. Camp Davis Units

Will Go On Range Army authorities again warn that all ranges used by Camp Davis units will be occupied by organizations firing during the week of May 4. This includes the rifle range south of camp, the Sears Landing and Fort Fisher firing points, and the pistol range at Sears Landing.

The rifle range will be in use all day from May 4 through May 9. Persons should not trespass on the area immediately south of the reservation.

Sears Landing will be used for anti-aircraft gun firing from May 4 through May 8. Special note is made that firing will take place not only in the day time on all dates. but also from 8:45 p.m. to 10:15 p.m. May 4. The danger zone is the water area known as Sector No. 2. At the Fort Fisher firing point

from May 4 through May 9. The danger zone is the water area known as Sector No. 3. All persons in this vicinity are warned to keep out of the danger zones indicated above. This applies

anti-aircraft guns will be fired

especially to small boat operators. Civilian
