TO THE VOTERS OF NEW HANOVER COUNTY

Having announced myself for the office of Representative for New Hanover County, I am naturally desirous of enlisting in behalf of my candidacy the aid and support of those of our citizens who are sincerely interested in the welfare and progress of our County.

The changing conditions of our community present an opportunity to place Wilmington and its environs in a position of strategic importance in the affairs of our State and Nation. Our Port is at the threshold of a new birth; our beaches await the developing hand of a new opportunity, and our fertile trucking section a new highway to greater markets. I am vitally interested in the development of these great assets and if permitted to serve you I pledge my untiring efforts in the proper growth of our great community.

'MARITIME DAY' PLANS ADVANCED

Schell And Clark Scheduled To Speak On Programs Here Friday Night

Plans for the celebration of National "Maritime Day" in Wilmington, to be held at the Country club Friday night at 7 o'clock, has been completed by the committee of arrangements for the Propeller club, it was announced Saturday by H. E. Boyd, acting secretary.

The principal speaker for the evening will be S. D. Schell, executive director of the U. S. Maritime Commission.

The celebration will begin with a dinner given by the Propeller Club, Port of Wilmington, with Cyrus D. Hogue acting as toastmaster.

At the meeting of the arrangements committee, held last week, it was announced that the North Carolina Shipbuilding company would launch the S. S. William Moultrie during the day in honor of national "Maritime Day." Representative J. Bayard Clark will speak at the launching ceremony. The arrangements committee is composed of H. E. Boyd, chairman, J. T. Hiers, V. E. Drew, S. P. Ware, Pete Cantwell, M. C. Vendig, W. S. MacMahon, W. E. Lewis, George Stearns, T. D. Love and E. C. Sneed.

The celebration of National "Maritime Day" is in honor of the maiden voyage of the steamship Savannah, which made the first successful trans-oceanic voyage under steam propulsion, leaving Savannah, Ga., on May 22, 1819.

A proclamation issued by President Roosevelt follows: "Whereas on May 22, 1819, the steamship the Savannah sailed from Savannah, Georgia, on the first successful trans-oceanic voyage under steam propulsion, thus making a material contribution to the advancement of ocean transportation; and

"Whereas the Congress by joint resolution approved May 20, 1933, designated May 22 of each year as National Maritime Day and requested the President to issue annually a proclamation calling upon the people of the United States to observe such National Maritime Day; and

"Whereas we of the United Nations are engaged in a war for the preservation of our liberties against the powers of aggression; and

"Whereas it is fitting that public recognition be given to the patriotism and courage of the officers and men of the cargo ships in the Victory Fleet, and to the men in the shipyards and factories whose labor and genius go into their construction;

"Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, do hereby call upon the people of the United States to observe May 22, 1942, as National Maritime Day by displaying the flag at their homes or other suitable places and do direct that the flag be displayed on all Government buildings on that day. "In witness whereof, I have hereunto set my hand and caused

WPA ART PROGRAM ACTIVITIES SHOWN

Exhibition Is Now On Display At The Wilmington Museum Of Art

The exhibition entitled "WPA Art Program Activities" now being displayed at the Wilmington WPA Museum of Art includes not only examples of painting and sculpture created on the various projects in the United States but also of many interesting handicrafts, such as tapestries, rugs, glass, ceramics, and photography, officials of the museum said yesterday.

This exhibit gives a fairly comprehensive view of the achievements of the Federal Art Projects in the last six years. Everyone who has a hobby and is interested in crafts should find something to interest and inspire him in this show.

The large tapestry of "The Surrender of Cornwallis" is beautiful in design, color and execution. The examples of drawing from the Index of American Design, show the astonishing amount of research and detailed work which

JOHN S. McEACHERN, Secy.

ANNOUNCEMENT

I hereby announce my candidacy for State Senator from the 9th Senatorial District, subject to the wishes of the voters in the Democratic primary. I do so because of my real and sincere desire to again represent the people in the General Assembly.

After 21 years experience in state and local government I fully realize my responsibility, and if elected, I shall apply clear thinking, sound action, and co-operative co-operation in all matters pertaining to the welfare of the people in New Hanover County and the state.

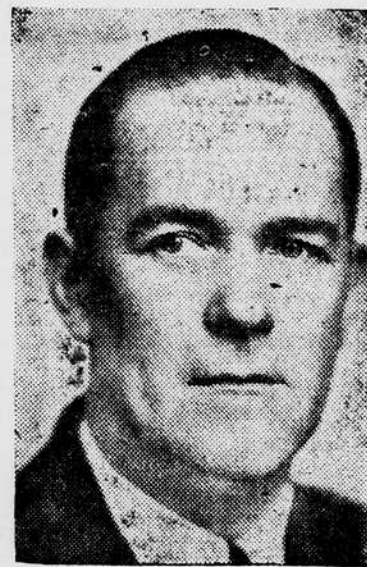

I shall be grateful for your support, vote, and confidence on May 30th.

For RE-ELECTION As Your DISTRICT SOLICITOR

Is Our Present District Solicitor Capable? Is He Fair? Is he a man of Integrity? Does he conduct his office with speed and dispatch? Does he obtain convictions against the guilty and does he see that the innocent are not punished?

PRAISED

SOLICITOR SINCLAIR

Commenting on the large number of cases cleared since the opening of the criminal term of superior court here Monday, Judge J. Paul Frizelle, of Snow Hill, yesterday complimented District Solicitor David Sinclair for his efficiency in handling the court.

"Solicitor Sinclair is probably the fastest I have worked with throughout the state," the judge stated from the bench. During the last term of court here, Sinclair established a state record by clearing a total of 116 cases in a one-week term. And on another occasion, while holding court in Columbus county, he established another record by securing more than 60 consecutive guilty verdicts.

"I bespeak for him a very useful and commendable career. The district will be justly proud of his future record. It has been a pleasure for me to serve with him."

"I want the people of New Hanover county in particular," he added, "and the people of the district in general to know that I have confidence in not only the ability and efficiency of your present solicitor but also in his fairness and integrity of purpose to protect the public interest and at the same time to work no hardship on any prisoner at the bar."

SO RE-ELECT A MAN THAT NOT ONLY DO THE LAWYERS, THE JURORS, THE COURT OFFICIALS, THE WITNESSES, THE DEFENDANTS AND THE SPECTATORS THINK IS CAPABLE, FAIR AND EFFICIENT, BUT ALSO THE JUDGES OF THE SUPERIOR COURTS OF NORTH CAROLINA THINK THE SAME.

has gone into the study of the early arts and crafts of America.

The hand blown glass made on the New Jersey project is an example of the way the Federal Projects have encouraged the revival of the early crafts of our forefathers; and the ceramics show the rapid progress made in this craft in fairly recent years.

The museum will continue to remain open until 9 o'clock in the evening so that the many people who are interested in this exhibition will have an opportunity to see it. The paintings and handicrafts will be on view until the last of the month and everyone is cordially invited to come in and see them.

Sinclair Draws Praise Of Judge

Hamilton Says New Solicitor Impresses Him With Ability

Judge Luther T. Hamilton, of Morehead City, who presided over the one-week special criminal term of New Hanover superior court which was completed here today, this morning took occasion in court to praise highly the efficiency, skill, ability and integrity of purpose of David Sinclair, newly elected district solicitor who this week prosecuted his first docket. During a lull in court routine today the jurist spoke from the bench, saying "I have been favorably impressed with the skill and ability with which Solicitor Sinclair dispatched the business of his office. "During this, the first week of his official duties, he has conducted and prosecuted the criminal docket in such a highly satisfactory manner as to persuade me that already he easily has justified the confidence reposed in him.

"I bespeak for him a very useful and commendable career. The district will be justly proud of his future record. It has been a pleasure for me to serve with him."

"I want the people of New Hanover county in particular," he added, "and the people of the district in general to know that I have confidence in not only the ability and efficiency of your present solicitor but also in his fairness and integrity of purpose to protect the public interest and at the same time to work no hardship on any prisoner at the bar."

What is the "American Way" in banking?

Our American Banking System is actually forty-nine systems, state and national, knit together by a common policy of service to community and nation. It consists of about 15,000 privately owned, chartered banks, operating under governmental supervision. Through individual initiative it has grown to be the greatest financial structure on earth. It is a good system, a monument to democracy. May it long survive!
