Memo For Men: Be Wary Of Girls The Fair Sex Dislikes; They Know

By RUTH MILLETT
A man ought to be just as leery of the girl that other women don't like as a girl is of the man who doesn't get along well with other men.
But men aren't leery. Instead of steering clear of such girls, they kid themselves into thinking that the only reason other women don't like a girl is because they are jealous of her—and, believing that, they marry her.
Later, the men either realize that got a bad bargain or decide that all women are like that. They get the little number they picked out for themselves.
It isn't that men don't know when a girl is on good terms with other women. They know all right. They just don't think it is important.
But it is. A woman can't hide what she is from other women. If she is jealous, greedy, bad-tempered, not to be trusted, or just plain mean, other women know it after they have seen her in just one revealing situation.
So, they turn thumbs down on her and let her strictly alone. That is why it would pay a man to notice whether or not a girl has any real friends among her own sex, before deciding she is the kind

'Poppy Day' Planned Here This Saturday

"Wearing a poppy is a pledge that we will not break faith with those who have died defending America," said Mrs. H. M. Roland, President of the Wilmington unit of the American Legion Auxiliary, as the Unit prepared for the annual observance of Poppy Day Saturday, May 23.

"The poppy comes to us from the fields of France where American boys first gave their lives in battle against the dictator powers," continued Mrs. Roland. "We wear this little red flower in honor of the men who fell at Belleau Woods, Chateau Thierry, St. Mihiel, the Meuse-Argonne and other battles of the first World War. We wear it also in honor of the brave boys of Pearl Harbor, Wake, the Philippines, the East Indies and all those who have sacrificed life elsewhere in this renewal of the conflict.

"The poppy, as you know, was inspired by the poem, 'In Flanders' Fields' with its immortal lines: 'In Flanders' fields the poppies blow, Between the crosses, row on row.' The poppies were the only touch of beauty that survived amid the desolation of the battle front in France. They formed the only floral tribute on the graves of the dead and became for the men fighting there a symbol of heroic sacrifice.

"This they remain today. The poem ends with the words: 'If we break faith with us who die, We shall not sleep, though poppies grow in Flanders' Fields.' That is their message for us today. We will wear poppies Saturday to show that we are keeping the 1. 3."

Paper poppies, made by disabled veterans of the first World War, will be distributed throughout the city Saturday by the women of the Auxiliary. In exchange for them the Auxiliary will receive contributions for its welfare work among the disabled, their families and the families of the dead of both wars.

Here's a Gentler Way to Treat Constipation!

Do you think you have to take harsh cathartics or purges every time constipation makes you miserable? You don't—if you are one of those people with normal intestines who suffer from constipation due to lack of "bulk" in the diet. There is a pleasanter and gentler way. All you do is eat KELLOGG'S ALL-BRAN regularly and drink plenty of water. ALL-BRAN is a crisp, delicious cereal. It works quite differently from many medicinal laxatives. They work by prodding the intestines into action or by drawing moisture into them from other parts of the body. But ALL-BRAN acts principally on the contents of the colon, helping you to have easy and normal elimination. ALL-BRAN is made by Kellogg in Battle Creek. If your condition is not helped by this simple treatment, see a doctor.
