Closing Bond Quotations PRICES ON BOND **MARKET DECLINE**

Numerous Losses Of Fractions To More Than A **Point Are Recorded**

NEW YORK, May 20-47 -The bond market was hit for numerous declines of fractions to more than a point today.

Railroad issues, principal prop in recent wabbly periods, were the first to give signs of fatigue and once the lower trend was definite ly established in this group, prices throughout the corporate list mov? ed only in that direction. A few utilities bucked up near the close following the declaration of the regular quarterly dividend of the American Telephone Co. That com-pany's 3s lost 1-4 at 106 7-8 but the 3 1-4s came up near the close for a net gain of 3-8 at 106 7-8 Trading picked up but only a little. Sales amounted to \$7,006,500, par value, against \$6,453,100 on Tuesday. The Associated Press average of 20 rails gave up .6 of a point at 63.4, the widest break in more than a month. Changes in

other components of the index were rather small. On the offside were, among others, Western Pacific 5s at 27 5-8 Southern Pacific 4 1-2s at 53 3-8. Baltimore & Ohio Stamped Convertibles of '60 at 21, Oregon Short Line 5s at 110, Rock Island General 4s at 23 3-4 and Standard Oil (N.J.) 3s at 104.

Southwestern Bell Telephone 3s International Telephone 5s and Columbia Gas & Electric 5s were among the dissenters.

U. S. Governments were general. ly mixed and narrow on the stock exchange and over the counter. Norway 4s and 4 1-4s and some South Americans provided the principal upward movements in the foreign dollar department. Australia 4 1-2s were lower.

For example, you must give up some of the coffee you enjoy-but you'll do it gladly when you realize why you are making the sacrifice

"HESE days, you are being called upon to "do without" for the sake of Victory. One of these sacrifices concerns your enjoyment of coffee. The War Production Board has placed restrictions on the distribution of all coffees. This means that now there is 25% less coffee to go around, than a year ago.

To meet this emergency, A&P asks that you share with your neighbor-that you buy only one package of coffee at a time. Some customers may wish to "buy as usual", but if they were permitted to, they would be depriving a friend or a neighbor of the equal right to enjoy coffee.

In the American way, you will accept the restriction willingly. And you can still enjoy coffee by conserving it right in your home, by avoiding waste in every way. Make only as much as you know you and your family will drink at a serving-and not one cup more. Perhaps you may even want to plan one meal without coffee each reek. But whatever you do, be sure that every cup you brew is the best possible.

It's far better to have one cup of good coffee than two cups of poor coffee. Follow these simple rules for making good coffee-they're easy:

1. Buy coffee that is freshly roasted.

- 2. Buy coffee that is freshly ground and correctly ground for your coffeepot.
- 3. Be sure your coffeepot is absolutely clean.
- 4. Carefully measure both coffee and water-one heaping tablespoonful of coffee for each cup (1/2 pint) of water.
- 5. Serve immediately after brewing.

Follow these simple, practical rules. They'll help you make and enjoy perfect coffee every time. Don't waste coffee-give your full support to our government's conservation order. Enjoy coffee and share that pleasure with your neighbor.

Somebody's Coming To Our House
