

CHIEF OF GESTAPO TO PURGE CZECHS

People Expect The Worst In Retaliation For Shooting Of Heydrich

LONDON, May 28.—(AP)—Heinrich Himmler, chief of the Nazi Gestapo and perhaps the most feared man in Europe, was reported today to have flown to Prague to take personal charge of the inquiry and retaliation arising out of the attempted assassination of Reinhard Heydrich, his chief aide.

From this report Czechs here expected the worst. One government spokesman estimated that the Germans had 15,000 Czechs in concentration camps in the protectorate of Moravia and Bohemia, and expressed fears they would be used as hostages as the Nazis have been doing in France.

Because of Heydrich's position in the Gestapo the most severe reprisals were expected.

All Bohemia and Moravia were being searched for those responsible for the attack and every male over 15 was ordered to register with the police by midnight tomorrow.

The decree, broadcast by the Prague radio, said German soldiers would shoot on the spot any man without a registration card after the deadline. Czechs sources here expressed the belief that hundreds already have been arrested.

The man who bore the title of Reich's protector of Bohemia and Moravia was said to be in a serious condition.

The Prague radio asserted that two men waited for hours to kill him as he rode through a Prague suburb. According to the radio, one threw a bomb and the other started shooting with an automatic rifle. One fled on foot, the other on a bicycle.

The radio said a brief case bearing the label of the White Swan, a small Prague hotel, had been found with another "object" when the men fled.

Charlotte Salvation Army Officers Plan Visit Here Sunday

Adjutant and Mrs. Frank Logino, of the Charlotte headquarters of the Salvation Army will conduct services at the Salvation Army Citadel on South Front street at 11 o'clock Sunday morning. The adjutant is an excellent trombone soloist. Captain and Mrs. F. Anderson of Southport also will be present.

French Gave Blakely Refuge Of 48 Hours

VICHY, France, May 28.—(AP)—The French government announced today that a United States destroyer—presumably the Blakely—had been given 48-hour refuge at Fort De France, Martinique.

The announcement said: "An American torpedo boat (A rather loosely used term in French), damaged by a torpedo, arrived in the roadstead at Fort De France the afternoon of May 25 and landed two of its seriously wounded.

"In keeping with the principles of humanity permitted by international law, the two wounded men were hospitalized. No help was given the ship which left the roadstead the afternoon of May 27."

Greensboro Man Killed In Automobile Accident

LUMBERTON, N. C., May 28.—(AP)—Walter Garland Cooper, 23, employee of a Lumberton air-conditioning company, was instantly killed near midnight when the automobile in which he and several companions were riding, was wrecked five miles north of here. Other occupants of the car were not seriously hurt.

Cooper was a native of Greensboro.

Fresh Vegetables, Fruits Are Best Buys Here This Week-End

Food shoppers in the Wilmington area will find the following best buys in fresh vegetables and fruits this weekend—sweet potatoes, string beans, squash, green cabbage, bunch beets and turnips, at low prices, and new Irish potatoes, green peas, celery, strawberries, oranges, and grapefruit, at reasonable prices.

All classes of chickens and turkey hens and toms are good buys.

This advice is from the OPA Consumer Division based on information from Army Quartermaster centers and the WPB Division of Purchases.

Eggs, butter and cheese are selling at reasonable prices.

WPB Will Set Aside Fine Cotton Yarn For Army And Navy

WASHINGTON, May 28.—(AP)—The War Production Board today ordered a major portion of the nation's fine cotton yarn production set aside for the Army and Navy, forcing a sharp curtailment in the manufacture of more expensive men's shirts and underwear and women's dresses.

Under terms of the order, combed yarn mills must earmark at least 40 per cent of their output of medium combed yarn and not less than 65 per cent of their coarse combed yarn for the armed services, and operate at "maximum practicable capacity."

Officials predicted the action would make from 200,000,000 to 250,000,000 yards of cloth available for current military requirements within 60 days and mean an annual supply for the military ranging between 600,000,000 and 700,000,000 yards.

BLAKELY IS AGAIN ATTACKED BY SUB

Crippled Destroyer Makes Port At St. Lucia, British West Indies

ST. LUCIA, British West Indies, May 27.—(Delayed)—Surviving a second undersea attack within three days, the crippled United States destroyer Blakely reached port here tonight after a sea and air battle with a pack of Axis submarines lurking off Martinique.

Sinking of one or more of the submarines by United States planes was indicated, but whether in this later clash or the earlier one was not disclosed.

Reuters, British news agency, said in London that a submarine which attacked the Blakely had been sunk and that it was the second destroyed in that area within a week.

The Blakely was damaged by a submarine torpedo on Monday in territorial waters of Martinique Vichy-French island only 20 miles from here. Six of her crew were killed and 12 injured.

She reached Fort De France Martinique, under her own power, however, and today put out for Port Castries, St. Lucia. Crippled, she could make only ten knots.

The attacks by the pack of submarines followed. Naval authorities, already aware of the submarines' presence in this area, were not surprised.

(This dispatch did not disclose whether the destroyer was hit again. Previous accounts of the first attack had listed the Blakely's casualties as 10 missing and six wounded, but whether the new casualty figures referred to the first or second attack was not clear.)

On regular patrol off Martinique when first attacked, the Blakely limped into Fort De France and tied up alongside the French air-

craft carrier Bearn, whose immobilization is one of the points in present discussions between United States and Martinique authorities for neutralization of that colony.

The Blakely's crew reported the French were extremely hospitable.

Commercial aviation's latest contribution to this country's all-out war effort is a giant four-motored troop transport, capable of carrying at least 42 fully armed and equipped men across the ocean.

Biology Classes Here Tend Vegetable Garden

The high school biology classes have enjoyed a bit of practical experimentation this spring in planting and cultivating a vegetable garden at 15th and Princess streets.

The seeds were given by Cross Seed Company and the use of the lot was donated by Dr. Veeder, of 416 Princess street. The students used their own garden implements

to do the work. The garden was watered several times from a faucet in Mayor Bellamy's yard. The students planted onion sets, peas, beans, potatoes, carrots, mustard, and squash.

TO THE VOTERS OF NEW HANOVER COUNTY

The office of the Clerk of the Superior Court is one of the most important within the gift of the people. The office carries so many important duties that it is difficult to single out any particular one as an example. Because of this fact it requires virtually all of the Clerk's time; consequently it will be impossible to see each of you. Changing the Clerk at each election would not only be an expense to the County, but would make for inefficiency.

I respectfully invite your attention to my record and the manner in which the Clerk's office is being conducted, as evidenced by the report of the Auditor and excerpts from letters recently received from State officials.

EDWARD C. CRAFT, C. P. A.
Public Accountant and Auditor

"This is to certify that we have audited the records and accounts in the office of Thomas A. Henderson, Clerk of the Superior Court and found all moneys properly accounted for.

"We desire to say also that the records were competently maintained."

(Signed) E. C. CRAFT,
Certified Public Accountant."

DEPARTMENT OF STATE
Raleigh, N. C.

Thad Eure
Secretary of State
"My Dear Mr. Henderson:

As you are aware, this office has constant official relations with all Clerks of the Superior Court, our records will indicate that no Clerk of the Court in this State is rendering more prompt, efficient and courteous service than you."

(Signed) THAD EURE,
Secretary of State"

"DEPARTMENT OF THE STATE AUDITOR
Geo. Ross Fou
State Auditor Raleigh, N. C. April, 1942

"As State Auditor it is necessary that this Department have constant relationship with all Clerks of the Superior Court. You have since my induction into office rendered this Department prompt and efficient service at all times, giving this Department your full and complete cooperation."

(Signed) GEO. ROSS FOU,
State Auditor"

For the foregoing reasons, and upon my record, I respectfully solicit your continued confidence and support in the primary to be held on the 30th day of May.

Assuring you of my appreciation and continued pledge to perform meritorious service,

I am, respectfully,

T. A. "TOM" HENDERSON
