Heavy Wind Strikes City At Nightfall

Many Telephone, Power And Telegraph Lines **Knocked Out**

NO INJURIES REPORTED

Police Hear of No Persons Hurt During 35 Mile Per Hour Wind

A 35-mile-an-hour wind, bringng with it nearly one inch of rainfall in 20 minutes last night about 7:30 o'clock, disrupted telephones, telegraph and power lines hroughout the southeastern secion of North Carolina.

Striking with heavy force, the vind blew down trees in some ections of the city and county and in the area near the Gordon road a number of Tide Water Power company poles were blown over, it was learned from C. H. McAllister, chief engineer.

The Associated Press wire service, furnished to the Star-News, was interrupted about 6:45 o'clock p. m. as the storm was moving eastward from the mountains, and no news service was available until nearly midnight.

Clinton reported only one telegraph wire open and many small illages were isolated for hours. Within the city limits here, falling trees brough down power and telephone lines.

The power company reported many transformers burned out due out for several hours, but power was restored about 11 o'colck.

Telephone service to Carolina Beach was broken as the storm reached its peak, when a tree

220 Trailers Ordered For Shipyard Project With eight new trailers here,

17 more will be in within the next few days for installation at Camp Number Two, of the shipyard worker trailer project, it was announced yesterday by Henry C. King, project man-

Following the arrival of these units, an additional 195 trailers will be sent here within the next 60 days.

The order for the new units was placed with the Farm Security administration after housing accommodations this area became depleted.

Ground is being prepared for the new group of portable houses and all utilities and highways will be ready upon their arrival, Mr. King said. The new units will be much larger than the present type at the camps. Measuring 26 and one-half feet long by eight feet wide, the trailers will have a double bed divan at each end with a small dinette in the center of the coach.

The trailer camp office now has a total of 391 certified applications from shipyard workers on file and receives from 10 to 25 more each day, it was learned. A total of 310 government

owned trailers and 36 private owned vehicles are now parked in the large court opposite the shipyard. The arrival of 220 new trail-

ers should do much toward alleviating the critical shortage of dwellings here, Mr. King pointed out.
