

GIL DOBBS WINS AAU METRIC MILE

Warmerdam Breaks Pole Vault Record In National Track Contests

NEW YORK, June 20.—(AP)—Correllius Warmerdam, a cloud-busting vaulter from California, and Gil Dodds, a scripture-quoting miler from Boston, all but ran away from the National A. A. U. senior track and field meet today.

Warmerdam established one of the day's two records by hiking the pole vault bar to 15 feet, 2 1/2 inches, adding one and three-eighths inches to the mark he set in 1940. Dodds repeated his indoor triumph over Leslie MacMitchell, New York university graduate, in the 1,500 meters, or metric mile.

The other record was set by Francis Best of the New York A. C. who hurled the 56-pound weight 29 feet, 3 1/4 inches to wipe out the 28-foot, 9 7/8 inch mark Pat McDonald of the same club set back in 1911.

Warmerdam had no difficulty at all in clearing the record height but when he plastered on another seven inches he failed to make it in the three allotted tries.

He jerked virtually all the 12,000 spectators out of their seats on the third and last attempt at 25 feet, 9 inches by skimming over the stick but brushing it off with his elbow on the way down.

The gate receipts plus the revenue derived from a 150-page program will mean a contribution of more than \$75,000 to the Army Emergency relief.

James Phelan Is Hired As St. Mary's Mentor

MORAGA, Calif., June 20.—(AP)—St. Mary's college said today it had hired James Phelan, former football coach at the University of Washington, as its head coach for the duration of the war.

Phelan will replace Norman Strader, who has received a Navy commission and now is in training at Annapolis for service as an instructor in the Navy's pre-flight training program. College spokesmen declined to elaborate on terms of the school's agreement with Phelan.

Transylvania Community Hospital Is Dedicated

BREVARD, June 20.—(AP)—The new \$90,000 Transylvania Community hospital was dedicated here this afternoon. The dedicatory address was made by Gov. J. M. Broughton, who called attention to the great progress of North Carolina in recent years.

The governor said that he doubted that any state had made such advancement and that North Carolina had made an amazing progress in the building of hospitals.

Harry H. Straus, president of the Ecusta Paper corporation and chairman of the local hospital board, introduced the governor.

LEADING THE WAY - By Jack Sords

Davis AA's Schedule Busy Diamond Week

Soldiers Take On Shipyard Progressives At Stadium Monday Night

By SGT. JOHN J. BURNS
This is the beginning of an important week for the Fighting AA's of Camp Davis, a week that will see the soldier ball club meet the Shipyard Progressives at Legion stadium, Wallace community team at Davis, and the touted Naval Training station nine at Norfolk, in that order.

The strong right arm of Bob Vaughn, undefeated Davis hurler, is going to get a workout and may decide whether the soldiers are to have a better percentage of victories at the end of the week than they have at this writing.

Originally scheduled for this afternoon, the Davis-Shipyard contest will be played Monday at 6 p. m. It'll probably go seven innings instead of nine. The AA's will throw everything they've got against the Progressives in an attempt to avenge an early season defeat.

Lieut. Henry Johnson, Davis coach, announced Saturday that arrangements had been completed for the game with the training station team at Norfolk.

The "Army-Navy" game will play Thursday afternoon, the soldiers leaving Holly Ridge by bus Thursday morning and returning to camp Friday evening.

Although the Davis team will enter the game hoping for victory, there's no use waxing too optimistic when the opposition has on call such talent as Bob Feller, Freddie Hutchinson, Sam Chapman, Vinnie Smith, Jim Carlin, Mel Previsich and Ace Parker, not to mention a boatload of former West Coast stars.

Lieutenant Johnson looks at the weeks, British sources said, nothing that use of the word "strong" usually indicates a force of 250 to 300 planes.

Nine planes were missing from these operations and raids over the Netherlands.

By daylight hundreds of RAF fighters swarmed over the Boulogne and Calais areas today in the first large assault since June 8.

VALDINA TAKES DWYER STAKES

Shut Out Beaten By Texas Horse In Fastest Mile At Aqueduct

BY SID FEDER
NEW YORK, June 20.—(AP)—The three year old racing situation became a scrambled as a platter of boarding house eggs again today when Shut Out was soundly beaten in the Dwyer stakes by the Texas flier, Valdina Orphan, in one of the fastest mile and a quarter races ever run.

Victor over Alsab in the Kentucky Derby and Belmont stakes, and generally conceded to have a strangle hold on the championship of three year olds, Mrs. Payne Whitney's chocolate colt came from last place today to run second—but he couldn't do a thing to catch Emerson Woodward's high speed galloper over Aqueduct's lightning-fast layout.

For, with a crowd of 23,833 looking on in amazement after racking the son of Equipoise down to 13-to-20 in the betting, "the Orphan" led from end to end under Jockey Carroll Bierman's blistering ride to hit the wire in 2:01 2/5 in the 54th running of this ancient grind.

The 1:59 4/5 St. Andrews II chalked up at Brighton, England, three years ago, stands as the tops for the nine furlongs. Then there's the always-disputed 2 minutes flat for Whisk Broom II at Belmont in 1913; the 2:00 4/5 by Sarazen in 1924 and the 2:01 1/5 for Seabiscuit in the 1940 Santa Anita handicap.

But otherwise, "The Orphan's" score is just about as good as they come—in fact, is the same time as that with which Whirlaway set the Kentucky Derby record a year ago.

Mrs. Hobart Bosworth Jumps Into Politics

LOS ANGELES, June 20.—(AP)—Mrs. Hobart Bosworth, wife of the movie actor and sidewalk hospitality hostess to service men, jumped into politics today. . . . In one of the hottest congressional races in California.

She filed for both the democratic and republican nominations from the 20th district. All she has to do is defeat Rep. Carl Hinshaw of Glendale, republican incumbent, and Brig. Gen. Joseph O. Donovan, democrat, who resigned this week as state adjutant general and head of the California Selective Service to enter the race.

RAF STAGES RAIDS ON CHANNEL PORTS

(Continued from Page One)
weeks, British sources said, nothing that use of the word "strong" usually indicates a force of 250 to 300 planes.

Nine planes were missing from these operations and raids over the Netherlands.

By daylight hundreds of RAF fighters swarmed over the Boulogne and Calais areas today in the first large assault since June 8.

Coastal watchers said operations appeared to be equal to the heaviest of daylight forays in which 1,000 or more British planes participated.

Numerous daylight raids in the past dozen days have been on a relatively small scale.

NINE PLANES DOWN
BERLIN—(from German broadcasts)—June 20.—(AP)—Nine British fighters were shot down in fierce aerial combats over the French and Belgian coasts today, the German radio reported tonight.

(An air ministry communique issued in London said six British planes failed to return to their bases. Four German fighters were destroyed, it added.)

BRITISH SOLDIERS WOUNDED IN DESERT WARFARE

Only slightly wounded in the Libyan desert warfare, these British Empire soldiers were able to line up at a desert hospital inspection tent to report for treatment. A New Zealand unit operates the hospital.

NO MORE FISTIC GLORY FOR WELTER BAKER

(Continued on Page Nine)
er.' That Sammy's been following me around ever since."

His 300-odd battles have left few marks on the onetime farm boy who went from his first Army trick into the ring, to throw such fear into the titleholders of the second half of the third decade that, before he got his shot at the title, Father Time's scythe was swinging in his heels.

A lid droops over his right eye, but it and its mate are still bright brown, their sight unimpaired. One ear is cauliflowered, but he hears parade-ground commands as well as his fellows. Let him drop into his fighting stance, and there is the old, flashy Sammy Baker before your eyes.

Bubbling over with reminiscence about his ring days and his three great fights with the "Nebraska Wildcat," Ace Hudkins, Sgt. Baker can be just as bubbly over the looks of the two Army fighters he has developed.

One is Freddy Welsh, of Patchogue, L. I., who is said to be a kin of the oldtime lightweight champion of the same name.

Young Welsh, who fights both as a bantam and as a feather, has yet to lose a bout in 35 starts— "He's so good," says his discoverer-trainer-manager, "that I can't get any of the boys into the ring with him any more."

"I knew his dad," Sgt. Baker explains, "and when young Freddy joined the Army, he told me, 'Take him and make a fighter out of him, Sammy.' Well, I did. He's a southpaw, a counter-puncher, just like I was. And fast. Give me two years in the States with him, and he'll lick anybody in the world."

Baker's other protege is Charles E. Cullers, of Bayard, W. Va., a welterweight, who in two years of Army fighting, has lost only one bout— "On a fluke decision," his trainer insists, "and then he turned around and licked the boy that beat him."

The sergeant's last important fight was a non-title engagement with Young Corbett III, at Ebbets Field, Brooklyn, June 15, 1932. He took a decision.

Shortly after that, he rejoined the Army in which he had previously served five years. He saw service in the Pacific, in Panama, and at Fort McClellan, Ala., before being ordered to Trinidad.

"He's a good soldier," his officers agree. "Wish we had more like him."

And the man who ranked with Joe Dundee, Billy Petrolle and other greats of the welterweight division's great period is content, these days, to wear a sergeant's chevrons.

Hurricanes Register Win Over Nazi Planes

MOSCOW, June 20.—(AP)—An outstanding victory for British Hurricanes manned by Russian pilots was reported from the northwest front.

Soviet dispatches said seven Hurricanes fought twelve junkers and 15 Messerschmitts, shooting down ten and damaging three others with the loss of only one plane.

John L. Lewis Rapped BY CIO In New York

SYRACUSE, N. Y., June 20.—(AP)—Pledging "unquestionable support" to CIO President Philip Murray, the New York State CIO con-

Plans Complete FOR RING SHOW

Ex-Golden Gloves Featured In Shipyard Boxing Bout Monday Night

Promoter Bert Causey announced last night that plans are complete for the first boxing matches to be staged by the Shipyard Athletic association at Thalian hall Monday night.

Eight bouts—four of them between negro fighters—will be presented. Two former Wilmington Golden Gloves, Fred Barnhill and Mus Lockamy, will be featured.

Barnhill will fight Bill Wilson, shipyard worker from Hickory, while Lockamy will take on Ben Daniels of Wilmington.

New Draftee Is Quite A Fellow Says Loop - The Name Is Blood

CHICAGO, June 20.—(AP)—The National Football league believes in keeping the Army well informed so in a memorandum directed to Fort Sheridan's commanding officer today, it said:

"That tall, wiry fellow with a pinch of silver at the temples who entered Fort Sheridan as a private last week under the name of John McNally is one of the outstanding football players of all time."

"He holds the record for active service in the National Football league—15 seasons with Milwaukee, Green Bay and Pittsburgh—and finished up as the Pittsburgh Steelers' coach."

"Don't worry about him not having what it takes. He is writing a book on sociology. If that isn't enough, he played against the Chicago Bears 31 times."

"He tried to enlist in everything but the Wrens, even went to Canada to try for the air force. They all told him he couldn't see. Then along came the draft."

"His other name is Johnny Blood. The boys thought you ought to know, what with the football season coming along."

New Electric Service

Must Conform With War Production Board Restrictions

★ ★ ★ ★

All Extensions or Expansions of Electric Service Requiring Copper, Aluminum or Other Critical Materials Subject To Rigid Regulations

FOR EXAMPLE:

- We cannot make electric line extensions of more than 250 feet without the approval in advance of the WPB.
- The policy of the government is NOT to grant these approvals except:
 - For service to military and naval establishments and war production plants.
 - For service required for public health and safety.
 - For service to specifically authorized war housing projects (provided the use of critical materials is kept to a minimum.)
 - For street lighting extensions which bear a direct relationship to public health and safety in connection with military establishments or war production plants.

If you are planning to move or install additional electrical equipment or effect any change in your electrical service, it will be to our mutual advantage to discuss same before your plans have been completed.

Subject to change at any time are the limited extensions which we are now permitted to make. We may not be able because of the restrictions imposed to continue in the future the services we are now rendering. It will pay you to get full information from our office and take nothing for granted.

Naturally, it is our desire and intention to co-operate to the fullest extent with our customers insofar as the War Production Board permits. But the supply of critical materials allotted to us are a wartime trust. Hence, we must utilize them in whatever way best achieves the War Production Board's objective and the nation's fight for victory.

Tide Water Power Co.

Your Own Judgment Will Tell You: More people go to CHEVROLET DEALERS FOR SERVICE than to any other dealer organization

- 1 Check and Rotate Tires
- 2 Get Regular Lubrication
- 3 Service Engine—Carburetor—Battery
- 4 Test Brakes
- 5 Check Steering and Wheel Alignment
- 6 Check Clutch, Transmission, Real Axle
- 7 Check Cooling System
- 8 Protect and Preserve Finish

because for years more people have purchased Chevrolets than any other make of car. because for years more people have purchased used cars from Chevrolet dealers than from any other dealer organization. because Chevrolet dealers specialize in giving skilled, dependable service on all makes of cars and trucks.

Originator and Outstanding Leader "CAR CONSERVATION PLAN"

For "Service That Satisfies—Service That Saves"

- 1 Check and Rotate Tires
- 2 Get Regular Lubrication
- 3 Service Engine—Carburetor—Battery
- 4 Test Brakes
- 5 Check Steering and Wheel Alignment
- 6 Check Clutch, Transmission, Real Axle
- 7 Check Cooling System
- 8 Protect and Preserve Finish
