

McMAHAN PRAISES USO COMMITTEES

\$9,981 Reported Last Night By Groups; "Splendid Beginning"

The members of the committees are to be congratulated," said W. McMahan, chairman of the USO War Fund campaign in New Hanover county after hearing reports from the chairmen of the several solicitation committees at a joint meeting of the campaign committee with the Civitan club Thursday night at the banquet room of the Friendly cafeteria.

\$9,981 was reported Thursday night and the drive for funds will continue through next week. "We are pleased," was the comment of B. Huntington, director of the campaign. "In view of the fact that our solicitations did not begin until yesterday, this is a splendid beginning toward our goal of \$25,000."

Following these reports, Charles Palmer, acting director of publicity for the USO campaign, was introduced to the Civitan club by Raymond Crow. Mr. Palmer, former teacher, missionary and NYA recreational director, now employed at the U. S. Engineer office, spoke briefly of the services that USO offers the men in uniform and the defense workers, and then presented a talking picture, "The Private Letters of Private Dobbs." This picture showed the work of USO from the point of view of a young man during the armed service of Uncle Sam.

Confederate Veterans Enjoy Jeep Ride

Southern soldiers of the War Between the States, who did their fighting on foot or horseback, enjoy a ride in a U. S. Army jeep at Fort Oglethorpe during the annual Confederate Veterans' reunion at nearby Chattanooga, Tenn. At the wheel is Gen. John M. Claypool of St. Louis, commander of the Veterans. Behind him sit Gen. John W. Harris of Oklahoma City (left), and Gen. J. R. Sadler of Nashville, Tenn., a soldier of Gen. Nathan B. Forrest's famed Confederate cavalry.

Condition Of Three Negroes Said 'Good' Following Car Wreck

Condition of three negroes, who were injured early Wednesday when the car in which they were riding on the Camp Davis highway left the road and crashed into a tree, was reported "good" Thursday night by James Walker Memorial hospital attaches.

Injured in the accident were Will Fare, Cleve Mock and Alex Turner. George Baker, of Fayetteville, driver of the automobile, was killed instantly, and John Townsend, of Charleston, S. C., owner of the car, died at 9 o'clock Wednesday night at the hospital here.

The accident happened at Hampton, where the Marine base employees were en route to Wilmington.

SMOKE BOMB BEATS FOG

Fog, the dread of aviators, is gradually being beaten. At Croydon airmo in England a signaling mortar has been installed to throw smoke projectiles up through the mantle of fog whenever airplanes approach. The bomb is fired 1,000 feet high, where it explodes and shows incoming pilots the location of the field.—Popular Mechanics.

Because of comparatively small cockpits in fighter planes, pilots must be not less than 64 inches nor more than 70 inches in height.

British Planes Attack Nazi Ships Off France

LONDON, June 25.—(AP)—British lighter planes made a sweep over the western channel this evening and attacked enemy shipping off the coast of Brittany. Two of the attacking planes are missing.

Bad weather prevented the RAF from attacking German industrial centers last night, but a raid was made by night bombers against the Nazi submarine base at St. Nazaire, France.

NEW GAS RATION PLANS ARE STRICT

(Continued from Page One)

al group may receive a "B" ration book, which will have a few coupons—the exact number not yet set—for use over a minimum time of three months.

In explaining the case of a salesman, who comes under the limited occupational group, Mr. Schellenberg said he would have to reduce his amount of travelling to come within the amount permitted with an "A" and "B" book as he would be unable to get more than one "B" book until the end of three months.

Persons coming under the essential occupational group will be permitted a "C" ration book for the amount of miles used in the duties of his profession. He must use his "A" book for travelling to his work and for side trips.

Owners of trucks must register this time and the amount of gasoline allotted will be on the basis of the number of miles travelled in May and the number he estimates will be necessary during the next 90 days. He also must furnish the amount of miles he averages per gallon of gasoline. Truck and bus owners will get "S-1" and "S-2" books, respectively.

Persons who use gasoline lamps, stoves and for other purposes such a cleaning will be issued a "non-highway use" certificate. The registrant must estimate the amount necessary for such purposes until December 31, 1942. The book will contain one gallon coupons.

The "L-70" will go out with the coming of the coupon system which will take care of all rationing, Mr. Schellenberg said. He explained that service station operators must receive a coupon for every gallon of gasoline sold so he will have the coupons to present the distributor in order to replenish his supply. The distributor in turn must have the coupons to get a new stock.

Mr. Schellenberg said retail gas dealers would register July 22 and 23 and in doing so would indicate the capacity of their tanks and the amount of gasoline on hand at the time of registration.

He further said the present plans are tentative and there may be some changes, but basically the regulations would be remained as outlined.

In speaking of the handling of registration in this vicinity he said registration for Camp Davis personnel and civilian employees would be held at the post. Registrations will be handled similarly at the Marine Base and the shipyard.

J. W. Grise, assistant superintendent of schools, who will handle local registration, said the registration would be held in ten white school buildings and one negro building. White buildings to be used are

New Hanover high school, Hemenway, Tileston, William Hooper, Sunset Park, Washington Catlett, Winter Park, Bradley's Creek, Wrightsboro and Carolina Beach. Negroes will register at the Tileston Industrial school.
