When boys run cross country in the fall, they're really in shape. Those milers you see in the Garden during the winter prove it." . . .

Why is it better than run-* ning on a track? . . . "Well, the hills help, but mostly it's because the change of scenery peps them up. Running around in a squirrel cage gets pretty tiresome after a few laps." . . . Come to think of it, we once heard Les Mac-Mitchell, who never became a great miler until after he had run cross country a few seasons, say he used to take 15mile jaunts just for the pleasure of running.

Ever hear of a forward pass catching the receiver instead of vice versa? . . . Well, it happened in a schoolboy game at Washington, D. C., between Western and DeVitt the other day . . . Halfback Dukee O'Counell of Western pitched a pass . . . the ball hit Quarterback Alex Papanicolas on the back of the neck and stuck and then he reached around and grabbed the ball, making a 20-yard and the game ended 13-13.
