> Impressive Rites Take Place At Christ Church, **Grosse** Pointe

DETROIT, May 28.- (P)-Simple but impressive funeral services were held today for Edsel Bryant Ford the service was brief, there company who died at his home here Wednesday. The rites were held in the gray

stone chapel of Christ church in suburban Grosse Pointe, where not very long ago Edsel Ford saw his son Benson married, and more recently gave his daughter Josephine in marriage.

Although the services were in-tended to be private several hun-dred friends and business associates of Edsel Ford were admitted as well as members of the family. Outside the chapel additional hundreds to whom the Ford name has become something of legend waited to see the casket brought out. State police who directed traffic estimated those outside to number about 400.

RALLYING PERIOD 20 75 ½ 15 % Number Of High Spots Seen Despite Early Sinking Spell

FIVE

NEW YORK, May 28 - (P) 311 Stocks rallied selectively in today's 61's market, a number of 3-year highs, 7s after an early slight sinking spell, occasioned partly by profit taking on the recent advance and the lightening of commitments in pre-paration for Monday's holiday.

Short covering in assorted pivotals holding sizable bear interests, 434 brokers said, was a prime influ-634 ence for the belated come-back. The tide turned shortly after midday with a buying flurry in Chrysler which jumped 2 points to 771/2. Chemicals, mail orders, rubbers and radio issues were prominent 1534 on the upside and, despite plenty of decliners, gains running to a point or so were well distributed at the close.

The generally pleasing war news, persistent investment demand and mild inflation phychology were given the main credit for keeping the list on a fairly even keel. A large batch of favorable dividends and earnings statements served to bolster sentiment for individual issues.

The Associated Press average of 60 stocks was unchanged at 51.6, which was a peak since early 1940. Dealings were slack most of the time notwithstanding 10,000 to 20,000-share blocks of Common wealth and Southern, unchanged 401/2 at \$1. Transfers for the five hours 3234 totalled 1,047,729 shares compared with 1,468,440 the day before.

The Administration's organization of the Office of War Mobilization was viewed as constructive marketwise by most Wall streeters.
