

conference as one of three vital measures necessary to achieve a sound world economy after the

The other two basic measures of postwar reconstruction were described by delbation chairman

Herve Alphand as: the great industrial nations.

2. A credit policy planned to fos ter reconstruction of ruined economies and the development of backward regions.

"Not Adequate"

Alphand said four other "reme dies" which had already been proposed by various delgations at this conference had elements of value for a post-war economy but were

"not adequate." Uowering of tariff barriers, for should strive for."

Alphand emphasized, "But." "this result cannot be attained im- sea yesterday, the high command mediately.
