

TIGHTER POST-WAR PEACE PLAN ASKED

Bloom Appeals For Prompt Action On World Collaboration Measure

WASHINGTON, Oct. 16.—(AP)—Fresh moves developed in congress today for a more stringent post-war policy resolution that would require United Nations action to set up a world organization with military powers to suppress future aggression.

Appealing to the senate for prompt action on the post-war collaboration measure, Chairman Bloom (D-NY) of the House Foreign Affairs committee declared that congress in 1910 took a "far stronger" stand for outlawing war than the proposal presently contemplated.

Simultaneously, a senate bloc assailed the post-war resolution approved by a senate foreign relations subcommittee as "vague in its commitments," and proposed alteration of a section which advises "that the United States, acting through its constitutional processes, join with free and sovereign nations in the establishment and maintenance of international authority with power to prevent aggression and to preserve the peace of the world."

The group's proposed substitute advocates: "That the United States, acting through its constitutional processes, join with the other United Nations in the establishment and maintenance of an international organization to promote cooperation among nations, with authority to settle international disputes peacefully and with power, including military force, to suppress military aggression and to preserve the peace of the world."

The group, led by Senators Ball (R-Minn), Burton (R-Ohio), Hill (D-Ala) and Hatch (D-NM), said this amendment would be permitted to the full foreign relations committee at a meeting Tuesday. Senators Pepper (D-Fla), Bridges (R-NH) and Maybank (D-SC) who aided in drafting the amendment, said Senators Ferguson (R-Mich), Mead (D-NY) and Guffey (D-Pa) had subscribed to the proposal.

Ball told reporters the group want the words "free and sovereign nations" eliminated because it was felt their insertion in the resolution prepared under the direction of Chairman Connally (D-Tex) of the Foreign Relations committee, "can only be interpreted as a limitation on the parent authority."

DISSOLVE NEW YORK, Oct. 16.—(AP)—The young communists league today voted to dissolve at a special convention here, and formed temporary committees to consider the formation of a new national youth group.

JAP BUSTERS—BACK FROM RABAUL

Here are five of the USAAF fliers who took part in the smashing aerial attacks on the big Jap air and naval base at Rabaul, on New Britain Island. Taken just after they returned from the mission, the picture shows, left to right: Lieut. Charles E. Moorfield, Arlington, Va.; Lieut. Clifford P. Taylor, Woodhaven, L. I.; Lieut. Gilbert S. Stile, Welty, Okla.; and Lieut. Donald T. Lees, Rock Island, Ill. The pilot at left was unidentified. (U. S. Signal Corps Radiotelephoto from NEA)

AIR RAIDS POINT TOWARD NEW PLANS FOR BIG INVASION

(Continued From Page One)

Rumanian fields, to which the Ploesti refineries are the bottleneck, produced 30 per cent of Germany's total oil supply, crude and synthetic. Hungarian fields, the other main natural source available to the Germans, produced about eight per cent. The long distance air raid from North Africa crippled Ploesti's output. Allied military authorities everywhere hailed it as a signal victory and one which after some months would vitally diminish Nazi oil resources, especially in aviation gasoline and high-grade lubricants.

EXPANSION HALTED U. S. EIGHTH AIR FORCE BOMBER COMMAND HEADQUARTERS IN BRITAIN, Oct. 16.—(AP)—The Allies' aerial invasion from Britain has brought to a standstill the German air force's expansion through new production, Brig. Gen. Frederick L. Anderson, chief of the American bomber command in Britain, said today, but he added that the final, critical blows against Germany's war effort are still some distance off.

The attack on the German air force has been aimed at Nazi airplane plants, notably by a long series of precision attacks by American daylight bombers dropping at one blow as much high explosive as could be shot by a battery of 12,000 ten-inch guns. "You've got to tear down the wall to get at the apple," Gen. Anderson explained in discussing the air campaign against Germany. "Our aim is to get the German air force out of the way first."

NAZIS MOUNT FRONT AGAINST GUERRILLAS

(Continued From Page One)

The railway was reported cut at Zidmost one of the most important junctions in Yugoslavia, where the line from Austria meets the Belgrade-Zagreb line. An armored car and freight train were wrecked on this rail line near Prodanovci.

Street fighting continued in Zenica 130 miles due east of Zaira in the foothills leading down the Sava plain, the communique added. In the south of Yugoslavia, Gen. Draja Mihailovic's forces were said by the Yugoslav press bureau in Cairo to be in control of the greater part of Montenegro and Hercegovina, and one of Tito's generals was reported by the communique to have occupied Andrijevica in Montenegro.

Production At Federal Shipyard Returning To Normal After Walkout

KEARNY, N. J., Oct. 16.—(AP)—With production approaching normal today at the Federal Shipbuilding and Drydock company yard here after 48 hours of walkouts affecting all shifts, John Green, international president of the Industrial Union of Marine and Shipbuilding Workers, (CIO) conferred with the yard management, a company spokesman announced. The conference, he said, negotiated an agreement for the return of 80 steel handlers, who were dismissed yesterday on order of the war labor board after remaining away from their jobs since Monday.

He declined to reveal the conditions of the agreement. Green could not be reached for comment.

Pimples Make Many Look Diseased

Do ugly, red, disfiguring pimples make you look diseased and feel socially inferior? Have you tried a lot of things with little help? Well, many cases of the most stubborn Pimples, Acne, Kezema-like Rash, Blotches, Ringworm, Itching Skin and Athlete's Foot often are due to surface, non-systemic skin troubles—in such cases, Nixoderm is the very first application. Nixoderm works while you sleep and in 3 nights brings a delightful improvement in your appearance or your money back is guaranteed. Get Nixoderm from your druggist; and see how fast it helps your skin.

City Briefs

BANQUET PLANNED

The First Christian Church will hold a fellowship banquet in the church social hall Tuesday evening at 7 o'clock. Members of the local church and new residents of Christian churches are invited. There will be no charge but reservations are requested through the church office today and Monday.

MEETING

The first fall meeting of the New Hanover county workers' council will be held in the home agent's office Monday afternoon at 3:30 o'clock. All members are urged to be present.

WILL UNVEIL PLAQUE

A plaque bearing the names of 67 members in service will be unveiled with appropriate ceremonies at the Church of the Covenant Sunday morning at 11 o'clock. Friends and relatives are invited to attend.

CLUB TO MEET

A special meeting of the Temple of Israel Men's club will be held Tuesday evening, Oct. 19, at 8 o'clock in the vestry rooms of the temple. Important club matters will be discussed.

SPONSORS TO MEET

There will be a meeting of teacher sponsors for the Junior Red Cross at Williston industrial school Monday afternoon, October 18, at 4 o'clock. Mrs. Alfred Sternberg, chairman, will preside. Some of the First Aid supplies and material for the Junior Red Cross roll call, which will be held in all schools on November 1-15, will be delivered. Mrs. A. R. Hardwick is chairman of Junior Roll call.

RUSSIA PREPARING FOR ALLIED MEET

(Continued From Page One)

foreign ministers, for whom living and working facilities are already prepared, although the delegates have not yet arrived. "The exact date of the conference has not been announced." Izvestia, as did the official Communist party organ Pravda earlier this week, insisted that military questions must come before other problems at the parley.

"Undoubtedly," said the paper, "the question of a decisive reduction in the length of the war and of victory in the shortest possible time is tied up inseparably with the problem of opening a second front in western Europe."

Although Pravda had said that Soviet frontiers or the status of the Baltic states could not be discussed, Izvestia did not mention these points, and the tone of today's article was generally optimistic and conciliatory.

Izvestia emphasized the Soviet point of view that the most important immediate issue is "to cut down the length of the war." This has become the most popular current slogan of the Soviet press.

"Of course," said Izvestia, "questions of post-war organization are very important to the Allied countries, and it is necessary even now in a period of war to prepare and settle many economic and political problems."

"But events follow their own logic. The peaceful period is preceded by more or less coordinated conduct and the conclusion of the war. Solution of post-war problems can be successful provided everything is done in war-time political and economic relations for the hastening of this post-war period."

WAKEFIELD TO NAVY

DETROIT, Oct. 16.—(AP)—Outfielder Dick Wakefield of the Detroit Tigers received notification today to report to the Navy Oct. 26, as an aviation cadet. He enlisted last summer.

Exchange Club Head Names New Committees

In the regular meeting of the Wilmington Exchange club Friday, new committees were announced for the ensuing year by President C. D. Barclift on Friday.

The Exchange voted to join with other service clubs of the city to display a number of public bulletins announcing the meeting dates of all clubs in the city. Other business included authorization of the purchase of \$300 in War Bonds. Dr. R. T. Ronner introduced his father as a guest at the meeting.

Knights Of Coumbus To Initiate Candidates

RALEIGH, Oct. 16.—(AP)—Eighty-five candidates will be initiated into the Knights of Columbus' fourth degree order here tomorrow at a meeting of the state wide Bishop McGuinness assembly.

The candidates will come from the Carolinas and Georgia, and prominent officials of the organization from the three states will attend. The Rev. J. Wilfred Parsons, professor of political economy at Catholic university, will deliver the principal address at a banquet meeting to follow the initiation ceremonies.

SHRINE LAUNCHING PROGRAM PLANNED

(Continued From Page One)

get underway at 3:35 p. m. with the Sudan Temple band playing the National Anthem. Following opening remarks by Storer P. Ware, secretary of the N. C. Shipbuilding company, J. E. L. Wade, master of ceremonies, will take charge and introduce L. A. Rayne, potentate, and F. A. Matthes, chairman of war drive campaign, each of whom will speak briefly.

The principal speech at the ship launching will be made by C. K. Proctor and after five minutes of music the ship will be sent down the ways. After the launching of the S. S. Kathay, a dinner will be held at the shipyard cafeteria for the shriners. An orchestra will provide music for the dance to be held for them from 9 p. m. to 1 a. m. at the armory.

For the ladies a theatre party will be held at the Bailey theatre from 1 p. m. to 3:30 p. m. while Shriners are attending the rituals. The S. S. Kathay was named for the original Kathay, an extreme clipper ship of 1,123 tons, which was built by Jacob A. Westervelt, New York, in 1853 for Goodhue & Co. of New York. She was under construction, June 18, 1853, on which day the clipper ship Sweepstakes was launched alongside. The latter careered, breaking stagings along the Kathay, which precipitated many spectators into the water, but fortunately without fatalities. The Kathay was to have been launched on Aug. 11, 1855, but the prevailing temperature having melted the tallow between the ways, the hull refused to move even after powerful levers and jack screws had been applied. The launching ways had to be relaid, tallow renewed and eighty hours of hard labor were required before the vessel took the water.

She was built for California and China trade, but on account of low freight rates, then prevailing to the Pacific coast, her maiden voyage was from New York to London; thence to Sydney, Canton and home.

Early in 1863 the Kathay went under British colors and Liverpool became her port of registry. Under Captain Popham, she left Bombay, Oct. 7, 1866 for Howland's Island, to load guano for Europe and arrived ninety days later. While completing her cargo of 1600 tons, a sudden shift of wind drove her broadside on the reef where she instantly bilged. She soon slid off and within the space of one hour had sunk in deep water. Everything was lost.

While under the American flag, the Kathay was commanded by Captain Stoddard, most of the time; the final year or so, Capt. Rennel had charge.

OAK RIDGE CADET IS ELECTROCUTED

Auburn G. Farris, Jr., 15, Is Struck By High Tension Power Line

WINSTON-SALEM, Oct. 16.—(AP)—Auburn Glenn Farris, Jr., 15, a cadet at Oak Ridge Military Institute near here, was electrocuted today about a quarter of a mile from the campus when a high tension power line fell on him.

Two companions, Peter King of Concord and J. H. Steele of Davidson, endeavored to rescue him but were unsuccessful and suffered slight burns. Capt. W. J. Chandler of the military school faculty said the wire fell after it had been shot with a .22 calibre rifle. He said possession of firearms by cadets was against the school regulations and where Farris obtained the gun was not known by the school authorities.

Farris is a son of Mr. and Mrs. Glenn Farris of Mayodan. Surviving, in addition to the parents, is a brother, James M. Farris, also an Oak Ridge cadet.

Brief Air Raid Alert Is Sounded In London

LONDON, Sunday, Oct. 17.—(AP)—London had a brief air raid alert early today but the all clear sounded a short time later without any gunfire being heard.

A few hours earlier German planes had struck a town on the southeast coast.

It was the first warning in London since Oct. 8—the night after 15 German planes dropped 30 tons of bombs on the city.

RUSSIANS GAINING IN MELITOPOL FIGHT

(Continued From Page One)

the city alone. The Germans were reported fighting under a stand-order from Adolf Hitler. The Germans rushed up divisions from the Crimea, reaching the battlefield before Gen. Malinovsky's forces reached the area. The Soviet air force was aiding the southward drive, bombing German troops trains and army stores at Nikopol, 50 miles south west of Zaporozhe. Four trains were declared smashed by these attacks.

Red Star, Soviet army newspaper, describing Melitopol as the last German strong point before 90 miles of dismal mud flats that offered little chance of natural defense, said the battle had "assumed a wide scale and has tremendous significance."

A Russian victory there would open a path deep into the southern district, cutting off the Crimea where six or seven German divisions are dug in. Moscow said the Germans had elected to make a supreme stand in the vital southern area, and reported that reinforcements for the Melitopol battle were arriving from the Crimea, rushing into attack over and over again despite heavy losses. Twenty-six violent German counter-attacks were launched in one day and German planes were 1,100 sorties over a ten-mile front, Red Star said.

The newspaper recalled that the Germans had termed Melitopol their "eastern gate" and added "the eastern gate" and added "the gates have been closed."

CIO LABOR DISPUTE HALTS PRODUCTION AT CRAMP SHIPYARD

(Continued From Page One)

The stoppage brought from Rep. Bradley the assertion that "we can have no repetition of the Brewster situation at Cramp's."

"Unless the current difficulties are quickly adjusted on a basis for future cooperation established, I will demand that the Navy take over the yard and operate it so that the war program will not be interrupted," he said.

His request for Navy "intervention" in the dispute, Bradley added, was made to undersecretary James V. Forrestal. Later Navy Labor Relations officers, the union said, attempted to arrange a conference but "the company flatly refused."

Bradley said that during the Congressional recess he investigated conditions at the four major shipyards along the Delaware river—the Philadelphia navy yard, New York Shipbuilding Corp., Drabco Corp. at Wilmington, and Cramp's at the direction of the chairman of the House Naval Affairs committee.

"At the first three conditions were satisfactory, construction was proceeding well and labor relations, generally speaking, were very good," Bradley said. "The Cramp yard left a great deal to be desired, in addition to strained labor relations."

Conditions at Cramp's, he said, threatened its continued operation after the war.

Polar bears have been known to drift from Greenland to Iceland on cakes of ice.

LEWIS ASKS MINERS TO RETURN TO WORK

(Continued From Page One)

amounting to about 25 cents a day for the total additional earnings of the miners which would be demanded by Lewis in the negotiations opened last winter.

The agreement, if satisfactory to WLB, is contingent upon the Office of Price Administration not to 40 cents a ton in coal price ceilings.

about aspirin is the fact that St. Joseph Aspirin brings them both quality and low cost. You can't buy better aspirin than this world's largest seller at 10¢. So why ever pay more, or accept a substitute. Get St. Joseph Aspirin.

Advertisement for Tide Water Power Co. featuring a woman and a child, with text: 'What Else Does a Wife Think About? You can't expect a woman to give very close attention to social functions, parties, luncheons and dinners when her husband, brother or son is in the armed forces. It's going to be hard for such a woman to find pleasure or solace in the trivial things of life. And yet we know and she knows that it is these very things, which may seem trivial, that she must do; that is her part in this war; that will help bring us all that much closer to VICTORY. Now we must ask her on behalf of our Government to do more in the home... her home. We ask her to conserve on the use of gas, which has become very important to the war effort in the saving of vital fuel oil necessary in war production. And when she thinks of the time when the war will be over, of the day when her men folks will return to their home, she will be happy in the realization that she has helped to bring that day ever closer. ... AND HOW ABOUT THAT EXTRA WAR BOND? BUY MORE WAR BONDS. Tide Water Power Co.'

Enjoy 24 hour continuous heat, save up to 50% and more on fuel. More heat due to Ashley's patented down-draft thermostatic system, according to many letters on file from Ashley users which we will gladly send upon request. No fires to build daily, remove ashes on average of three times a month. Burns wood, small worthless type trees, clean, native plentiful fuel. WOOD. Refuel morning, then at night, enjoy 24 hour continuous heat. Over 2,000 retailed in one city and trading area. Our 12th year. Five patents, many thousands in use, time proven. See your local Ashley dealer or write us for his name. Ashley Automatic Wood Stove Co. COLUMBIA, S. C.'

Advertisement for Palmolive soap. Text: 'DOCTORS PROVE 2 OUT OF 3 WOMEN CAN GET LOVELIER SKIN IN 14 DAYS! READ WHAT THE 14-DAY PALMOLIVE PLAN DID FOR HAZEL LARIBEE OF RIDGEFIELD, CONN. My complexion had lost its lovely look. So I said 'yes' quick when invited to try the new 14-Day Palmolive Plan—along with 1284 other women. My group reported to a New York skin doctor. Some of us had dry skin; some oily; some 'average.' After a careful examination, we were given the plan to use at home for 14 days. Here's the proved Palmolive Plan: Wash your face 3 times a day with Palmolive Soap. Then—each time—massage your clean face with that soft Palmolive lather... just like a cream. Do this for a full 60 seconds. This massage extracts the full beautifying effect from Palmolive lather for your skin. Then just rinse and dry. After 14 days, I went back to my doctor. He confirmed what my mirror told me. My skin was smoother, brighter, clearer! Later I learned many skin improvements were observed by the 36 examining doctors. Actually 2 out of 3 of all the 1285 women got see-able, feel-able results! The 14-Day Palmolive Plan for me for life! YOU, TOO, can look for these Beauty Results in only 14 DAYS! Brighter, cleaner skin. Finer texture. Fewer blemishes. Less dryness. Less oiliness. Smoother skin. Better tone. Fresher, clearer color. (This list is from the reports of the 36 examining doctors!) DON'T WASTE SOAP! Vital materials needed to win the war are used in soaps. DON'T let soap soak in water. DON'T let soap drift in wet soap dish to melt away. ALWAYS moisten the last siver and put it on a new cake. NO OTHER SOAP OFFERS PROOF OF SUCH RESULTS!
