MAIL ORDER HOUSE MORTGAGE VS 'PEOPLES' HOME FINANCING

If you are planning to buy a home or refinance your home, it will pay you to study these points BEFORE you act!

WITH OUT OF TOWN 'Mail Order' Financing... WITH A LOCAL 'PEOPLES'... LOAN

You Write and Wait— If you want information or need an adjustment, it takes time and interpretation.

You Are No. 15183— Consideration is impersonal. You are known only by a number and the data in the loan file.

Your Answer— Mathematical Your home mortgage was obtained as an investment... your personal problems may not influence decisions.

If Sickness Strikes— You cannot expect the consideration and understanding from an out-of-town firm that we are in a position to give you.

Ask our experienced loan counselors to show you how in length of term, size, and amount of monthly payment your direct reduction home loan can be tailored to meet your needs.

WELLES ASKS U. S. TO STRESS GOALS

Says Government Should Inform People Of Its Objectives

NEW YORK, Oct. 16.—(P)—Sumner Welles, calling for a four-power agreement for a stable post-war world, declared today that the time had arrived for the United States Government to tell its people its objectives for "security, social progress and prosperity" in that world.

"I for one cannot subscribe to the philosophy which some maintain that a policy cannot be initiated until after the people themselves have brought pressure to bear for its adoption," he said in address to the 25th anniversary meeting of the Foreign Policy association here.

Welle's pictured President Roosevelt as "superbly fitted to undertake his constitutional responsibilities, and declared that 'the people of this country look to him once more for that inspired leadership of which he is so supremely capable.'"

He urged that the United States, Britain, Russia and China agree soon on basic principles for post-war world, to constitute "the very foundation" of an "ultimate international organization" whose two moral principles would be "the inalienable right of all peoples to enjoy the freedoms of religion, of speech and of information," and the conviction that "no nation has the inherent and unlimited right to govern subject peoples."

Points in the agreement, he said, should include the joint task of keeping the peace; the machinery for progressive armament reduction; a common policy of realistic justice for conquered enemy powers to render them incapable of future aggression; willingness not to undertake independent action affecting sovereign rights of other nations without concurrence of all four powers, and perfection of a universal world organization.

Gibraltar was seized by the British in 1704.

EARLY CHRISTMAS MAILING IS URGED

All Packages And Parcels Should Be Posted Before December 10

Wilmington postoffice officials said Saturday that mailing of greetings and parcels for this Christmas should begin in November and most of them should be deposited in the postoffice before December 10.

The slogan of previous years of "Ship Early and mail Early" is more important this year than ever before, it was said. Over 30,000 United States postal employees have entered the armed services, creating a serious shortage in trained personnel.

"It is imperative," officials declared, "that the public respond to the appeal to mail in November—last-minute gifts not later than December 10."

Every effort is being directed toward having all Christmas matter mailed in time for delivery before Christmas, and all preparations, plans and organization are being made by the Wilmington postoffice with that end in view.

Large advertisers are being requested to withhold heavy mailing of catalogs, calendars, etc., during December. Calendars should be mailed sufficiently in advance of December 1 to permit delivery before that date.

In connection with extra help for Christmas, competent men and women on the Civil Service register of eligibles will be given first consideration and next, competent persons who were employed in previous years. No maximum age limit is fixed in the employment of temporary substitutes.

BILL SIGNED WASHINGTON, Oct. 16.—(P)—A measure boosting the borrowing authority for National Defense Housing from \$1,200,000,000 to \$1,600,000,000 has been signed into law by President Roosevelt.

EARTH TREMOR CAIRO, Oct. 16.—(P)—A slight earth tremor felt here about 4:30 p.m. (10:30 a.m., EWT) today caused some buildings to sway but there were no reports of serious damage.
