# MOTORISTS GIVEN ANTI-FREEZE TIP

Vise Car Owner Will Test Strength Of Last Win-ter's Fluid

Motorists who will use again this motorists and fire again this last winter were told Saturday by Musselman, ODT district transport manager, how to offset the loss of strength and to tounteract acid or rust producing

Permanent type anti-freeze can be treated with an inhibitor and cused, he said. Under the necesof war conservation, permanent types anti-freeze (ethylene glycol type) were used by many owners for a second season juring the 1942-43 winter. The same necessity will occur

during the coming winter. second use developed minor cooling system troubles which are easily correctible so that the anti-freeze can be safely reused as long as it has desirable anti-'reeze qualities.

The permanent type anti-freezes which have been on the market have contained a rust preventive which was expendable. In addipermanent type anti-freezes may become slightly acid with contin- October 13, after a brief illness. ged use and under these circumstances may have corrosive acion on certain parts of the cool-

flese inhibitors do not increase day afternoon. he anti-freeze strength, but only nunteract any possible acid deelopment and renew the rust inbiting properties.

anti-freeze solution strength is weak due to loss of active material, it is necessary that additional ethylene glycol be added to the cooling system. The rinburg. anti-freeze strength should always be checked at the beginning of euse with a standard tester.

Malaria is endemic in seven

# Two simple steps to amazing New STRENGTH .. better LOOKS!

THESE two important steps may help you to overcome the discomforts or embarrassment of sour stomach, in the property of the sour stomach, in the property of the step of the s

iorts or embarrassment of sour stomach, jerky nerves, loss of appetite, underweight, digestive complaints, weakness, poor complexion!

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. So with ample stomach digestive juices PLUS RICH, RED-BLOOD you should enjoy that sense of well being which denotes physical fitness . . mental alertaces!

hess!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need as it is especially designed to promote the flow of VITAL DIGESTIVE JUICES in the stomach and to build-up BLOOD STRENGTH when deficient.

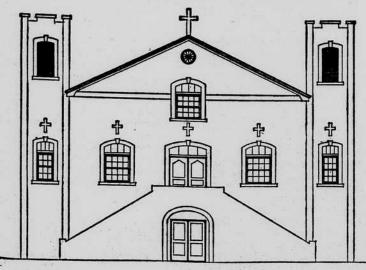

**Build Sturdy Health** and Help America Win Thousands and thousands of users have lestified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again."
