# Army Unit Plans Entertainment Friday Night

Another beach party and dance has been planned by an army outfit for this week-end when the 136th AA Gun Battalion of Camp Davis will celebrate an activeation birthday party at Lumina, Wrightsville Beach, on Friday evening. This new unit recently arrived from Camp Edwards, Mass., and is anticipating the attendance of a large number of young ladies from Wilmington on Friday evening. Features of the entertainment

will include a beach party early the afternoon followed by a buffet supper served near Lumina and dancing at Lumina pavilion to the music of Bob Thorne's "Sledge Hammere", 12 - piece band playing from 8:30 until 12:30 o'clock.
Wilmington girls as well as girls on the beach are cordially invited to attend. Special buses will leave the Second and Orange USO from until 9 o'clock for the beach and transportation will be provided for the young ladies back to Wilmington after the dance. This dance s strictly informal. It is said that Bob Thorne's band is pretty good so girls be on hand for this gala affair Friday night at the beach.

#### Miss Adele Blue Weds Cpl. Cluck In New Bern

In historic First Presbyterian church in New Bern, on Saturday, June 10, Miss Adele Blue and Corporal Thomas Cluck were married by the Rev. F. Hubert Morris in the presence of a few intimate

composed of an applique flower de- suit erigin.

pated from Peace Junior college, and Brenau college, Gainesville, Georgia. For the past year she has been Hostess of the Maple Hill Cafeteria at Camp Da-

Cpl. C'uck is the son of Mr. and Mrs. Harold N. Cluck of Wyncote. Pensylvania. He attended the Charles Morris Price School of Jumalism and Advertising in Philadlelphia, prior to his inducin into the army he was a memher of the adve. tising staff of the Philadelphia Evening Bulletin. He s now stationed at Camp Davis.

# A Good Cause For Divorce

By RUTH MILLETT

Allergy Is Not

A 'screen actress who recently divorced her husband on the grounds of cruelty claimed ne made her visit his desert ranch, although she was allergic to dust. Wives who keep their marriages out of the divorce courts know that if they are allergic to any of their husbands' interests the thing to do

is to ignore the allergy. Plenty of wives who are allergic to fishing pretend that their idea of a perfect holiday is to climb into a dinky little boat under mosquito attack and fish all day.

Plenty of other wives who are mentally allergic to their husbands' college pals make them welcome through the years. Other women cook their husbands' favorite dish at least once a week-even though they don't touch it themselves. Not One - Sided

That is just a part of marriage and it isn't all one - sided, either. Look at the rugged men who put up with having a silly looking lap dog around the house because their ultra - feminine wives love the 'cute little things."

Look at the men who say "Sure it's a nice dress" about some cre-ation that looks to them like nothing short of a nightmare. Look at the men who live in houses without a single comfortable chair, because comfortable chair would not fit n with the decorating scheme a woman dreamed up to impress her

Making a partner put up with something to which he is allergic constitutes cruelty in a divorce By ELSIE KENARD ing bras hung by halters and shorts court — but in a successful mar-NEW YORK.—The use of softer with a lady - like front apron that riage it is just to be expected and

Nature Favors

... in minerals ... For the mineral resources of the South are of almost incredible variety and abundance. This vast mineral wealth constitutes one of the country's greatest assets. It is helping America to build a chemical industry which leads the world, with scores of products ranging from synthetic rubber to bromine from sea water.

Today, the minerals of the South constitute a factor of vital importance in the waging of war. In the years to come, these resources will contribute in greater measure to the upbuilding of the industrial South. From the phosphate beds of Florida and the coal and iron deposits of Alabama t the synthetic nitrogen plants of Virginia the Seaboard Railway has shared in th development of the South's mineral re sources. On the established principle tha the welfare of the railroad depends on th prosperity of its patrons, the Seaboard ha worked for many years for the economi development of the territory it serves. Th Seaboard will plan and work in the future as in the past, for the fullest developmen of the South's vast mineral resource Seaboard Railway, Norfolk 10, Virginia
