Hanover County STORES ORGANIZED

Sixin Drive's Goal Set At \$4,666,000 For New

## Will Stress Theme That War Not Over, Many Bioody Battles Ahead

Final arrangements were compleied yesterday for the start in New Hanover county Monday of the Treasury department's Sixth War Loan campaign.

New Hanover's overall bond assignment is \$4,666,000, a reduction of \$1,041,000 from the Fifth drive. Individual citizens will again be asked to buy heavily of Series E type of bonds, as this goal was cut by only \$201,000 over the Oc-

tober campaign. J. G. Thornton, co-chairman of the War Fiance committe, reported all leaders have completed naming their helpers in the great undertaking.

Stores Organized Retail stores have been organized and an objective of a minimum 1 \$300 in sales for each clerk has een set. Most merchants have ecorated their establishments with patriotic motif to encourage bond selling in their particular

All merchants have been asked have packages wrapped for paons in war bond leaflets, which re available at the chamber of nmerce. No kick-off bond meeting will be

Yanks Shoot Down 500th Japanese Plane Of The Leyte Campaign

### By C. YATES McDANIEL

GENERAL M'ARTHUR'S HEADQUARTERS, PHILIP-PINES, Nov. 19. - (AP) -American infantrymen closed tighter today on the shellbattered fortress town of Limon, at the northern end of Leyte island's Ormoc corridor, against stubbornly resisting Japanese who were cut off from fresh supplies. Yank fighters and antiaircraft guns, meanwhile, shot down their 500th Japanese plane of the Leyte campaign, bagging seven of 15 attackers on the east coast. (A total of 777 Japanese planes

have been destroyed by army and carrier - based planes and ack-ack in the Philippines thus far in No-vember. an unofficial count shows.) "Compress" Japanese

Elements of the 24th and 32nd divisions "further compressed" the Japanese forces at Limon, four miles by road from Carigara Bay, cday's communique said.

A road block, established south of N. C. Company To Receive the town Byunits of the 24th, was ightened, and "all enemy attempts to run supply trucks through the trapped first division troops has ailed.'

Remnants of at least a Japanese regiment, it was estimated, are within the squeeze being contracttown from the north and the road block. Some Japanese tanks reached the trapped forces before the block was tightened.

Several hundred Japanese forces ernor J. Melville Broughton scheadvance American units who first believed it had been abandoned. Announcement of the

Nazis Decide On Fight To Death CUT DEEP SALIENT In Streets And Houses Of Metz TOWARD THE ROER Three-Army Attack On 30-

By KENNETH L. DIXON ON THE OUTSKIRTS OF BETZ, Nov. 18. - (AP) - The fortress City of Metz became a battlefield today. As American infantry pushed into the city with the support of tanks this morning it was clear that the German defenders had decided on a battle to the death in the streets and houses of Metz.

I saw streams of American foot soldiers flowing around the fortresses which guard the city and which are still manned by a motley group of German draftees and SS guard fanatics who spur them on. I saw the doughboys fighting their way under a terrific artil-

because the Germans are doing more than simply holding out in their forts. They are fighting well and shooting with deadly accuracy. But the Verdun group of forts and Fort St. Privat southwest of the city

Mile Front One Of War's **Greatest Drives** BY EDWARD KENNEDY

SUPREME HEADQUAR-TERS ALLIED EXPEDI-TIONARY FORCE, Sunday, Nov. 19.—(P)—One British and two American armies were smashing their way toward the heart of the Rhineand today in one of the greatest battles of the war against German resistance stiffened by desperation.

CENTS

ESTABLISHED 1867

The American Ninth and British Second armies, in a collaboration so close that it was described here as "a blended operation," had driven a deep salient toward the river Roer between Geilenkirchen and Aachen.

On their right flank, southeast of Aachen, the American first Army was making slow but steady progress against the grimmest sort of enemy opposition.

This three-army attack on a front some 30 miles wide develop-Cleveland Operators Will ed into one of the war's biggest drives.

Control bill which contains \$46,980,000 in flood control and power projects for the Roanoke river and Yadkin-Pee Dee river basins.

A third factor affecting the bill is the controversial St. Lawrence Seaway project, long urged by President Roosevelt. Gen. George D. Aiken (S-Vt.) has threatened to attach the St. Lawrence project to the rivers and harbors measure as a rider, when it reaches the floor. If Sen. Aiken is successful, proponents of the rivers and harbors legislation feel that the measure may be de-

feated. On its own merits, the rivers and harbors bill must pass the Senate, pass a joint conference coramittee of both the Senate and the House, and receive final approval from both houses - all before Congress leaves for the Christmas recess. If the bill fails to complete passage, it must start up the long and involved trail of re-introduction in the House, committee hearings, and final

passage all over again in January.

> Sen. Josiah W. Bailey, chairman of the Senate Commerce committee, said yesterday that there was no controversy over sections ' the omnibus measure which provide for improvements for North Carolina waterways and harbors.
