## JOYFUL CHRISTMAS and a very Happy New Year

Much has happened within the past year to alter our habits and customs. Such changes have been necessary, and we have gladly tried to do our part. Because of these changes the true meaning is brought home to us more forcibly. Christmas is a tangible thing that means so much in a chaotic world. It is a season of good fellowship to which American people look forward with enthusiasm. It is the one time of the year when cares can be forgotten, and an occasion which you can treasure through the months to come.

We are sure that you have had your problems and your cares. You have had your share of disappointments. And we regret that we have been unable to maintain the type of service throughout the year to which you were justly entitled.

It is our hope that brighter days will come soon and grant us the cherished privilege of serving you as we so earnestly desire.

With sincere wishes and grateful appreciation we wish for you and yours, a Happy Christmas.
