

GRAHAM-PAIGE STRIKE TO END

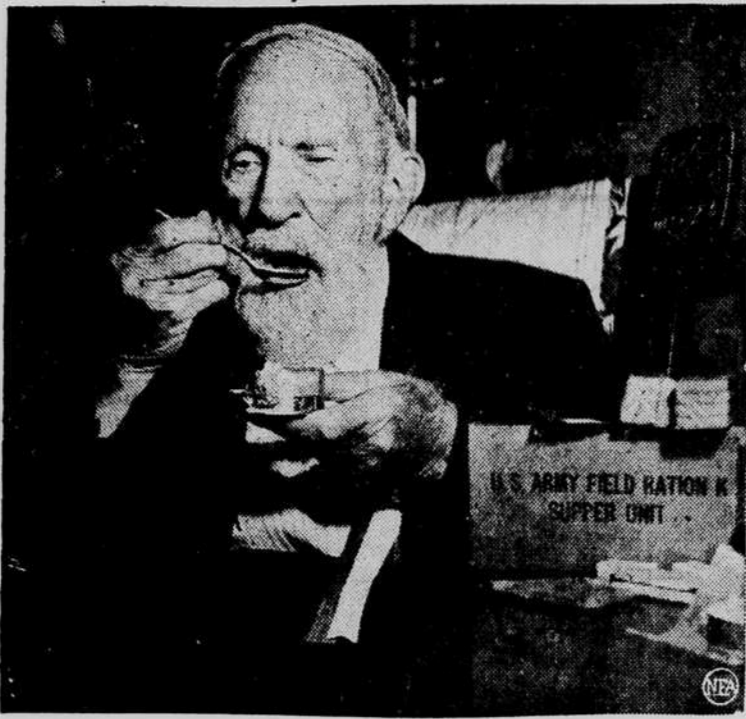

DETROIT, March 8.—(P)—Striking employees of the Graham-Paige Motors, Inc., plant here voted this afternoon to return to work Friday morning, but any back-to-work decision by 13,000 Briggs Manufacturing Co. strikers awaited a mass meeting scheduled for Friday night.

The end of the Graham-Paige stoppage was voted at a meeting of Local 142, United Automobile Workers (CIO). Approximately 3,000 were idle in this dispute.

The Briggs workers, members of Local 212, UAW-CIO, who walked out after the management dismissed eight men it accused of inciting previous stoppages, will consider a regional War Labor Board directive ordering them to return to work and the Briggs company to reinstate the eight dismissed men. The strike started a week ago.

A dispute over plant rules limiting employees' time for washing up to five minutes caused the walk-out at Graham-Paige. The strike followed the disciplining of a number of employees the management said left their jobs 15 minutes before quitting time.

Byrd Says FDR Can Shift 1,100 Posts To Wallace

WASHINGTON, March 8.—(P)—Senator Byrd (D-Va) told the Senate today that by a stroke of the pen, President Roosevelt could transfer more than 1,100 agencies of government to Henry A. Wallace's Commerce Department.

The Virginian called the Senate's attention to a recent article in the Baltimore Sun declaring that the budget director is laying the groundwork for transfer of four independent agencies to the Commerce Department. The article listed them as the Interstate Commerce Commission, the Federal Trade Commission, the Federal Power Commission and the Securities and Exchange Commission.

Byrd said that in passing the George Bill stripping control of the Reconstruction Finance Corporation and other lending agencies from the Secretary of Commerce, Congress had not closed the door on the President's power to transfer other agencies under his war powers.

"There are 1,141 agencies of

Government, all of them except RFC subject to transfer to Mr. Wallace," he declared.

In the same speech, Byrd charged that the Federal Government is "the biggest hoarder of labor," with 3,372,710 civilian employees on its payrolls. He declared little effort had been made to trim this number.

Uncle Sam Likes 'Em Rich, Plump and Meaty

When Uncle Sam buys rice for Lend Lease and for our boys and girls in the Armed Services, he will accept nothing but top quality grade. That's why he has requisitioned so much of those rich, plump, meaty grains you have been accustomed to buying in the famous blue and yellow Wonder Rice package.

Yes, our fighting boys and girls will be getting more—which is why you will be getting less. And since the Walton Rice Mill folks are particular about their reputation, they'd rather sell you less than put inferior quality in their esteemed blue and yellow Wonder Rice package. Sure Wonder Rice will be scarce—but that's the reason it will be worth looking and asking for.

KEEP YOUR RED CROSS AT HIS SIDE

The Red Cross IS BY HIS SIDE

After more than three years there are few homes still untouched by war... and few in service who have not been helped by the Red Cross. When a volunteer worker drops in to ask for your contribution to the 1945 War Fund of The American Red Cross, remember, this grand organization is being called on to meet ever-increasing demands for its... packages of food and medicine for prisoners of war... Red Cross Clubs and many other services bring comfort and relief where and when it is needed. And when disaster strikes here at home, the Red Cross is on the job just as it was before the war.

When you are asked to give... GIVE GENEROUSLY... KEEP YOUR RED CROSS AT HIS SIDE.
