RECOVERY TRENDS NOTED IN MARKET

By VICTOR EUBANK
 NEW YORK, March 10.—(P)—The stock market today finished a sharply reactionary week with recovery tendencies appearing in virtually all departments.
 Stiffening prices ruled at the opening and, at the best, gains of fractions to 2 points were widespread. Dealings were unimpressive and, at the close, top marks were reduced in a number of cases.
 Some customers reinstated accounts on the belief the recent slump had resulted in an oversold situation calling for at least a technical rebound. Earnings and dividends were helpful. Reconstruction approval still was stressed by the good war news and a possible anti-speculation drive by Washington remained as a cautionary factor.
 The Associated Press 60-stock composite was up 4 of a point at 60.7 but on the week showed a net drop of 1.3 points. Of 838 issues registered, 516 were up against 322 down or unchanged. Transfers of 750,000 shares compared with 680,000 a week ago.
 Prominent gainers in the two-hour stretch included International Telephone, liveliest mover, at 194.45; peak: U. S. Steel, Bethlehem, Chrysler, Studebaker, Santa Fe, Southern Railway, Western Union, "A. U. S. Rubber, Sears Roebuck, Douglas Aircraft, Westinghouse, Union Carbide, U. S. Gypsum, General Electric, Allied Chemical and American Water Works.
 Ahead in the curb were Cities Service, Electric Bond and Share, Raytheon and United Light preferred. Turnover here was 190,000 shares versus 250,000 last Saturday.
 Bonds improved with stocks. At Chicago wheat was off 1-8 to 70 1/2 of a cent a bushel. Cotton was unchanged to 20 cents a bale lower.
 On the big board shares did well Monday and on Tuesday made a new average high since September 4, 1937 although volume was restricted. Low-priced issues retired to the background in the wake of new margin regulations affecting these former sprinters and higher grade pivots attracted the principal bidding.

CHICAGO GRAIN
 CHICAGO, March 10.—(P)—Grain markets started on the off side today but rallied during the first half hour and finished steady to firm. Wheat recovered more than a penny after the early dip and rose closed with gains ranging to three-quarters of a cent.
 Reports that more freight cars for the shipment of grain would be made available immediately led to the early sell-off in corn and the break influenced other markets. No improvement in the transportation tie-up was noticeable, however, and cash prices remained at ceilings.
 Short covered on the early dip and after the rally the trade grew dull as operators retired to the sidelines to await week-end development in the European war.
