MOVIE EMPLOYES CONTINUE STRIKE

HOLLYWOOD, March 22. -(AP)-Thousands of film studio workers continued with their jurisdictional walkout tday despite an explicit National War Labor Board order directing them to resume work.

"We're just striking as usual," said Herbert K. Sorrell, president of the conference of studio unions which claims that 14,000 workers are idle and will remain so until a "clean-cut victory" is won.

Sorrell said the unions he heads will continue to stand pat and that the next move is up to the War Labor Board.

When the WLB wired Sorrell directing that the strike be terminated immediately, he replied that film producers were defying the authority of the WLB. He added that the producers apparently had asked the WLB to order the workers back to work but that the pro ducers had no right to do this.

The walkout resulted from dispute over jurisdictional claims regarding 77 set decorators, with the conference of studio unions on one side and the International Alliance of Theetrical Stage Employes on the other. Both the CSO and the IATSE

are affiliated with the AFL.
