Christian Scientists Hear Lesson-Sermon On Reality

"Reality" was the subject of the Lesson-Sermon in all Christian Science churches and societies yesterday.

The Golden Text was from Psalms 45:6. "Thy throne, O God, is forever and ever: the sceptre of thy kingdom is a right sceptre."

Among the citations which comprise the Lesson-Sermon were the following from the Bible: "Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me, declaring the end from the beginning, and from ancient times the things that are not yet done. My counsel shall stand, and I will do all my pleasure" (Isaiah 46:9-10).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "There is but one primal cause. Therefore there can be no effect from any other cause, and no reality in aught which does not proceed from this great and only cause. The spiritual reality is the scientific fact in all things. The spiritual fact, repeated in the action of man and the whole universe, is harmonious and is the ideal of Truth. Spiritual facts are not inverted; the opposite discord, which bears no resemblance to spirituality, is not real" (Page 207).

BIG SICK LIST

It has been estimated that between 2,500,000 and 3,000,000 persons in the United States would be found ill, if a survey were conducted at any given time.

History Provides A 'Secret' Weapon

Because some smartie remembered his story-book reading of the ancient days when cross-bows were hot stuff in battle, Yanks on the Western Front have a new "secret weapon." It's the huge cross-bow pictured above, getting finishing touches from T-4 Alan J. Hamm of the 26th Division. It doesn't shoot arrows like its historic prototype, but does hurl grenades a lot farther than is possible by hand.

Senator Declares War On Black Marketeers

WASHINGTON, April 1. — (AP) — Chairman Thomas (D-Okla.) declared war on black market operators today on behalf of the Senate subcommittee investigating the food situation.

"We're going to try first to stop the black market," he declared, "and if we can't do that we'll get the operators."

Thomas, also chairman of the Agriculture Committee which fathered the investigation, said he had received "hundreds of letters from housewives throughout the country naming specifically local black market operators in every commodity from meat to liquor and cigarettes."

In view of the specific nature of those allegations, Thomas said he might ask local police departments to investigate and make arrests; also, check into the operators' tax returns.

"I am convinced that the patience of the American housewife is exhausted," Thomas said in a statement. "From Maine to California and from the Dakotas to the Gulf States women are writing me that they are compelled, because of conditions today, to patronize local black markets or feed their families 'salad meals.' They make no bones about it—they say they have children to feed and if it means buying nourishing food at over-ceiling prices they will do it. The OPA, they say, has been unable to stop these local racketeers and they are appealing to this Senate committee to formulate a policy under which some immediate relief may be had."

YANK FIGHTERS FOREGO EASTER

ABOARD THE U. S. AMPHIBIOUS FLAGSHIP Off Okinawa, April 1. — (AP) — In the roar of today's mighty assault upon Japan's side doorstep there was nothing to remind American fighting men either that it was Easter Sunday or All Fools Day.

This ship's Navy chaplain, Curtis Junker, concluded a week of daily services with Easter eve rites Saturday night in preparation for the dawn attacks.

Chaplain Junker said "the operation was planned far in advance, with the planners probably unaware that the final date chosen happened to be Easter Sunday. It is a sad circumstance but is an unavoidable part of war."

Junker, a native of Emery, S. D. formerly of Madison and Watertown, also in South Dakota, and who served at St. Thomas' Episcopal church in New York, devoted his services Easter Sunday to attending to individual needs.

Heading the Army and Marine chaplains going ashore with the troops was the 10th Army Senior chaplain, Col. Roy Hillery, 50, former Hiawatha, Kas., Baptist minister. His wife and five children reside in Carmel, Calif.

German General Accused Of Threatening Families Of Soldiers Who Desert

LONDON, April 1. — (AP) — The Moscow radio accused Field Marshal Wilhelm Keitel today of threatening reprisals against the families of German soldiers who surrender.

"An order signed by Keitel on Hitler's behalf, threatening surrendering Germans with reprisals against their families, has been found by troops on the First Ukrainian front among the captured documents of a German army division," said the broadcast of a frontline dispatch to the Russian newspaper Pravda.

KEITEL GARDENING HAND IN MINNEAPOLIS, Minn., April 1. — (AP) — Her husband's love of garden-fresh vegetables has prompted Mrs. Marie Lorch of Minneapolis to airmail him seeds for a Victory garden in the Southwest Pacific. Her husband, Seaman Second Class Donald Lorch, is stationed on the largest of the Marianas Islands, where vegetables grow rapidly. Seaman Lorch's last letter said he was planning to begin planting.

YANKS CELEBRATE EASTER OVERSEAS

JERUSALEM, April 1. — (AP) — Standing reverently in the "Jesus Tower" overlooking this Holy City and the surrounding barren hills of Judea, American soldiers today observed the Easter morn with their own religious services.

After the sunrise worship, which was relayed by radio to the United States, the soldiers visited the Holy Sepulchre in the old city. Some American fighting men attended another sunrise service before the tomb and others made a pilgrimage to the Garden of Gethsemane.

VATICAN CITY, April 1. — (AP) — Thousands of Allied troops—numbering the Italian civilians present—attended two Easter masses celebrated simultaneously in the great Basilica of St. Peter today. Also attending the services were many members of the Brazilian Expeditionary Force and a group of United States sailors.

STILL MASSIVE Although it has been losing weight at the rate of 300,000,000 tons every minute for millions of years, the mass and power of the sun have not been appreciably diminished.

NEWTON'S CATS Sir Isaac Newton, English mathematician, cut two holes in his door for his cats: large one for the mother and a small one for the kittens.

Brazilian Police Head Lifts Lid For Nation's Celebration Of V-E Day

RIO DE JANEIRO, April 1. — (AP) — Brazilians were assured today by Joao Alberto Lins de Barros, federal chief of police, that they could celebrate to their hearts' content when the European war ends.

The police head said Brazilians "would be given ample liberty to manifest themselves" and there would be no special police squads or restrictions. Bars, restaurants and cafes can remain open.

Japs Claim Damage To Lone Superfort

SAN FRANCISCO, April 1. — (AP) — The Japanese radio claimed without confirmation today that Nippon naval airmen badly damaged an American Superfortress near Tokyo this morning (Japanese time).

The agency Domei said the B-29 was intercepted after bombing in the Tokyo-Yokohama area. The Yank plane, it added, trailed "black smoke. It is judged this enemy plane failed to return to its base."

Panama Canal Officials Silent On Sabotage Plot

BALBOA, C. Z., April 1. — (AP) — Headquarters of the Panama Canal Zone today declined to comment on a report from Santiago, Chile that a Nazi sabotage ring had planned to blow up the Panama Canal.

The Santiago newspaper La Nacion said that seven members of the ring had been arrested and that the saboteurs had planned to destroy the canal with an explosive-laden ship.
