Lawmaker Urges Probe Of Everglades Rubber

WASHINGTON, April 1.-(A)-A government investigation of reported rubber growths in Florida everglades was proposed today.

Rep. Rogers (D-Fla.) asked Secretary of Commerce Henry Wallace to make the inquiry as part of his program to find postwar jobs for 60,000,000 men. "It appears that there are great

possibilities in the growing and culture of rubber in this area," Rogers wrote Wallace. "The thought occurred to me that in a postwar program which

is being discussed and developed your department that there might be included a thorough investigation of the possibilities and feasibility of making this a major project.'
